Al Sommers Here.
Al Sommers, Portland middleweight who is to meet Farmer Burns over the 15 round route at Echo tomorrow night, and his manager, Bobby Evans, are in the city today, having arrived from Wallace, Idaho, where Sommers defeated Jack Torres.

Sells Blacksmith Shop.
William McGregor, pioneer blacksmith and horse-shoer of Pendleton, has sold his tools and outfit to D. W. Bowman of Weiser, Idaho, and will retire from this line of business after 23 years of continuous work in this city alone. Mr. Bowman has removed the entire set of tools and implements to his large farm in Idaho and will use them for his general ranch business. Mr. McGregor is undecided as to his future plans but expects to soon engage in other work here.

Warehouse for Oil Co.
A permit was granted today for the construction of a wooden warehouse with concrete floor on Matlock street on Northern Pacific property for the New York Lubricating Oil Co., which is establishing a distributing branch here under the management of James F. Cooke. The warehouse will be about 50 by 60 and will cost approximately \$800. The company will send its Monogram oils and greases here in barrels and they will be canned for distribution here. C. A. Lansdowne is the contractor in charge.

Automobile Meeting Tonight.
This evening in the Commercial Association will be held the annual meeting of the Umatilla County Automobile Club, organized a year or more ago. Every person interested in automobiles and in good roads is eligible to attend and is urged to be present. The matter of affiliating with the state organization will be discussed and also the matter of getting behind the good roads bond issue. President R. W. Ritzer and Secretary M. S. Kern have called the meeting.

Husband Had Mania for Moving.
Charging that her husband, Jackson Barto, has had a mania for changing residence ever since they were married in Wisconsin in 1888, Myra M. Barto has brought suit for divorce. The specific charge is desertion, plaintiff alleging he has not been home for two years. They had nine children most of whom are now self-supporting and the others of whom are with relatives. She alleges that their average time of residence in one place was only a few

months. Ever since coming to Oregon six years ago, defendant has cursed the state and the whole west she alleges. W. M. Peterson is her attorney.

New Check Writer.
The county clerk's office has been supplied with a new mechanical check writer to facilitate the writing of warrants.

Booze Spilled in Street.
At 1:20 this afternoon in front of the office of Justice of the Peace Joe H. Parkes, Sheriff Taylor emptied ten gallons of whiskey into the gutter. It was contraband booze seized several months ago on a John Doe warrant. The owners of the liquor were never found.

Wallowa Girls Challenge.
Contesting the claim of the Pendleton high school girls to the championship of the state, the girls basketball team of Wallowa high school have issued a challenge to the local girls. They assert that they are champions of two counties and that the Pendleton girls only won the championship of two eastern Oregon counties before defeating the Willamette valley champions. The local girls do not feel that the Wallowa record entitles them to dispute Pendleton's claim.

NATIONAL ORANGE DAY CELEBRATED TOMORROW

Restaurants, cafes, and soft drink parlors will feature the day with special orange dishes and drinks. Every man, woman and child is expected to eat oranges tomorrow to help promote one of the greatest industries of a sister state.

POLICE CHIEF RESIGNS.
(Continued from Page 1.)
Accordingly this morning he summoned the council to receive his resignation. Mayor Best was not notified because of his supposed absence from the city. However, the six members of the council who responded had already gathered in the mayor's office at the city hall at 2 o'clock before the mayor put in an appearance. With the exception of Councilmen R. F. Kirkpatrick and H. J. Taylor, all members were present.

Chief Makes Charges.
The meeting was in the nature of a caucus and hence no outsiders were present. However, what transpired inside has leaked out to such an extent that nothing but some of the details seem lacking. Chief Gurdane, it is reported, declared in no uncertain tones that instead of being supported by Mayor Best in his efforts to enforce the law, he had been hampered by him. In this statement, it is said, he was stoutly backed by Councilman Claude Penland who is a member of the police committee. The mayor was directly charged, it is said, with protecting certain law violators, with "double crossing" the police, with "tipping off" police investigations to certain alleged offenders, with participating in a banquet at which beer was served, with stopping proceedings brought by the police against alleged friends of the mayor and with various other practices inconsistent with his position. Even graver charges, it is said, were insinuated.

Mayor Asked to Resign.
In the end, it is said, Councilman Penland demanded that either the entire police force be removed or that the mayor be removed as chairman of the police committee. The mayor is said to have refused to resign, whereupon Penland called for an expression of sentiment to be given in support of Penland, and Councilman Murphy is said to have remarked that, at the next council meeting, the council would see whether steps could be taken to force the mayor's retirement as head of the police committee to which he appointed himself. Councilman Murphy, under whose administration Gurdane was chief, is said to have warmly championed that officer.

Nash Temporary Chief.
Chief Gurdane's resignation goes into effect today and Officer Nash was appointed temporary chief. Gurdane is making preparations to leave, this evening to take up work for the government. In an interview this morning, he made the following statement: "I resigned because I could no longer serve the city honestly and efficiently under existing conditions. Mayor Best's methods are not my methods. I believe in strict and impartial law enforcement and I am convinced that the mayor holds different views. Any charges I made to the council this morning I am ready to back at any time or place. I am sorry to leave Pendleton, which has been my home almost all my life. I have lived here long enough to be known and I am willing to accept the judgment of my townsmen as to my qualities as an officer and as a man."

YOU CAN DO BETTER AT

WE LEAD, OTHERS FOLLOW

Councilman Penland, when asked for a public statement, said: "You may quote me as saying that I am standing squarely behind Gurdane and will secure his reinstatement if I can. I believe he is an honest and efficient officer and has been trying to enforce the ordinances impartially. I supported Mayor Best loyally until I had good reasons for refusing to stand with him longer. I told the council some of those reasons at the caucus this morning and am ready to tell them at the next public meeting of the council if called upon."

HUDSON SUPER-SIX

HOLDS EVERY WORTH WHILE RECORD

There are no important world's records which refer to a stock car that the Hudson Super-Six hasn't won. The best former records are too easy for the Super-Six. The events are too easily won. For instance, in the 24-hour record, 1819 miles, it exceeded the best former record by 52%.

And the Super-Six made the best time in the world's greatest hill-climb up Pike's Peak. The best time for 100 miles. The greatest distance covered in one hour and the fastest time for a stock chassis at the rate 102 1/2 miles an hour.

Here we prove again that the Hudson Super-Six has more endurance than we have ever claimed for it.

What can be more convincing than that round trip across the continent made with a Hudson Super-Six light weight 7-passenger Phaeton? previous records were made with roadsters and stripped cars, but the Hudson at all times carried three, and sometimes four passengers, and with its baggage weighed in excess of 5,000 pounds.

Remember that the Super-Six is a Hudson invention controlled by Hudson patents.

A hundred cars have motors of like cylinder capacity. Many cars have more cylinders. But in the Super-Six vibration has been reduced to almost nothing. That adds 80% to efficiency.
