WOMEN TO WORK IN ARSENAL.

WASHINGTON, Feb. 21.—Women operators will be employed in the United States arsenal for the first

time as the result of an emergency call made by the war department of the employment bureau of the department of labor for 1000 skilled workers to finish preparation of army supplies. The war department's request calls for women as well as men. The women will be used as machine operators at wages of from \$1.26 to \$2.24 a day.

The 1000 additional skilled workers just called for will be employed in the Philadelphia arsenal and in the Picatinny arsenal at Dover, N. J.

MINERS SUCCUMB TO CONSUMPTION

because the sudden change from warm mines to cold winds lowers vitality and the blood is weakened from lack of fresh air.

Scott's Emulsion is a miner's greatest help to enrich and invigorate the blood, create body-heat and build strength to resist pneumonia, rheumatism and lung troubles.

Take SCOTT'S after meals for one month and see for yourself its beneficial effects. Refuse Alcoholic Substitutes.

GUN AT HONOLULU DISABLED.

HONOLULU, Feb. 21.—The 14-inch gun at Fort Derassy has been found disabled. It was learned today, according to unofficial but reliable information, for about three months. It is said the gears were stripped either during or since the maneuvers held February 8.

Col. Alfred Hunter, coast artillery, admitted today that the gun was damaged but refused to make any further statement. The responsibility for the damage, it was said, had not been placed.

SCHEDULE OF THE TELEGRAPHIC GUN SHOOT TOURNAMENT

Pendleton Will Be Matched Against the Wallace Team Next Sunday in the Second Shoot of Contest.

Pendleton "scatter gun" enthusiasts will shoot against the Wallace team next Sunday in the second match of the telegraphic tournament. The Wallace "high five" broke 103 out of 125 last Sunday but this score was good enough to win. Pendleton, breaking 112, dropped her match. The following is the complete schedule as prepared by the Spokesman-Review which is staging the tournament:

- February 18. Sunnyside versus Spokane. Pottlatch versus Wallace. Pendleton versus Kellogg. Palouse versus Lewiston. Garfield versus Wenatchee. Kallispell versus Pomeroy.
- February 25. Sunnyside versus Pottlatch. Spokane versus Pomeroy. Palouse versus Wallace. Garfield versus Kellogg. Lewiston versus Lewiston. Kallispell versus Wenatchee.

FOITY THOUSAND IMMIGRANTS ARE AFRAID TO SAIL.

NEW YORK, Feb. 20.—Steamship line agents admitted that submarine had already halted forty thousand immigrants. They planned to work in farms and factories, but are afraid to sail. Steamship lines obtained positions and made the bookings after considerable advertising in neutral ports.

BANKERS COULD TELL DETAILS OF SURRENDER TO WALL ST.

WASHINGTON, Feb. 21.—Representative Lindbergh told the house judiciary committee that Secretary Redfield, Comptroller Williams, Morgan and many bankers throughout the country could tell the details of the alleged federal reserve board conspiracy to surrender financial interests to Wall street.

Why call them cold waves when everything is frozen solid? A wave implies motion.

URGES MOBILIZATION OF YOUNG MEN ON FARMS

NEW YORK, Feb. 21.—Mrs. Julian Heath, head of the National Housewives' league, urged the mobilization of young men on the farms this summer. She suggested making Central Park a huge truck garden. She declared it was a patriotic duty to make every effort to meet the prevailing food conditions. "Every youth seeking summer employment should go to the farm as a matter of patriotism, the same as enlisting in the militia. I am preparing an appeal to colleges, urging students especially to volunteer for farming. One cause of the food shortage and high prices is a labor famine. The production is abnormal. The government should furnish transportation facilities and insure reasonable marketing service."

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

TRY THIS: HAIR GETS THICK, GLOSSY, WAVY AND BEAUTIFUL AT ONCE.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dirt, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is craggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use when you will see new hair—fine and downy at first—yet—really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

RECRUITING.

(Editorial in the Chicago Journal.) Whatever the merits or demerits of our present military system, this nation owes a vote of thanks to its recruiting officers. Whether they get the men needed when we began the reserve is doubtful in the extreme, but up to date their success is remarkable.

They have gone out into the labor market and gained recruits when every industry is clamoring for more workers. The ranks of the cavalry have been filled a little beyond the number authorized by congress. The artillery, engineers and medical corps are nearly full. The infantry is 10,000 short of the increase authorized, and expects to do so. Under the circumstances, this is a remarkable record.

To be sure, our recruiting officers have something to offer prospective soldiers. The new law attended to that. Men can go up from the ranks now more readily than ever before, and they are doing it by the scores. West Point furnishes only a fraction of the officers needed; the rest must be appointed from civil life or promoted from the ranks, and these are given the preference. There are first lieutenants in the army now who were sergeants less than a year ago.

ALEXANDERS

QUALITY FIRST QUALITY FIRST

Then there is the chance for men who make good to be sent to the military academy, and if anyone can learn the soldiers trade well enough in that time, he may be furloughed to the reserve at the end of one year. But these advantages would count for little if they were not exploited by an ever so good an advertising campaign as ever conducted for private gain. The young officers in charge of this work cannot be enamored of it. Like all men who have given thought to the matter, they believe that military service should be a matter of duty, not of personal whim. But the country has given them a task to do, and they are buckling to it like soldiers. Good for them.

GOSSIP CHOKES RURAL WIVES.
Complaint Made That Colorado Farmers Can't Transact Business.
DENVER, Colo., Feb. 21.—Rural gossiping over the telephone, the country woman's means of satisfying her hunger for companionship, has been brought to the attention of the state public utilities commission, which was asked to prevent women in southern Colorado from monopolizing rural telephone lines with neighborhood conversation.
D. A. Strong of Mead, Colo., testifying before the commission in the investigation of the rate and service of the Mountain States Telephone and Telegraph Co., said the farmers were unable to transact business over the telephone because of the burden of gossip on the wires.
