APPLE FRITTERS.
 Pare the apples and punch out the cores with a sharp round tin apple corer. Cut each apple into three slices crosswise so that each piece will be a circle with a hole in the center. Dip these pieces of apple into a batter made as follows: Two eggs, one-half pint of milk, one tablespoonful of butter (melted) and about one pint of flour. Salt and fry in boiling fat. Sprinkle with sugar and serve on a hot dish. This batter is nice for all kinds of fritters.

FRICASSED OYSTERS.
 Cook together a tablespoonful of butter and two of flour. Upon them pour a half pint of milk and continue to stir constantly until a smooth thick sauce. Turn in a solid pint of oysters and cook for about four minutes, or until the gills of the oysters begin to curl, an unfailing sign that they have cooked enough. Put in then half a teaspoonful of salt, a salt-spoonful of white pepper and three grates of a nutmeg. If the sauce seems too thick after the oysters have been in three minutes put in a couple of tablespoonfuls of cream. Serve as soon as cooked, for the oysters toughen by standing.

SPINACH SOUFFLE.
 Rub two cupfuls of cooked spinach through a sieve, add one cupful of white sauce, salt and pepper to taste and the white of three eggs beaten to a stiff froth; put the mixture in buttered timbale cups. Set the cups in a pan of hot water and bake in a moderate oven for one quarter of an hour. Before serving sprinkle the top of each with chopped parsley and a rice yolk of hard cooked egg.

COOKING CARROTS.
 Cook carrots in the following way: Slice them very thin, put them into a pan with enough butter to fry them; let them cook in this butter for about fifteen minutes; then add a tablespoonful of water; as this water boils away, add another; continue to add water until the carrots are done. Add to this a cream dressing and they are ready to serve.

HEALTH AND BEAUTY.
 The best manicure acid is made by putting a tablespoon of lemon juice in a cup of hot water. It removes stains from the fingers and nails and softens the cuticle about the nails in a satisfactory way.
 For those complexions that cannot stand soap upon them almond meal will be found an excellent substitute. It should be used with warm water and is not only cleansing but refining to the skin.

Wash for weak, tired or inflamed eyes: Fifteen drops of spirits of camphor, one teaspoonful of boracic acid, two-thirds of a cup of boiling water. Cool and strain through muslin. Use twice a day with an eye dropper or apply with absorbent cotton.

GLOVES FOR WORK.
 No matter how many patented helps to your work you may possess, don't neglect to have a pair of good rubber gloves. These gloves may be obtained in any length, from those that are quite short to the ones that come up to the elbow. Unless they are constantly worn the nails will never be in good condition if much housework is done and the hands become grimy and altogether unattractive looking.

WORMS EASILY REMOVED.

Quickly and safely kill and remove the worm from your child's system with Kickapoo Worm Killer. This pleasant candy laxative in tablet form quickly relieves the trouble and your child brightens up. 12 BALDHEADS DECIDE.
 LYNN, Mass., Jan. 30.—In a hair restorer case, heard today before Justice Callahan in the Essex superior court, the jury was made up of twelve baldheaded men.
 James Cole of this city, plaintiff, testified that he bought stock in the concern and found that it was not worth the value represented to him by the defendant, F. Howard Dunn, treasurer of the company, who is absolutely free from hair above the eyebrows. Cole asked \$500.
 The twelve bald-heads in the box stood by their brother in misfortune and gave their verdict in his favor.
