VICTIM OF RABIES WILL NOT RECOVER

Frank Powers, III in Portland Hospital Has Recurrence of Terrible Spasms.

PORTLAND, Ore., March 10.—Chances for the recovery of Frank Powers, of Hay Creek, Ore., who is being treated at St. Vincent's Hospital for rabies, contracted from the bite of a rabid coyote, were darkened early yesterday morning by a recurrence of the terrible spasms characteristic of hydrophobia.

Dr. David N. Roberg, state health officer, stated yesterday that the maximum amount of serum employed in the Pasteur treatment was being administered to the patient, but that the outlook is very grave.

"If he endures for two or three days longer," said Dr. Roberg, "there is hope of recovery. We dare not intensify the treatment beyond that now given. While I hesitate to say it, the outlook is not encouraging."

Powers rallied shortly after entering the hospital and became rational. He talked with Dr. Roberg about his case, and described the uncontrollable mania that comes over him when the violent seizures occur. He declared that at such times he desired to bite viciously. Within a few hours he again became violent and irrational, and it was necessary to bind him to his bed.

The patient is 50 years of age, and is an employe of the Baldwin Sheep Company of Madras, Ore. Some days ago he went to the rescue of a valuable dog which had been attacked by a rabid coyote. He was bitten on the hand, but neglected to seek the Pasteur treatment. Four days ago he showed definite symptoms of the disease. Thursday he arrived in Portland, manacled and under the influence of an opiate.

HIGH SCHOOL NEWS

The classes in domestic art are planning a one-piece school dress. They are limited as to time and cost. The advanced classes have made some very attractive white tub skirts. They are also learning a few of the principles of millinery.

The night class in domestic science has its last session Monday night. The lesson will be on beverages, cheese dishes and service.

On account of the serious illness of his mother, Mr. Whitman, science professor, has been unable to conduct his classes for the last two days.

All men interested in track were gathered around the bulletin board at high school Friday viewing the three handsome medals exhibited there by the track manager.

These medals will be given to the first three men furnishing the three and one half miles.

HALF AS MUCH WHEAT ON HAND AS YEAR AGO

Government Report Shows 101,000,000 Bushels on Farms of Country.

WASHINGTON, March 10.—A summary of the March crop report for the state of Oregon and for the United States, as compiled by the bureau of crop estimates (and transmitted through the weather bureau), U. S. department of agriculture, is as follows:

United States—Estimated wheat on farms March 1 this year, 101,000,000 bushels, compared with 244,448,000 bushels a year ago and 152,803,000 two years ago. Price on March 1 to producers, \$1.64 per bushel, compared with \$1.02 a year ago and \$1.34 two years ago.

CIRCUS GIVES BIG TIRE ORDER

One Hundred Trucks Will Transport Big Show.

E. H. Cummins, traveling salesman of the Portland branch of the Firestone Tire and Rubber Company, has been in Hood River this week looking after company business and getting his local agents—Gilbert & DeWitt and Foust & Merle, lined up for the busy season that is about to begin. He was accompanied by F. L. Ledcoe of the Walter-Williams Company at The Dalles. Mr. Ledcoe was formerly associated with the Pendleton Rubber Co.

Mr. Cummins states that the United States Circus corporation, the first circus to adopt motor vehicles exclusively as a means of transportation from town to town, has just purchased 100 Kelly trucks and 100 Troy

LOOK AT A CHILD'S TONGUE WHEN CROSS FEVERISH AND SICK

TAKE NO CHANCES! MOVE POISONS FROM LIVER AND BOWELS AT ONCE.

Mothers can rest easy after giving "California Syrup of Figs" because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered. When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative."—Children love it, and it can not cause injury—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs" then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

AFTER YOU READ—RIDE

One cannot read or write a try-out at the Dort steering wheel. He must RIDE it. Personal evidence—outspoken persuasion, and the real truth of any purchase is that the buyer finally becomes his own salesman, and sell HIMSELF.

So, after you have read the claims for all cars—things you must know for comparison's sake—ride in the Dort for your own sake, and check up on PERSONAL EVIDENCE.

Any Dort dealer will gladly give you such an opportunity for he does not wish to PERSUADE, when the car itself will CONVINCe.

Dort service, coupled with the responsibility of the company, the efficiency of the car, and the practicality of its use—here are four salient reasons which stand before the discriminating buyer of a motor car and disappointment, when he buys a Dort.

BUT LITTLE LIVE-STOCK OFFERED

PORTLAND, March 10.—There were 13 loads of livestock reported in the North Portland yards and the day being Friday, it caused some concern in the trade. Nevertheless, aside from the slightly easier feeling in the cattle trade, due to the fact that most of the big killers have ample supplies for their immediate requirements, the trend of the trade is steady.

There were quite fair receipts in the cattle division over night, but five loads—the only full cars—came direct to a packer on a previous country purchase, therefore did not enter the market.

General cattle market range:
Best heavy beef steers... \$9.65 @ 9.85
Best light beef steers... 8.25 @ 8.50
Best beef cows... 7.75 @ 8.00
Best heifers... 7.50 @ 8.00
Ordinary to good cows... 7.50 @ 8.00
Best butcher bulls... 6.50 @ 6.75
Light bulls... 5.00 @ 6.00
Calves... 7.00 @ 10.50
Stocker-feeder steers... 5.75 @ 6.50
Stocker-feeder cows... 5.00 @ 6.00

Valley Hogs Improving.
According to local packing interests the quality of Willamette valley hogs is showing an improvement year by year. A few years ago there was a difference of fully 40 to 50c per hundred pounds between valley stuff and that from eastern Oregon and in favor of the latter. Now the differential is limited. In fact, average offerings from the Willamette valley are bringing all the same price as shipments from other sections. It is quality that kills and killers pay as much for this no matter where it comes from.

General hog market conditions are firm.

General hog range:
Heavy packing... \$14.50
Best light... 12.25 @ 12.50
Rough heavy... 12.50 @ 13.00
Pigs... 11.75 @ 12.00
Stickers... 11.50 @ 11.75

Mutton Comes Direct.
Aside from the three loads of stock brought in by a local meat company from its feed lots there were no arrivals at all in the mutton and lamb trade at North Portland over night.

General strength is shown in the market, but the outlook for supplies is almost hopeless.

General mutton and lamb market:
Best east of mountain
Lambs... \$12.25 @ 12.25
Best valley lambs... 12.50 @ 12.50
Wethers... 11.50 @ 11.75
Ewes... 8.50 @ 9.75
Goats... 4.25 @ 4.50
