WILLIAM M. SANDERS OF HERMISTON DIES SUDDENLY SATURDAY

ON WAY TO MAIL BOX NEAR HIS HOME WHEN HE DROPS DEAD OF HEART DISEASE.

Dr. and Mrs. C. O. Waincott entertained at dinner; Mr. and Mrs. W. T. Roberts, recipients of Pretty Surprise Party; Other News Notes.

(East Oregonian Special.)
HERMISTON, March 5.—William M. Sanders, father of W. O. and Wm. M. Sanders, Jr., died suddenly Saturday afternoon at the home of his son, W. O. Sanders, north of town. Mr. Sanders was on his way to the rural mail box near their home when suddenly he dropped dead in the road. Tony Dronhagen was on his way to town when he saw him fall and rushed to his aid. He was carried into the house, and Dr. Waincott hastily summoned. The doctor found that death had been instantaneous, caused by heart disease.

Mr. Sanders was born in New York state in 1829, and came to Oregon 16 years ago; settling in Silverton where he had large property interests. He came to the project two years ago to make his home with his sons living here. He is survived by three sons, W. O. and Wm. Jr., of this city, and D. C. of Silverton, and a daughter, Miss Jane Sanders of Portland, a brother in Illinois, and a brother and two sisters in Minnesota, besides 15 grandchildren. His body was shipped to Silverton for burial beside that of his wife, who preceded him two years ago.

Dr. and Mrs. C. O. Waincott delightfully entertained at dinner Sunday evening. Those seated around the artfully appointed table were Mr. and Mrs. George Itabill, Miss Sucher, Miss Klindt, Miss Hummel, Miss Carson, Miss Barton, Miss McPherson, Dr. Campbell, Thos. Campbell, H. M. Sommerer, R. C. Walker, R. C. Smith and C. M. Jackson.

Mr. and Mrs. W. T. Roberts were the motte for a merry surprise party Saturday evening when Mr. and Mrs. P. H. Swayze, Mr. and Mrs. H. M. Straw, Mr. and Mrs. C. W. Kellogg, Mr. and Mrs. W. N. Rees, and Mr. and Mrs. M. J. Martel motored out to their farm home, "The Elms", for an evening of bridge and dancing.

Mr. and Mrs. Wm. P. Hauschard arrived Sunday from Portland where they have been spending the winter. Mr. Hauschard has taken a position with the reclamation service here.

Mrs. J. Herbert Strohm is spending a few days in Walla Walla as the guest of friends.

The many friends of Prof. H. M. Gunn will be pleased to learn of his improvement in St. Anthony's hospital where he was taken several days ago suffering with pneumonia. Prof. Gunn will probably be able to leave the hospital in a few days.

J. D. Watson was a Pendleton visitor Monday, and while in the city purchased a new Chevrolet car. S. R. Oldaker returned home Sunday afternoon from Portland where he attended the Western Dairy Products Shows.

KENNEDY-THYE BOUT IS DRAW

DECISION MADE AFTER HOUR AND A HALF GRUELING MAT BATTLE

Middleweights Evenly Matched and Bout Pleases Big Bunch of Fans; Two Men Will Try to Finish in Near Future.

After an hour and a half of grueling mat battle, Jack Kennedy, clever Hermiston wrestler, and Ted Thye of Spokane, were stopped and their bout declared a draw by Referee May McCarroll. It was a pretty match and one that thoroughly pleased the big bunch of fans that crowded the gymnasium of the Business Men's Athletic Club.

The two middleweights were evenly matched and each one put his whole strength and knowledge of the game into his efforts last evening. The audience was kept continually on the alert for there wasn't a minute that there wasn't something doing.

Thye, fresh from matches with Walter Miller and others of the best middleweights in the country, was a willing aggressor and he showed a variety of holds and tricks that only a master of the game can manifest. However, he had nothing that was new to the Hermiston farmer who in other days was amateur champion of Chicago. Kennedy is an expert in defensive work. Always when Thye seemed to have a winning hold, Kennedy would break his hold or block his efforts in a way that proved his experience. In a minute he would turn from defense to offense and his powerful arms and hands would soon have the Spokane grappler working with everything he had in him to free himself.

Kennedy is short of arm and leg, which is something of a handicap in offensive work but he has an amazing strength. The grip of a single hand last night time after time defeated some of Thye's best holds. Grappling a toe, Kennedy on numerous occasions twisted it until Thye had to release his own holds to stop the punishment his opponent was inflicting.

Both men were handicapped by the lack of an adequate mat. Three small mats were put together in the shape of a cross and made the men work at a disadvantage. Kennedy secured a bad eye as a result of a fall upon the floor.

At the end of the match Kennedy offered to meet Thye again, for any amount in a finish match and Thye accepted. Thye also challenged any other man up to 175 pounds, including Frank McCarroll.

As a preliminary to the catch, Jack Carpenter and Charley Joe put on a round burlesque of boxing that proved a scream. Another boxing

SEATTLE, March 7.—Mayor Gill's trial on a bootlegging charge has started. The defense subpoenaed Editor Blethan of the Seattle Times. The government alleges the bootlegger Billingsley paid money to Gill and other defendants.

MAKING IT PLAIN

The Pure Food and Drug Laws aim to protect the public by preventing mis-statements on the labels of preparations but some people continue to accept "extracts" of cod liver thinking they will get the benefits of an emulsion of cod liver oil.

The difference is very great. An "emulsion" contains real cod liver oil, which has had the hearty endorsement of the medical profession for many years, while an "extract" is a product which contains no oil and is highly alcoholic.

Scott's Emulsion guarantees the highest grade of real Norwegian cod liver oil, skillfully blended with glycerine and hypophosphites. Scott's is free from the false stimulation of alcohol and is endorsed by good physicians everywhere.

RAILWAY COAL USED AT BAKER AS RELIEF FROM FUEL FAMINE

Mayor Makes Appeal; Car of Engine Coal Diverted by Officials.

BAKER, March 7.—So acute has the coal shortage in Baker become that Mayor Palmer has been compelled to appeal to the railway company coal with which to supply a large number of residents who have no fuel and who cannot secure any from the dealers. Accordingly, M. H. Dougherty, local agent for the O.-W. R. & N., diverted the first car of engine fuel that arrived in the city to day.

This is being doled out in small quantities under the supervision of the city officials, and if it does not suffice to prevent absolute famine, another car will be sent.

A car of locomotive fuel is afforded by word from the dealers who state that together they have seven cars en route to Baker, and several of these are long overdue. Baker is said to consume about one car a day, so it will be necessary to draw upon the railway company for relief each day during the shortage.

Mayor Palmer states that he has heard of no actual suffering caused by the scarcity of fuel, but that at many residences the supply has run so low that immediate relief has become imperative.

The mills have been taxed to capacity to satisfy the demand for wood in the absence of coal, and at present many orders are being turned down.

Railroad officials say that the car situation is becoming more promising and with the opening up of freight traffic it is expected that coal will become less scarce. Yesterday 19 box cars were placed in the local mill yards. More are expected.
