WOMEN TOO AMBITIOUS. Excessive ambition leads all sorts of women to exert themselves beyond their strength. The girl striving for honors in school, the busy housewife, the shop-girl, the society climber or leader, all overtax their natural powers of endurance. Then come nervous troubles, backaches, headaches, frequently organic troubles, which reduce them almost to despair.

Women suffering thus should first recognize the necessity of putting on the brakes and slowing down. Besides this, to remedy the mischief already done to their health, the best reliance is upon that famous and standard medicine for women's ailments, Lydia E. Pinkham's Vegetable Compound.—Adv.

SCULPTOR RODIN'S WIFE, WHO BECAME BRIDE JAN. 29, DIES. Recent Marriage Was Surprise, Coming After Report That Rodin, Who Is 76, Was Ill.

PARIS, Feb. 20.—The Petit Journal reports the death at Meudon, after a long illness, of Mme. Auguste Rodin, wife of the famous sculptor Auguste Rodin, whose maiden name was Rose Dourde, was married on Jan. 29 to the sculptor.

The marriage of Auguste Rodin last January was a surprise to his friends, as it followed a report in the Paris papers that the sculptor, who is 76, was seriously ill. The marriage took place at Meudon and was attended by a few intimate friends of the bride and groom.

Speaking of convicts, that is what any meek man thinks his wife resembles when she takes him to buy his new overcoat.

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

IF CROSS, FEVERISH, SICK, BILIOUS, GIVE FRUIT LAXATIVE AT ONCE.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue. Mother—If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. SPIES IN PANAMA WILL FARE BADLY. WASHINGTON, Feb. 20.—An executive order to exclude spies and other undesirable persons from the Panama canal zone and give to the governor virtually unlimited authority to regulate immigration there has been signed by the president.

The text of the document has not been made public, but it is understood to contain drastic provisions, very broad in terms to prevent entry of persons who "would be a menace to the general welfare."

OVER 100,000 COBBS OF TANBARK PEELLED IN 1916

OSBEKOSH, Wis., Feb. 19.—Reports from 50 logging concerns in Wisconsin and northern Michigan show that over 100,000 cords of hemlock bark was peeled in the woods during the last year. This is three times the amount peeled in 1915 and reflects the great demand for tan bark, due to conditions abroad, which prevented the importation of tanning material.

A MOTHER'S TROUBLES

A mother's unending work and devotion drains and strains her physical strength and leaves its mark in dimmed eyes and careworn expressions—she ages before her time.

Any mother who is weary and languid should start taking Scott's Emulsion of Norwegian Cod Liver Oil as a strengthening food and healing tonic to add richness to her blood and build up her nerves before it is too late. Start Scott's Emulsion today—its fame is world-wide. It is free from alcohol.

The same firms report that owing to the extreme efforts to get on a big peel of bark this year, they will be unable to peel as large a quantity of bark in 1917 as in 1916. A year ago bark was selling at \$6 and \$7 a cord and very few firms made an effort to produce this material. During the last year sales were made at from \$10 to \$12 per cord and in some cases at even better figures. The sale of this by product brought into Wisconsin and northern Michigan more than a million dollars last year. It is estimated.

To Pension Indian Victim's Widow. WASHINGTON, Feb. 20.—The house of representatives today passed a bill to pay Mrs. Joseph C. Aklin of Dolores, Colo., the sum of \$1,092 on account of the death of her husband while he was acting as a deputy United States marshal in an effort to arrest The Ne-Gat, a Ute Indian. The Ne-Gat had been accused in February, 1915, of the murder of a Mexican. When a posse undertook to arrest him he was joined by other Indians of the tribe and his arrest was resisted. In the attempt Aklin was killed. The Indians defied the authorities for months. General Scott came on from Washington and induced The Ne-Gat to surrender. He was brought to Denver, and after a spectacular trial in the United States court was declared not guilty and permitted to return to the reservation. His prospective marriage to a white woman was recently discussed.
