## OFFERS \$100 REWARD FOR AUTO THIEVES

Fred W. Vogler, Head of Northwest Auto Co., Will Pay \$100 for Arrest and Conviction of Any Person Stealing Any Car Purchased of His Company or Dealers.

Here is a chance for detective, amateur or professional, to make some money. Fred W. Vogler, head of the Northwest Auto Co., of Portland and who is attending the Pendleton Automobile Show, announced yesterday that he would pay a reward of \$100 to anyone securing the arrest and conviction of any person stealing any car purchased from his company or from any of its dealers. The company handles the Marmon and Reo, of which the Pendleton Auto Co., is local agents, and the Cole and Dorr which the Allen-Knight Co. handles locally.

"The stealing of cars and accessories is something that has to be curbed for it is daily rising to greater proportions," declared Mr. Vogler. "Of course, it is realized that many cars are taken by boys and young men as a sort of a joke but it seems to me that it is a very poor one. A man's property is involved, whether it be \$100 or \$1000. In the early days of the northwest, a man who played that sort of a joke with a horse or cattle was tied to the wrong end of a rope and pulled over the nearest telegraph pole.

"Our young men should be made to realize that the private property of car owners is not the plaything for their whims of the moment. They should be dealt with in a manner which will impress them with the gravity of their conduct and when it comes to the organized crook or circle, drastic measures should be taken.

"I am serious about this thing and I am going to do everything I can and am going to use my influence with friends to see that this thing is stopped. In the early days horse thievery was the most serious thing we had to contend with. We stopped it. I propose to see if there is not some way to have the theft of automobiles stopped. There is no reason for the commonwealth of Oregon to permit these continual depredations."

### SAY GERMANS USED ISLAND IN AMAZON

NEW YORK, Feb. 16.—German commerce raiders have been using a small island in the Amazon river as a base of supplies and operation, according to statements made today by passengers who arrived on the steamship Sergipe of the Lloyd Brazilian line.

The Sergipe sailed from Pernambuco Jan. 17 and is the first vessel to reach New York from that port since the Japanese freighter Hudson Maru arrived there with 395 survivors from some of the vessels captured and sunk by the raider.

Many of the Sergipe passengers spoke to the survivors and learned that the commander of the raider had instructions to sink no Japanese shipping. They also stated that the Japanese were paid in German gold to carry the survivors into port.

The island is known as Menalona and is situated about twenty-five miles above Para, on one of the many deep watered channels that make possible the safe navigation of vessels larger than the ordinary river steamers in this part of the river.

Menalona is said to be fifteen miles wide and abundantly supplied with fresh water springs. It ostensibly has been used as a German trading post since the early part of 1911 and its population of 200 according to the

Sergipe's passengers, consists of seventy-five Germans, fifty Japanese and seventy-five Portuguese and Indians. The Japanese and Portuguese are chiefly deserters from trading ships.

It takes a woman to observe every action of a man without appearing to know he is on earth.

### IT STOPS COUGH

The safest thing for a scared mother to have on hand for croup is a bottle of Foley's Honey and Tar. It stops croup by cutting the thick choking membrane and raising the phlegm; by easing the hoarse tight breathing; by leaving a soothing coating on the inflamed lining of the throat, and stopping the hoarse cough. Mrs. T. Neuner, Eau Claire, Wis., says: "Foley's Honey and Tar cured my boy of a very severe attack of croup after other remedies had failed." I recommend it as we know from our own experience that it is a wonderful remedy for cough, cold, croup and whooping cough." Your dealer sells it. Try it Tailman & Co.

### Keeping Yourself Well

#### HOW YOU GET SICK

Sometimes you overload your stomach with rich foods. Your life may be an active one, and thus you may care for all you eat. But a few days of inactivity show your system does not call for so much. You awake in the morning tired. Your body feels heavy; you know you are not up to the mark. Your stomach has not cared for the overload. Part of it remains. It generates gas that inflames the delicate lining. The fat in your out the digestive fluids and neglect to absorb the life-giving elements. You know something is wrong. Your body gets weak, and soon opportunity is offered for some severe illness.

Taken in time, the indigestion would not become serious. First, remove the overload; then soothe the sore membrane; then build up the weakened body. It's simple to say, but not too easy to do. You need help. A tonic that will quicken digestion, help remove waste, soothe the soreness and arouse the system—that's just what you need. Ferris has an enviable record in this respect. It has aided many thousands in the same country to overcome just these conditions, and thereby prevent serious sickness. The tablet form is convenient for regular administration.

W. A. L. L. Tablets are the ideal laxative and liver tonic. They have no unpleasant effects and form a safe, reliable, and effective. The Ferris Co., Columbus, O.
