NEWS OF PENDLETON

Had Arm Broken.
It is reported here today that Geo. Geanakopla of Rieth received a broken arm while cranking his automobile.

Transferred to Philippines.
Charles Daly, a former well known Pendleton boy, who is now in the navy, is visiting friends and relatives here while on a furlough. Daly has been stationed at Mars Island near San Francisco and has been transferred to the Philippines.

Investigate Elevator.
H. F. Fish, W. G. McCarty, Fred Ashbaugh and C. E. Jones of Heppner, are here for the purpose of investigating the workings of the new concrete elevator of the Farmer Union. It is reported that the Morrow county farmers are planning to construct an elevator at Heppner.

Police Court Active Again.
Joe Sweeney, Alonzo Ghent and James Lavitt were fined \$15 or seven days in jail this morning by Judge Thomas Fitz Gerald on a charge of being drunk and disorderly. This is the first activity in police court since February 11.

Post Office to be Closed.
The post office will be closed all day tomorrow in observance of George Washington's birthday. The window will be open in the morning from 9:30 to 10:30. There will be no carrier mail as the carriers will enjoy a full holiday.

Verdict for Plaintiff.
After being out five hours the jury in the case of Edith Fraker against the Round-Up City Auto Company, brought in a verdict in favor of the plaintiff for \$154. The plaintiff was represented by J. B. Perry and the defendant by S. A. Newberry.

Newquist vs. Gilton.
The case of Carl Newquist against B. F. Gilton is being tried before Justice of the Peace Joe H. Parkes. The case involves the collection of a promissory note. The plaintiff is represented by J. F. Perry and S. A. Newberry represents the defendant.

More Storm Coming.
"Unsettled weather with occasional snow at high levels and probably cold rains at low levels with blustering winds mostly from southerly direction will prevail during Thursday and Friday," says a special stockmen's forecast sent out at 8 a. m. today by the Portland forecaster.

To Observe Washington's Birthday.
Pendleton will do honor to the memory of George Washington, "the father of his country," tomorrow. The banks, post office and all city and county offices will be closed all day. Although no public exercises have been planned there will be appropriate exercises at some of the schools.

Idaho Glee Club Coming.
The University of Idaho Glee Club will appear at the high school auditorium on the evening of April 2. Donald K. David, advance man for the club having been here yesterday for the purpose of arranging for its coming. The club gave a well appreciated concert here last season, appearing at the Alta theater.

Is Now Investigating.
Mrs. S. A. Lowell of the school board has spent most of the morning at the high school questioning the members of the different clubs as to their purposes, membership, methods of procedure, etc. She stated that she was just a new member of the school board and felt it her duty to become familiar with the clubs.

Must Have Had Fight.
A few days ago E. F. Averill, inspector in the Biological Survey bureau, received a Chinese pheasant from George Ray Hill of Hermiston. The cock's head was barren of feathers, otherwise the bird was normal and Mr. Hill was desirous of knowing the cause. The bird was sent to Jess Simpson of the state game farm at Corvallis for examination and he replied that evidently the cock had been in a fight or rather had had a

fight and hadn't been in it. According to Mr. Hill, pheasants at this time of year are very scrappy and once a cock has conquered another he invariably pecks all of the feathers from his opponent's head.

Sues for Compensation.
The case of Henry T. Hill against J. T. Hinkle is being tried today in the circuit court. The case involves the collection of commission alleged to be due the plaintiff on a sale. John Husk of La Grande is representing the interests of the plaintiff and Will M. Peterson and Frederick Steiwer the defendant.

Weaver vs. Weaver.
Through Attorney George W. Coutts, Ethel B. Weaver has filed suit for divorce in the circuit court against Walter Weaver. Desertion and non-support are alleged. The couple were married in 1915 in Union and have no children. The plaintiff requests that her maiden name, Ethel B. Haynes, be restored.

DR. RITTER GIVEN NO AUTHORITY TO ACT
Not Authorized by His Government to Ask Reopening of Negotiations.

BERLIN, Feb. 21.—The Overseas News Agency quotes from the Frankfurter Zeitung, the following communication which, according to that paper, was issued by the Swiss federal council:
"The action of Dr. Paul Ritter, the Swiss minister at Washington in reference to the re-opening of negotiations between the American and German governments were taken without instructions from the Swiss federal council or from the foreign department."

"Concerning the contents of communications between Berlin and Washington which were merely transmitted by the federal authorities obviously nothing can be said at this time."

Honoring Lincoln by improving the quality of our Americanism is the best kind of commemoration.

BASEBALL PRESIDENT DIVORCES HUSBAND

Mrs. Helene Robison Britton, the only woman baseball president known to the game, has just obtained a divorce from her husband. She charged cruelty, and she proved it to the satisfaction of a St. Louis court by showing that on one occasion her husband, Schuyler P. Britton, whom she permitted to be president of the St. Louis Cardinals for a time, held his lit cigar so near a davenport that she had to take it away from for fear he would cause a fire. There are seven other baseball presidents in the National league, but each and every one of them is a man.

Men! Men! Men!

Do you realize that this is the one place in Pendleton that you should be trading, for the simple reason that we can positively save you from 20% to 33% on almost every dollar you spend for your clothes. You certainly can see that any syndicate that has the prestige with the eastern manufacturers that we have can supply you the best merchandise possible at the lowest retail price. As you know we buy in enormous quantities for 125 stores throughout the country, and we also pay strictly spot cash. These two facts combined should convince you that we can sell you goods much lower in price than the one store merchant. Look over these prices.

a friend to tender skins

Many ill-made toilet soaps contain free alkali, a harsh chemical which tends to dry and injure the skin or hair. Resinol Soap contains absolutely no free alkali, and it is added the soothing, healing Resinol medication, which doctors have used for over 20 years in treating skin troubles. Thus it comforts tender skins, and helps nature clear the complexion and keep the hair rich, lustrous and free from dandruff. Sold at all druggists' and toilet counters.

KRYPTOK GLASSES THE INVISIBLE BIFOCAL are for people of all ages who require a double vision lens.

They combine two pairs of glasses in one, two clear crystal lenses are fused into one, yet they look exactly like single vision lenses, no lines or seams to make the wearer look old or freakish.

After the Show

The Automobile Show is over. You have seen all the cars—now, what other car has so many desirable features as the Franklin?

Style, finish, luxury, were the features that kept our Franklin cars in the spot light of public interest.

Lightweight, simplicity, flexibility, economy, safety, are the big features that caused the really serious consideration of Franklin design and construction.

Direct air cooling makes possible the only perfectly cooled automobile engine. One that will stand any test you can demand of it.—(proven by the 850 mile low gear demonstration). It eliminates the 177 superfluous parts of the average water cooling system, together with all the annoyance of freezing in winter and boiling water in summer. The elimination of all this weight and bulk makes possible light weight and flexible construction, which with full ball bearing construction gives economy of operation that cannot be approached by other types of automobile construction.

Economy of gasoline and lubricating oil are proven facts.

Three—2,900 to 10,000 miles per set. (Many Franklins get 15,000 to 20,000 out of a tire). Ask any Franklin owner.

See us. Ride in a Franklin.—drive it.—be doubly convinced, then let us have your order while we can give you an early delivery date.
