"BLONDE COSTS KID MCCOY WIFE NO. 2 IN DIVORCE NO. 2"

NEW YORK, Feb. 24.—"Mr. McCoy is a good fellow, but he is not the kind of a man who should ever marry. He belongs to the public," said Kid McCoy's wife today. "No, I don't mind being a man's sixth wife. I don't think it makes any difference to a woman, if she loves a man, how

many times he's been married before."

Edna Valentine Selby, daughter of Washington S. Valentine and sixth wife of Norman Selby, today won a divorce decree, she produced evidence in the supreme court that the one-time pugilist, known as "Kid" McCoy, had visited a hotel December 4 last with a pretty blonde.

He did not appear in the trial to oppose his wife's application. Her father is wealthy. She did not ask for alimony.

Here is a concise summary of Selby's record in the matrimonial ring: 1894—Married Lottie Piehler. 1895—Divorced. 1897—Married Julia Woodruff Crossman three times, divorced three times. 1897—Married Charlotte Smith. 1897—She divorced him. 1904—Married Ondianola Arnold. 1904—Divorced by her. 1905—Married Mrs. Estelle Earle Mills. 1910—Divorced by her. 1911—Married Mrs. Edra Valentine Hein. 1917—Divorced by her.

BEST BEEF STEERS AT \$9.60

PORTLAND, Ore., Feb. 26.—From a shipper's or seller's standpoint, the market for livestock at North Portland during the last week left little to be desired. On the other hand, buyers were confronted not only with inadequate supplies, but extreme prices which created a further decrease in the volume that consumers could possibly afford.

It was a very firm tone that appeared even at the start of the week in the swine trade at North Portland. Killers quickly snapped up extreme tops as high as \$12.95. The stock that brought this price at the start of the week was well worth a premium of 15c to 25c above what is generally called tippy quality. Nevertheless later in the week there were sales of light weights of quality around \$12.50, which really means at least \$12.60 for top heavies. This small class of stuff sold generally at the start of the week around \$12.35.

General hog range: Heavy packing \$12.35 @ 12.50 Best light 12.25 @ 12.40 Rough heavy 11.50 @ 12.00 Figs 10.25 @ 10.75 Stockers 9.50 @ 10.00

Quality of Cattle Desired. At the start of the week there were some fair offerings of top quality cattle and it did not take killers long to recognize this fact. Sales of top quality steers were made at \$5.90 in the

North Portland yards at the start of the week, and there was a very good demand. Later in the week there were no arrivals of tippy quality, and extreme values were not tested, but medium quality stuff sold about a dime higher at the close than at the opening of the week's trading.

General cattle market range: Best heavy beef steers \$9.25 @ 9.50 Best light beef steers 8.75 @ 9.00 Best beef cows 7.75 @ 8.00 Best heifers 8.00 Ordinary to good cows 7.25 @ 7.50 Best butcher bulls 4.50 @ 5.00 Light bulls 2.85 @ 3.25 Calves 7.00 @ 10.50 Stocker-feeder steers 5.75 @ 6.50 Stocker-feeder cows 5.00 @ 6.00

Sheep Continue Nominal. Nominal tone is about the best that could be said of the sheep and lamb division of the North Portland market. This is no fault of the demand, for there is plenty of inquiry for live stock. The trouble with the trade is the almost general lack of offering on the open market.

Extreme prices are still available for top quality to test these figures during the week. General mutton and lamb market: Best east of mountain lambs \$12.75 @ 13.00 Best valley lambs 12.25 @ 12.50 Wethers 10.50 @ 10.75 Ewes 9.90 @ 9.75 Goats 4.25 @ 4.50

DRESS WARM AND KEEP FEET DRY

TELLS RHEUMATISM SUFFERERS TO TAKE SALTS AND GET RID OF URIC ACID.

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat least meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating in the joints and sinews causing stiffness, soreness and painful rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoon in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with bicarbonate of soda, which is a natural and healthful remedy for rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to the kidneys as well.

FEW FOLKS HAVE GRAY HAIR NOW

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR.

Hair that loses its color and lustre or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.
