NEWS OF PENDLETON

Barometer Going Up.

Indications of better weather is given by the barometer in the office of Major Moorhouse. It has been climbing all day.

Principals' Meeting Set.

County Superintendent I. E. Young has set Saturday, March 3, as the date for a principals' meeting. All of the principals of the schools in the county are expected here for the meeting.

To Make Farm Improvements.

Mr. and Mrs. A. F. May have gone to their farm near Holdman where Mr. May will superintend the spring seeding. Later he will build a barn and make other improvements there.

Speaker Stanfield Home.

R. N. Stanfield, speaker of the late house of representatives, arrived home from Salem last evening. To all appearances he survived the ordeal of ruling unruly solons in good condition.

Warren Con. Man Here.

Engineer Dunkle of the Warren Construction Co. is here today investigating to discover what the chances are for hardsurfing Pendleton streets and county roads this spring and summer.

News of Sister's Death.

Mrs. Thomas Fitz Gerald this morning received a telegram from San Francisco, telling the death of her sister, Mrs. Mary Hodgson, following an operation for abscess of the brain. The deceased lady lived here some years ago when her name was Mrs. Kuykendall.

Soldier Boys Here.

Fresh from the Mexican border, which they had been assisting to patrol, Harry M. Rues of Troop A, First Oregon Cavalry, and Harry L. Gilbert of Oregon Battery A, are in Pendleton today en route to Idaho for a visit with relatives. They have a thirty day leave of absence from their companies.

Permit to Remodel Bowman.

Application was made this afternoon for a permit to remodel the Bowman Hotel. The cost of the work is estimated at \$2000. The most notable improvements will be the changing of the lobby to the corner of the building and the rebuilding of the stairway.

Rabies Situation in Control.

According to Mayor H. L. Watts who is here this afternoon, Athena has the rabies situation in that town well in hand. Only three dogs have shown evidences of the disease since drastic steps were taken. Fifteen dogs that had been bitten were killed and others are now wearing muzzles.

WAR MONEY COMING TOO FAST TO SPEND; VILLAGE IS WORRIED

The Dupont Companies Income Taxes Swamp Wisconsin Town; Cry For Help.

MADISON, Wis., Feb. 22.—Berkdale, Wis., a village, which was happy and contented three years ago, is in distress because of the European war. It has too much money. Berkdale is the location of one of the plants of the Dupont Powder company, and the operation of this plant has made the whole countryside prosperous. When tax paying time came, however, Berkdale found that the old days when money was scarce were better.

In previous years the village board never had more than \$13,000 in the treasury after all taxes had been collected. This year the powder company has paid \$118,000 in income taxes alone, and the board has appealed to the state tax commission for relief. The president of the village explains that they might find ways to spend the tax this year, but that next year the company will pay \$250,000 if things keep going the way they have, and that prospect has scared the village board stiff.

The tax commission has advised the board to keep a stiff upper lip, and has introduced a law in the Wisconsin legislature providing that hereafter when a village receives more than 2 per cent of its assessed valuation in income taxes the money may be distributed in the county according to school population.

SALT LAKE PAYS MORE FOR POTATOES THAN LONDON

SALT LAKE, Feb. 22.—Potatoes in Salt Lake are today selling at higher prices than in London. Onions in Utah have reached the New York prices and are continuing so scarce, advances are expected daily. Tubers took a dollar jump today, making the price \$1.50 a hundred pounds. In London potatoes are quoted at \$2. Many wholesalers announced increases will be made tomorrow. Onions today are topping everything on the market at \$14 to \$20 a hundred pounds wholesale. Potatoes have been taken off the free list in all restaurants.

Premier Meets Gerard. LONDON, Feb. 22.—2:55 p. m.—Reuter's Madrid correspondent says Count de Romanones, the Spanish premier, and Amalio Gimeno, the foreign minister, had a long conference Thursday with Joseph E. Willard, the American ambassador and James W. Gerard, former ambassador to Germany. Later, Senator Gimeno had conversations with the French and German ambassadors.

Has Typhoid Fever.

Olen Huey, high school student and one of Pendleton's crack track men is quite ill with typhoid and is seriously feared he may not recover in time for track work. It will be a great blow to Pendleton's prospects in track this year if Huey is unable to participate.

To Honor Frances E. Willard.

To honor the memory of Frances E. Willard, the great temperance worker, a union meeting of the different churches will be held Sunday evening at the Presbyterian church and the public is invited to attend. The W. C. T. U. ladies will attend in a body and all members are requested to meet at 7 o'clock in the basement of the Baptist church.

Deserted Husband Seeks Divorce.

Alleging that his wife, Clara L. Struthers, deserted him Feb. 21, 1915, Willis R. Struthers has brought suit in the circuit court for a divorce through his attorney, Will M. Peterson. They were married in this city February 18, 1906, and have two children of which plaintiff asks the custody. He states, however, that he is willing for their mother to keep them at times.

Wife Sues for Divorce.

Alleging cruel and inhuman treatment, Emma Florence Owens today brought suit for divorce against her husband, William Owens, and for the restoration of her maiden name, Dick. They were married in this city July 21, 1914. She alleges that her husband frequently left her for weeks at a time and that she had no knowledge of his whereabouts. She last saw him in this city last September, at which time he gave her 25 cents, she alleges. She has had nothing from him since and has heard nothing from him. Raley & Raley are her attorneys.

FIVE MINUTE TALKS BY NATIONAL LEADERS

Gov. MOSES ALEXANDER

Nothing probably has occurred of greater national importance since the civil war in the way of progressive legislation than the rural credit act of the United States. It is as yet little understood and is criticized in many quarters, no doubt through lack of knowledge about its workings. Applications are pouring in for loans by the hundreds of thousands.

So the People May Know

That the Golden Rule store is giving better values today than any one store merchant in Pendleton can think of giving. That we are buying in larger quantities than all the stores in Pendleton and Umatilla county combined or can attempt to do. That we do undersell all competitors and that our merchandise, even at the same price that others quote, is a better fabric, better workmanship and a more serviceable garment. And last but not least that we sell better than "MIGHTY GOOD CORSETS" at 59¢; also that we do sell you AMOSKEAG APRON CHECK GINGHAMS at 5¢ per yard. Do not be misled by "Before the War" prices, as there is no such thing, for the simple reason that the war has been in progress for almost three long years and no merchant or manufacturer would, under any conditions, anticipate their wants and place orders for three years ahead. We have just placed an order for 4,553 DOZEN LADIES' WAISTS for spring. Think this over, it gives you an idea of how big we are.

BUICK

LEADS IN SALES BECAUSE IT LEADS IN PERFORMANCE.

Those who attended the auto show will remember there was always a crowd around the BUICK stripped chassis.

They were admiring the sturdiness of construction, the powerful valve-in-head motor, the shock absorbing spring arrangement and many different essentials in construction and selection of materials that have kept BUICK up-keep to the minimum.

Let us demonstrate what these features mean to YOU on the road. Cars here for immediate delivery, but we advise you to order NOW as the eastern freight congestion makes uncertain future deliveries.
