FIRST ESTIMATE OF LUMBER CUT IN 1918

Incomplete Reports Indicate a Probable Increase of 11.2 Per Cent.

PORTLAND, Feb. 28.—Incomplete reports received from the sawmills of the country indicate a probable lumber production in the United States approximately 11.2 per cent greater in 1918 than in 1917, according to an announcement made today by the Forest Service. This estimate is based on preliminary figures compiled in connection with the collection of sawmill statistics in cooperation with the National Lumber Manufacturers' Association. About 52,000 sawmills are on the mailing list of the Washington office of the Service and sev-

eral thousand more on the lists of the six districts in the western states. Of the mills in the eastern part of the country, approximately 85 per cent had reported up to February 15. For the United States as a whole the increase in production as shown in 1918 is 11.2 per cent. For the eastern states alone the increase was 7.9 per cent, and for the other states shown the increase was 16.7 per cent. Taking the estimated total production of 38 billion feet in 1917 and applying the computed per cent of increase to the output for 1918 the cut for the year becomes 41 1-2 billion feet of within 3 3-4 billion feet of the record production of 45 billion feet in 1907.

Terrible Itching Pimples On Hands

Spreading to shoulders. Turned to rash. Itching unbearable. Felt could tear hands off. Used one and a half cakes Cuticura Soap and two boxes Ointment and was healed in two weeks.

From signed statement of Mrs. Nora O'Hara, 1209 W. Silver St., Butte, Mont., dated Sept. 14, 1916.

If Cuticura did no more than soothe and heal eczema, rashes, itchings and burnings, bringing speedy comfort to tortured, disfigured men, women and children, it would be entitled to the highest praise. But it does more. By using the Soap exclusively for toilet purposes, allowing no other soap to touch your skin, with touches of Cuticura Ointment now and then to soothe and heal the first sign of skin troubles, you will in many cases prevent these distressing experiences. Unlike strongly medicated soaps which are coarse and harsh, Cuticura Soap is ideal for the complexion because so mild, so delicate and so creamy.

For Free Sample Each by Return Mail address: "Cuticura, Dept. B, Boston." Sold everywhere.

JOHN D. JR. TO TOTE GUN.

NEW YORK, Feb. 28.—Judge Nott in the court of general sessions today granted to John D. Rockefeller, Jr., a permit to carry a revolver, valid throughout New York state for one year.

The permit was obtained following the expiration of one issued to Mr. Rockefeller by District Attorney Swann in 1915 when Mr. Swann was a judge of general sessions.

In his application Mr. Rockefeller says that in traveling to Foxcatcher Hills is often necessary for him to pass lonesome roads where there is a possibility of his being held up.

REPARATION OF ALL WRONGS IS GERMANY PEACE CONDITION

Hollweg Addresses Reichstag Reviewing Events of Past Several Months: "Fight to Gain Victory" is Watchword.

BERLIN, Feb. 28.—(via Bayville)—Chancellor Hollweg told the Reichstag that Germany's peace conditions were based upon "reparation for all wrongs suffered and guarantees for the existence of a strong Germany."

He said: "While our soldiers stand the trench drums, our death-defying submarines hasten through the seas. The stay at home must produce cannons, ammunition and food. One necessity dominates all questions. It is fight to gain victory."

He said the Reichstag vote granting new war credits indicated Germany's determination to fight until the allies are ready for peace. He refused to make promises and said conditions were precarious and unproductive.

Discusses Barred Zone. He discussed the barred zone and said neutrals would eventually help Germany for establishing the freedom of the seas. He declared the United States "brusquely broke relations after receiving the German note."

"The authentic communication about the United States reasons never reached me. This manner of breaking relations between great nations is probably unprecedented."

Compares Attitudes. Hollweg compared Wilson's German attitude and his Mexican attitude. He dilated upon the "countless" war materials the United States had shipped the allies and criticized Gerard's abrupt recall.

He declared Gerard only verbally broke relations. Hollweg repeated the unofficial version of Wilson's address to congress and intimated that Wilson was inconsistent. He said the president embargoed shipments of arms to both Mexican factions and later removed the embargo.

Hollweg mentioned the United States' insistence upon American's rights to travel in France and England. He declared the "same right of Americans to travel in central powers seems unworthy of protection."

Hollweg discussed the domestic policy. He recalled German peace proposals. Regarding the allies answer he said: "The reply was more rude and presumptuous than any sensible person could imagine. This barbarian jeering document produced an effect manifest throughout the world."

"Our alliances and battle fronts stand firmer. Germany is more united."

ALEXANDERS

WOMAN, 100, AND MAN, 98, CLING TO HERMIT HUT

Police, by Force, Will Oust Recluses From Shack.

NEW YORK, Feb. 28.—Two aged recluses, sister and brother, 100 and 98 respectively, will be removed by force if necessary from the broken down shack to which they are clinging near Rosedale, L. I., it was decided today by the Jamaica police. They are Mrs. Catherine Goetz and James Karisch.

The shanty has been wrecked by recent gales, one end of it being torn entirely away. There was no food in the place nor any water when the Jamaica police went there. The aged man was attempting to keep a fire alive in a small stove with some twigs. Mrs. Goetz lay on a cot, apparently weak from hunger and suffering from the cold.

To the police captain's suggestion that Mrs. Goetz go to the hospital she said: "I'll go to no hospital nor to any other institution. I'll stay right here. I'm 100 years old and I guess I ought to know what I want."

In Bed to Keep Warm. "Moreover, I'm not ill. I'm staying in bed to keep warm and, besides, it's my husband's business to take care of me."

Police Captain Walden then sought out Anthony Goetz, 62, the woman's husband. Goetz showed a big bundle of receipts to prove that he had been paying for his wife's support for twenty-five years. He said:

"I married her twenty-six years ago when she had money. We lived together for a year and then she kicked me out. For the last twenty-five years I've sent her \$6 a month and here's every receipt for the whole 500 months. I refuse to do any more, because she won't live with me."

The charities department has taken up the case today.

Panama Canal's Biggest Month.

WASHINGTON, Feb. 28.—The Panama canal did its biggest month's business in January. According to figures available today, 176 vessels with a tonnage of 557,829 passed through the waterway. The previous record was in July, 1915, when 170 ships of 547,379 tonnage passed through the canal.

Up to Dec. 31, last, exactly the same number of ships, 1299, passed through in each direction, although the cargo tonnage bound toward the Pacific was 1.68 times greater than the return traffic.
