COMB SAGE TEA INTO GRAY HAIR

DARKENS BEAUTIFULLY AND RESTORES ITS NATURAL COLOR AND LUSTRE AT ONCE.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

TAKE A GLASS OF SALTS TO FLUSH THE KIDNEYS IF YOUR BACK HURTS

ADVISES POINTS TO OVERCOME KIDNEY AND BLADDER TROUBLE WHILE IT IS ONLY TROUBLE.

Making meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four

SAVE PRELATES IN MEXICO. ALBANY CATHOLICS DEMAND

2,000 in Cathedral Shout Indignation When Told of Peril of Archbishop of Guajalajara.

ALBANY, Jan. 29.—Jumping to their feet and shouting their indignation, 2,000 men representing the Holy Name societies of Albany made an unusual demonstration in the Catholic Cathedral here today when Bishop Thomas F. Cusick read a telegram from the Catholic Extension Society of America stating that the lives of two Catholic prelates were in jeopardy in Mexico.

RESOLUTION CALLING UPON NEW YORK REPRESENTATIVES IN CONGRESS TO PROTEST TO THE PRESIDENT AGAINST THE ARREST AND COURT MARTIAL OF THE TWO PRELATES WAS ADOPTED WITH YELLS OF APPROVAL.

The telegram read by Bishop Cusick stated that the Archbishop of Guajalajara and the Bishop of Zacatecas were arrested in Mexico and were in grave danger, and that any influence that could be brought to bear on senators and congressmen might save their lives. "Telegraphic action only chance," concluded the message.

Bishop Cusick said the two men had left Mexico and had spent two years in the United States. They returned a short time ago, having received assurance from Carranza that religious liberty had been restored.

PENDLETONIANS GIVE WILD WEST THRILLS

ST. PAUL, Feb. 2.—If St. Paul lacks the least detail of the true western spirit it will be the Pendleton, Ore., Round-Up's fault.

Riding to the Union Depot late yesterday to meet some belated friends a broncho buster spied an individual emerging from the Afro-American club and encircled him with his lasso. The captive resisted and seemed so likely to escape that the other punchers rushed to the rescue, and soon had fifteen ropes around the unfortunate.

A short time later the Round-up appeared at the Athletic club and required F. C. Sorenson, a member of the staff, to dance to a pistol accompaniment.

While seeking refreshments later they indignantly shook the dust on two buffets before they finally found with portals generous enough to permit them to ride in on horseback.

REPORTS PETROGRAD FAMINE.

Poor Railroad Facilities Causes Shortage of Food There and in Moscow.

LONDON, Feb. 2.—Russia is experiencing famine in the midst of plenty, according to an undated article in the Times from a correspondent in that country. The article refers chiefly to Petrograd and Moscow.

The writer believes that there is enough food in Russia to supply the entire population for two years, but owing to the inadequacy of the railroads the lack of organization and co-ordination in distribution the people in some districts find it difficult and even impossible to get supplies.

COLD HAMPERING LAND AND SEA OPERATIONS IN EUROPE

Ice Choking Northern Ship Passages—Some Vessels Fast; Severe Weather in British Isles.

LONDON, Feb. 2.—The increasing cold is progressively hampering and sometimes halting movements both on land and sea in Europe.

Several Danish and Swedish harbors in the Cattegat and Baltic are becoming choked with ice around the skaw, reaching to a very considerable distance seaward. Some small vessels are icebound off Denmark and the Danish lightships have been withdrawn. The great belt, little belt and sound are all threatened with closure. It is reported that the southern sound is already frozen over.

Operations in Roumania are reported to be virtually impossible owing to the weather. The Times correspondent says that Germans recently captured wore summer outfits and that some of them had died on the way to internment camps.

A piercing frost, accompanied by wind, has continued for many days in the British Isles. There has been an exceptional snowfall in Ireland, exceeding the record of 25 years.

W. C. T. U. WANTS GRAPE BUSINESS INVESTIGATED

SACRAMENTO, Jan. 30.—The state board of viticulture as directed in a bill prepared by officers of the Women's Christian Temperance Union, presented in the legislature today by Assemblyman Pettit of Fresno county, to give attention to the question of what uses can be made of wine grapes should the manufacture of wines containing alcohol be prohibited.

The bill further directs the board to investigate methods of how wine-grape vineyards may be transformed into other uses in the event of prohibition.

The board shall do all in its power," the bill reads, "to find uses for grapes which will be profitable to the growers without being harmful to the commonwealth."

Cancer being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Cathartic Cure is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Broom Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.
