THE POWER OF LOVE

O Love, by no mortal overcome in the fray,
Who makest of men thine appropriate prey?
Who keepst thy vigil at night,
In a girl's cheeks, rosy and bright,
Who roamest abroad o'er the sea,
Or the fields where the huts of the laborers be;
And none can escape thee neath heaven's high dome—
But thou drivest him mad who shall give thee a home!

CAN THEY CONTROL THE PRICE

THE food controller in England has fixed a maximum price at which English growers must sell their wheat. It is a price of 60 shillings for 504 pounds. Reduced to American terms this means approximately \$1.73 per bushel for wheat grown in England. If English growers can obtain such figures for their wheat they certainly will have little to complain about. Yet even then the price will be well under the price consumers in England will have to pay for wheat purchased in America. At the present time the highest price quoted in Liverpool is \$2.60 per bushel.

THE DRY LAW LESSENS CRIME

IN his message to the legislature Governor Withcombe presented some data that will be of interest to those who are interested in the workings of the prohibition law: The penitentiary budget is based upon an estimated average population of 500. It is now apparent, because of the considerable decrease in commitments following the passage of the prohibition law, that the population will not average over 450, so that the suggested saving can readily be effected.

mates by 50 it will reduce the maintenance cost something like \$10,000 a year. If those 50 men are worth \$75 a month then their earning power, out of jail, is \$45,000 for one year. In jail they are a liability, as freemen they are an asset to society.

WAR'S MONEY COST

THE public debt of the principal nations at war is estimated by the Federal Reserve Board at \$49,000,000,000, according to a financial writer. This is about one-sixth of their national wealth, as reported before the beginning of hostilities. It is rising steadily at the rate of \$100,000,000 a day.

As the principal creditor nation, the United States has a profound interest in the finances of the belligerents, and the Federal Reserve Board performs an important public service when from time to time it calls attention to the facts. That the point of exhaustion of credit as well as of men has not yet been reached is evident, but it would be madness to assume that the present waste of life and treasure can go on indefinitely.

The problem before this legislature will be how to meet the wishes of a champagne appetite on a root beer income.

When you leave your car standing on a grade it is a pretty fair plan to put it in reverse and not rely entirely on brakes.

After Wall street has gotten through with its investigation of Washington it may be in order for congress to make some inquiries as to the stock exchange.

28 Years Ago Today

(From the Daily East Oregonian, Jan. 9, 1889.) Mrs. Mattie Ladow left Sunday evening for California, taking with her her son Louis whom she will place in some good school not yet decided on. Mr. James Drake is an applicant for the Pendleton postmastership. He is an old soldier and served his country well during the war.

TAKES HIS AUDIENCE "TO HELL AND BACK"

DR. HINSON PREACHES POWERFUL SERMON AT BAPTIST CHURCH LAST NIGHT.

Downward and Upward Steps of St. Peter Are Clearly and Forcefully Depicted Application is Then Made to Christian Lives at Present Time.

E. R. C.

"To Hell and Back" was the topic of Dr. Hinson's sermon last night. The text was Mark 16:7, "And Peter, we give briefly the thought."

Peter after three years of companionship with Jesus by a sad and bitter experience went to hell and came back.

The first step in the downward course was, "He followed afar off." Distance from Jesus is nearness to peril. If you would dwell in safety, keep close to Jesus.

Jesus told them in that night, "I am your shepherd but tonight the Shepherd will be smitten and you the sheep will be scattered. Peter's answer was, 'Lord I am not going to leave you.' Peter, it is night now and ere long the cock is going to crow, but before it does you will have denied me three times. But Peter was emphatic and said, 'I may die with you but I will not deny you. And he meant it, too. Peter was not a hypocrite. You can't make a hypocrite out of that kind of a temperament. A hypocrite must be cool, calculating, careful.

Peter was worn out. That was a strenuous time before the crucifixion and Peter followed afar off. I want you to learn the lesson. Distance from Jesus in nearness to peril for you as it was for him.

His second step, Peter warmed himself and he was doing it at the enemy's fire. He was trying to keep in touch with Jesus and make friends of the world, too. What a spectacle the church makes when she tries to hold on to Christ with one hand and the world with the other. Spurgeon was asked about the card playing and dancing Christian and he replied, "I think the devil has a perfect right to all that he catches on his own ground." And these are the devil's grounds.

The world hates a hypocrite but it respects a true Christian. You can't descend to the world and save the world. When a Christian stands in the mire of the world he can't lift the world up.

Learn this lesson. If you think more of yourself than you do of Christ you are in great peril. Peter forgot Jesus because he was thinking of himself and was in the wrong company.

Third step. Peter sat down with them. The backslider gets on familiar terms with sinners. While Peter was sitting there a girl came along and said, "You are one of the disciples." He said "I am not." A lie. Then came a man and said, "I saw you in the garden." "I was not there." "Your speech betrays you." And he began to curse and swear and deny. A lapse into an old habit. When you backslide you take up the familiar sins of former days. One sin calls on another. Let him that thinketh he standeth take heed lest he fall.

The first step up. He looked at Jesus. Now if he had done that at the first he would never have denied him. When he looked at Jesus and Jesus looked at him his heart broke and Peter went out and wept bitterly. That saved him.

I am presenting to you tonight the gospel of the second chance. It is in this world, not in the next. There is no new chance in the world to come. The world gives no second chance. If I got drunk tonight they would forget all about my record and never restore. God's gospel is different. He gives more opportunity. Now if you have strayed like Peter, come back like Peter did.

Hear Dr. Hinson tonight. The meeting commences at 7:30 but come early and enjoy the song service at 7:15.

Misery in Back, Headache and Pain in Limbs.

Dear Mr. Editor—For more than a year I suffered with misery in the back, dull headache, pain in the limbs, was somewhat constipated and slept poorly at night until I was about ready to collapse. Seeing an account of the wonderful qualities of "Anurie," prepared by Doctor Pierce, of Buffalo, N. Y., I sent for a box, and before using the whole box I felt and still feel improved. My sleep is refreshing, misery reduced, and life is not the drag it was before. I most cheerfully recommend this remedy to sufferers from like ailments.

Yours truly, W. A. ROBERTS.

Note: You've all undoubtedly heard of the famous Dr. Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists of Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles.

Up to this time, "Anurie" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing Tablet, Dr. Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.

I know of one or two leading druggists in town who have managed to procure a supply of "Anurie" for their anxious customers in and around this locality. If not obtainable send one dime by mail to Dr. Pierce for trial package or 50 cents for full treatment.

EDITOR—Please insert this letter in some conspicuous place in your paper.

Pendleton's Proposed Mausoleum Living Without Worry Insuring your house does not prepare it to burn, but does prepare you to live without worry as to the every-present possibility of its destruction by fire. Providing Mausoleum protection is not preparing to die. It is preparation to LIVE WITHOUT WORRY as to the ever-present possibility of loved ones dying and being dishonored by grave or furnace violence. Neglect to provide insurance for the home or disposition in advance of death is a mean characteristic, forcing upon friends and relatives the performance of unpleasant duties in time of loss and bereavement. The revenge of neglect is merciless, and it follows the unprepared. Will YOU prepare or not? In the calm of health consider and choose. Intelligent investigation must precede decision. You cannot afford to spend a moment in gloomy contemplation of death; but you can afford to devote a day to the discovery of peaceful living by preparedness. The "some day" person is a slave to Foreboding. The "today" individual has banished this destroyer of Peace. Which are you? MAGNIFICENT, PERMANENT, SANITARY, NON-SECTARIAN, NON-TAXABLE, PERPETUALLY MAINTAINED. Mausoleum to be erected in Olney Cemetery. Do not delay making reservation. Portland Mausoleum Co. CHAS. J.
