PASTOR BUILDS CHURCH IN THE TRENCHES

This French padre is rector of the quaintest and most unique sort of church on the Somme front. The church is built in a firing trench near Comblis and is protected from the enemy attack by bags filled with earth. It is comparatively bomb-proof. The exterior is not devoid of religious suggestion. Over the doorway is a roughly carved bell and a bell hangs in the steeple and perhaps announces the hour of devotion when the wind is not blowing in the direction of the enemy trenches. In a miniature niche stands a very small statue.

Daily Chats With the Housewife

VEAL BALLS.
Eight ounces of cold cooked veal, three ounces of bacon fried, two table-spoonfuls of cream, three ounces of grated roll, one table-spoonful of chopped parsley, pepper and salt, Pass the meat and bacon twice through the mincing machine. Stir grated roll in to cream, add egg, salt, pepper and parsley and lastly the meat, mixing all thoroughly. Form into balls the size of a nut, boil for five minutes in soup and serve hot.

CHEESE SOUFFLE.
Grate a half pound of Gruyere cheese. Mix in a cupful of milk a dessert spoonful of flour; beat four whole eggs and add first the cheese and then the flour and milk mixture. Season with pepper and salt and put all into a mold. Let it cook in a saucepan of boiling water for an hour and a half. Then at the end of this time put it in the oven for half an hour.

BREAD AND PARSLEY OMELET.
Soak six table-spoonfuls of grated bread crumbs in six table-spoonfuls of cold milk for ten minutes and season with one-half table-spoonful of salt and one-eighth of a table-spoonful of paprika. Separate the whites and yolks of three eggs and beat until light. Add the crumbs and milk to the yolks with two table-spoonfuls of chopped parsley and fold in the stiffly whipped egg whites. Heat in an omelet pan two table-spoonfuls of butter; turn in the omelet mixture and cook over a moderate heat until well risen. Loosen the sides of the omelet from the pan with a cake turner, turn over into a neat half circle, brown for a couple of minutes on the under side and serve inverted on a hot platter. Garnish with crisp greens and slices of broiled tomatoes.

PARCHED RICE WITH TOMATO SAUCE.
Pick over 1 cup rice and add slowly to 2 quarts boiling water, to which is added 1 table-spoon salt. Boil 25 minutes, then drain, and pour over 1 quart hot water. Return to kettle in which it was cooked and let stand until cool and dry. Heat an iron frying pan, add 2 table-spoonfuls butter and, when melted, add rice, and cook until rice is slightly browned, stirring lightly with a fork. Put in a hot serving dish, pour over 1 cup hot tomato sauce and sprinkle with 1-2 cup grated cheese, lifting rice with fork, that sauce and cheese may coat each kernel. Serve at once.

PEACH TRIFLE.
A "quick luncheon" dessert is prepared as follows: Cut circles from pieces of stale sponge cake and place 1-2 a canned peach on each circle, with the center turned upward. Place a maraschino cherry in the center, over which pour 2 table-spoonfuls of whipped cream and sprinkle the top with 1 table-spoon chopped nut meats.

BEEF TURNOVERS.
Chop the tough end of the flank steak with the dressing finely and moisten slightly with brown gravy or a little brown sauce. Add an extra seasoning of salt, pepper, 1 table-spoon mushroom catsup, a few chopped button canned mushrooms, and a little minced parsley. Roll out on a pastry board a thin sheet of pastry, cut into rounds and place 2 table-spoonfuls of the mince in the center of each. Form into turnovers, crimp the edges of paste together, brush over with beaten egg mixed with cold water, and bake in a quick oven until crisp and brown.

PARIS LACKS COAL; TALK OF A REVOLT

Swollen Seine Causes Shortage During Coldest Winter in Three Years.

PARIS, Jan. 31.—The coldest weather Paris has experienced in three winters of war has come just when the lack of coal is most acute, owing to the swollen condition of the Seine for the last few weeks. The river has flooded the banks and docks swept over the locks and paralyzed canal boat traffic.

The weather is colder than ever today, with no abatement in sight, says the weather bureau, but the Seine having fallen to nearly normal level, permitting river traffic, the authorities expect greatly to increase the city's available coal supply. They hope to start tomorrow.

The first demonstration for coal occurred yesterday. Workers having no coal in their homes paraded through the city, passing the place de l'Opera. The police were passive, as the paraders were orderly.

Minister Clavelle of the department of public works has ordered increased supplies of coal delivered to the city commencing today. The reserve supply will be drawn on if the receipts do not exceed the normal.

Responding to the demand of various deputies, Minister of Transportation Herriot has announced that he will answer all questions concerning the means taken to bring coal to Paris in the chamber of deputies on Friday.

Many a poor man might acquire wealth by utilizing the time he wastes in bemoaning his luck.

Love is a wonderful thing, yet there are people who would rather marry for money.

PARIS LACKS COAL; TALK OF A REVOLT

PARIS, Jan. 31.—The coldest weather Paris has experienced in three winters of war has come just when the lack of coal is most acute, owing to the swollen condition of the Seine for the last few weeks. The river has flooded the banks and docks swept over the locks and paralyzed canal boat traffic.

The weather is colder than ever today, with no abatement in sight, says the weather bureau, but the Seine having fallen to nearly normal level, permitting river traffic, the authorities expect greatly to increase the city's available coal supply. They hope to start tomorrow.

The first demonstration for coal occurred yesterday. Workers having no coal in their homes paraded through the city, passing the place de l'Opera. The police were passive, as the paraders were orderly.

Minister Clavelle of the department of public works has ordered increased supplies of coal delivered to the city commencing today. The reserve supply will be drawn on if the receipts do not exceed the normal.

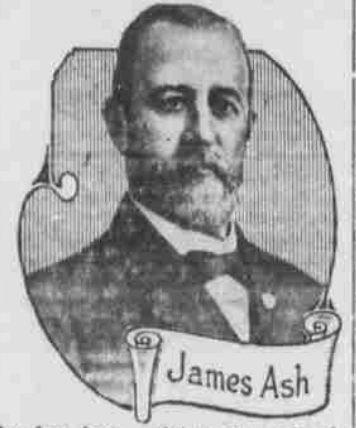

Responding to the demand of various deputies, Minister of Transportation Herriot has announced that he will answer all questions concerning the means taken to bring coal to Paris in the chamber of deputies on Friday.

Many a poor man might acquire wealth by utilizing the time he wastes in bemoaning his luck.

Simple Laxative Remedy Best for Constipation

DR. CALDWELL'S SYRUP PEPSIN GAVE SATISFACTION WHEN NOTHING ELSE WOULD.

Nearly every one, at one time or another, suffers from constipation, or inactive bowels, and one of the few conclusions upon which the doctors agree is that regularity of the bowels is an essential to good health.

In the family medicine chest of most well-ordered households will be found one or more of the various remedies recommended for the relief of constipation. In the majority of homes today the combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin is recognized as the standard laxative. Druggists everywhere report a constantly increasing demand for this splendid remedy which is sold for fifty cents a bottle.

Mr. James Ash, 102 Green St., Cumberland, Md., wrote to Dr. Caldwell that he found Dr. Caldwell's Syrup Pepsin the most effective remedy for constipation he had ever used and that he always keeps a bottle of it on hand for use when necessary.

Dr. Caldwell's Syrup Pepsin is a mild laxative, and does not gripe or strain, but acts gently and brings relief in an easy, natural manner. Its

freedom from opiates or narcotic drugs makes it the ideal family laxative.

To avoid imitations and ineffective substitutes be sure you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

TOWN OF UMAPINE PUT INTO POETRY

H. A. Noyes, well known resident of the east end of the county, has put the new town of Umapine into poetry. The beauties and advantages of the community that took its name on an Indian chief is told in the following lines:

UMAPINE.
Where late the Indian warrior's feet
Made dusty paths through sage brush
ETRY,
Where coyote chased the rabbit fleet
And desert reigned with dismal sway.

Now blooms the fairest vale of all
Old Oregon's wide spread domain
Here meadow's lower and streamlet's fall
While shining homes adorn the plain.

Here strawberries bright and cherries rare
And purpling prunes and apples tart
With blossoms sweet perfume the air
Then charm the eye and swell the heart.

Here peaches mellow in the sun,
Delicious watermelon, too,
While day by day the light streams in
From o'er the mountains dark and blue.

In honor of the vanished race
Whose heritage is mine and thine.

NO HOUSEMAIDS ON SUNDAY.

CHICAGO, Jan. 30.—No housemaid on Sunday. This is the latest thing in reforms. The Illinois Legislative Women's congress, in its final session, indorsed a women's eight-hour day and six day week. When the proposition was brought up, miladies paused and reflected that the indorsing of the resolution would mean the advocating of something which, if carried out by the legislature, would mean cold Sunday dinners and supper, unmade beds and unwept floors—in short, no maids on the Sabbath. Argument followed.

It was A. B. Farwell who turned the tide. Mr. Farwell, commanding silence by thrusting his black gloved hand into the air, declared:

"You talk of not having enough milk over Sunday. Well, I was a milk wagon driver once. Let the housewife fill up her ice box with enough milk to last—and that difficulty will be passed."

No Destroyer's Sent Out.
WASHINGTON, Feb. 2.—The navy department officially denied the report that destroyers were sent to various ports along the coast to enforce neutrality.

SCHUMANN-HEINK TO HEAD MUSICAL FESTIVAL

Will Give Festival of Not Less Than Five Performances in July.

SAN DIEGO, Cal., Jan. 30.—The San Diego Musical Festival association has been formed here, with Mrs. Ernestine Schumann-Heink as president, to give a musical festival of not less than five performances every July at the Spreckles outdoor organ in the exposition grounds, Balboa Park.

Soloists, conductors and musicians will be brought here to take part in these performances and operas will be given in a natural setting. The singer has carefully planned out all the details of the artistic side of the project and will give her own services. She has deposited \$10,000 in a San Diego bank as her portion of the guarantee of the festival this year. John D. Spreckles and other prominent San Diegans are supporting the scheme financially, also.

Young American singers will be given an opportunity in minor roles and local musicians will be employed in the choruses and orchestras. These will be trained by Anton Hoff, who has trained and conducted choruses at Bayreuth and at the Metropolitan. Mr. Hoff will come to San Diego next April to make his home here and to be resident conductor and choirmaster.

It is Mrs. Schumann-Heink's idea to have these performances begin late in the afternoon, probably about 4 o'clock and continue through the evening, with an intermission of an hour and a half or more for dinner. The festival this year will cover three and possibly four days. According to the outline just announced by Mrs. Schumann-Heink, on the first day there will be given an all-Wagner program of excerpts from Wagnerian operas.

The second day's program will comprise a complete performance of Humperdinck's "Hansel and Gretel" and on the third day there will be a symphony concert with noted soloists.

Mrs. Schumann-Heink hopes there will be a fourth day on which "Hansel and Gretel" will be repeated for the benefit of the children of San Diego.

The festival will not be operated for profit, and the prices charged for seats will be worked out so as to give as near to the actual cost of operation as can be calculated.

COUNSEL FOR LEAK INQUIRY.

SHERMAN L. WHIPPLE

These automobilist who break the fire plugs ought to be compelled to drink up the consequent flow.

Lunch counter patrons already are organizing the annual spring drive on the succulent rhubarb pie.

Sherman L. Whipple, just chosen counsel for the committee of the house of representatives in the "leak" investigation, is a leading New England lawyer who has had many important cases. He is distinctly a trial lawyer. Mr. Whipple was born in 1862. He is a graduate of Yale and he has practiced law in Boston for more than thirty years.

RICH ADD TO GERMAN WANT.

BERLIN, Germany, Jan. 31.—The advisory committee of the war food bureau has finished a two day session devoted to a general review of the food situation. A detailed statement in regard to conditions throughout the empire was made by Adolph von Batoeki, president of the food regulation board.

Herr von Batoeki said that the chief difficulty lay in the shortage of the potato crops, enhanced by transportation troubles. He said that although the grain crops had been better than in 1916, the total nutritive value of the grain and potatoes together was smaller and economical feeding was necessary to carry the population to the end of the crop year.

Considerable supplies are available in Rumania, according to Herr von Batoeki, but shipments cannot be made in the quantities needed, hence actual supplies are short, and rigid organization of distribution is necessary.

Herr von Batoeki complained that the situation was aggravated by the richer people, who bought what they wanted underhandedly and thus thwarted the work of the food office. Herr von Batoeki assured the com-

mittee that through economies now enforced, the grain supply will last until the new crop. The war office is trying to supply the farmers with the needed laborers, material and work animals.

Rheumatism attacks the "outside" man. Pains and aches stiffen his joints and muscles and reduces his efficiency. At the first twinge get Sloan's Liniment, easy to apply, it penetrates without rubbing and soothes the soreness.

After that long drive or tedious wait in the cold rain apply Sloan's Liniment to those stiff fingers, aching wrists and arms.

For gout, neuralgia, toothache, bruises, sprains, cold feet, it is promptly effective.

At all druggists, 25c, 50c, and \$1.00.

Denie's Repairing Wireless.

NEW YORK, Feb. 2.—It was reported that sailors interned on the German liner Willhad, the submarine mother ship, were repairing the wireless. Officials immediately rushed a launch to investigate. The captain denied, saying he was mending the funnel. Federal authorities dismantled the Willhad's wireless previously.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use.

5,000,000 Corns Lifted Right Off!

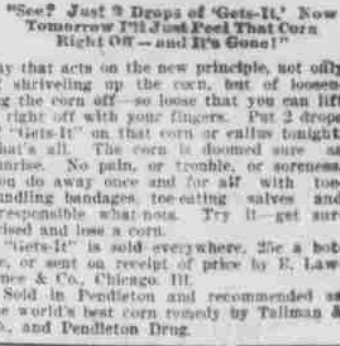

Try 2 Drops of Marble "Get-it."

There's a wonderful difference between getting rid of a corn now and the way they used to try to get rid of it only four or five years ago. "Get-it" has revolutionized corn history. It's the only corn remedy to-

day that acts on the new principle, not only of shirring up the corn, but of loosening the corn off—so loose that you can lift it right off with your fingers. Put 2 drops of "Get-it" on that corn or callus tonight. That's all. The corn is doomed sure as sunrise. No pain, or trouble, or soreness. You do away once and for all with those binding bandages, toe-cutting salves and irresponsible what-nots. Try it—get surprised and lose a corn.

"Get-it" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Pendleton and recommended as the world's best corn remedy by Tallman & Co., and Pendleton Drug.
