### WHITMAN DEFEATS THE MILTON TEAM

BASKETBALL GAME IS LOST BY A SCORE OF 54 TO 4

Woodshed on Mrs. Gibson's Property is Nearly Destroyed by Fire; Columbia College Gives Its Third Student Recital.

(East Oregonian Special.) MILTON, Dec. 25.—Whitman basketball team defeated Milton high school team. The local team put up a good fight but were outclassed in speed and lack of practice. The lineup for Whitman was: Dement, center; Cutler and Chrin, forwards; Botta and Peterson, guards. The Milton line-up was: Sikes and Hudson, forwards; Crimmins, center, guards; Carke and Blackman.

A second game was played also between Milton high school seconds and a picked team from the "Y. M. C. A." The latter were victorious by a close score of 15 to 10. Mrs. Gibson's woodshed and smoke house were nearly destroyed by fire last night. The fire is supposed to have started from leaving a fire in the stove which was used the day before in the smoke house smoking meat. The loss was not very great. Mrs. Gibson lost two or three cords of wood, one or two tons of coal, five sacks of wheat, and two hogs which they had in the smoke house. The damage would have been greater if there hadn't been running water near it was out of reach of the city

hose. Mrs. Gibson is visiting her daughter in Washington and therefore had no knowledge of the fire. The Columbia college of Milton gave its third students' recital in its auditorium Thursday evening. It was a great improvement over the one given a month ago. Mrs. W. R. Reizer and children have returned from Philadelphia where they have been visiting relatives. And reported a fine time. Mr. Muselman of Preewater, is the owner of a new Ford. Mrs. J. M. Doney of Milton has left for Chippewick, Montana, to reside. G. H. Bishop and Hugh Murray have left for Tennessee and other eastern states. They will also visit at Washington, D. C.

### REAL CHRISTMAS "FEEDS" FOR AMERICANS ABROAD

Embassies Germany, Austria, Bulgaria and Turkey are Sent Boxes of Food From U. S. BY WILBUR S. FORREST. (United Press Staff Correspondent.) LONDON, Dec. 1.—(By Mail)—Notwithstanding war food scarcity, food tickets, meatless days and fatless weeks, there will be real American Christmas dinners in Germany, Austria, Bulgaria and Turkey this year. Thanks to Uncle Sam, his diplomats and employees generally in the warring "foodless" nations will enjoy real turkey, cranberry sauce, oysters, pumpkin pie, etc., on Dec. 25—all direct from America. Somewhere on the Atlantic today, or perhaps on the North Sea, by now are big steel boxes closed with the formidable seal of the American eagle, enroute to Uncle Sam's diplomatic and consular

folks in the Central Empires and smaller allied states. A Christmas dinner for these "orphans" is no small job. Ambassador Gerard and his staff, in Berlin, together with the various consular representatives scattered throughout Germany many number more than 150 mouths. American official dependents in Austria and Hungary are equal in number to those in Germany and in Bulgaria and Turkey they amount to 75, making 375 in all. This means that some of the 375 have families and the American state department must provide Christmas eats for all. American embassies in London and Petrograd, where food is not so scarce, will have to provide their own Christmas feasts. Before the high price of food became a factor in England, Ambassador Page used to act as wholesale grocer for his compatriots in the Central Empires. The food was bought in England and shipped via Holland finally British prices became too much for Jeffersonian simplicity and Ambassador Page suggested to Washington that the "entorine" could better be done from America direct. A month ago orders from Berlin, Vienna, Budapest, Sofia and other points began to sound like Xmas. There were appealing references to real turkey, sage and oyster dressing, candied and other requisites which a Christmas dinner cannot be without. These orders reached America in plenty of time. The ship captain who has them in charge on the way to Europe has been requested to ask any submarine commander he happens to meet to "have a heart." Even a poor man who hasn't a dollar may be well off as long as he remains single.

### SPRING LIKE GEYSER.

Flows Very Strong for Twenty Minutes and Then Rests. LARAMIE, Wyo., Dec. 23.—Upon his return from an inspection trip in Wyoming, A. C. McCain, assistant district forester, reported that he had rediscovered a strange geyser-like spring of clear and cold water about seven miles from Afton. The spring flows with great volume for twenty minutes and then ceases for the same length of time. This spring furnishes about half the volume of Swift Creek, and played a great part in the failure of the sawmill enterprise several years ago, according to Mr. McCain.

### ARCHDUKE CHARLES BECOMES REGENT OF POLAND

A settler established a mill on Swift creek. When he turned the water into the millrace his troubles began. For twenty minutes the volume was sufficient to turn the wheels and then for the next twenty minutes everybody was idle.

ARCHDUKE CARL STEPHEN

Archduke Charles of Austria, who has been selected as regent of the newly formed Kingdom of Poland with the possibility of later election as king. The archduke has possibly more claim to the honor than any other Teuton royalty. In view of the fact that his two daughters are married to members of the Polish aristocracy, Prince Radzivil and Prince Cartoryski.
