

# A NEW DEPARTMENT For Women of Larger Proportions

In keeping with our usual policy of "Doing it First" we have installed a new section within our very complete ready-to-wear shop; namely: **A Suit Department for Larger Women.**

"The World do Move," and we are progressing with it. For now, in the course of perfecting the ready-to-wear garment, manufacturers are specializing on garments for women who have heretofore been unable to find suits to fit them.

Scientific measurements have brought about the perfecting of the following points.

Extra long lines over bust from shoulder to waist.

Extra large sleeves around the muscle. Larger armholes. Garments so designed as to eliminate all tendency to increase the size of the wearer.

We carry a complete assortment of stylish suits for stout women.

The materials are men's wear serge, gabardine, wool poplin and Poiret twill, in black, navy blue, Copenhagen blue and soft shades of grey. Moderately priced from \$27.50 to \$45.00.

We cordially invite your inspection.

# SPRING SHOES

Whose style meets the latest vogue for cleverness and novelty are ready for women who value the importance of harmony in dress. From top to toe they are smart with new ideas and chic ideals.

Costume boots, walking boots and pumps for semi-dress; all models of high character and with distinction in their lines. Shoes that will stand the test of quality by the matchless test of time, \$5.00, \$7.00, \$8.50, \$9.50, to \$10.

## PURE FOOD SHOP BASEMENT

3 PHONES, ALL 15. WE GIVE PENNY CHANGE. CLEANLINESS—ECONOMY—SERVICE  
Taken from Saturday Evening Post, March 10th, written by Forrest Crissey. If you haven't read this article, you have missed something very important to every household.

"The cold truth is that the personal gratitude isn't going to enter into the mind of the consumer—to any appreciable extent at least. The essence of the whole thing is that it is much easier on the consumer to receive a gradual advance than to get a jump of a hundred or two hundred per cent, for example, all at one shot."  
"There are many food items in the luxury list, as well as among the necessities, that are immensely higher now than when these storekeepers placed their future orders; and that, by the same token, are going to keep right on jumping until a new crop comes in or the European war stops. The longer the retailer delays in passing the price increase on these goods to his customers, the more what...

ably the average consumer will be inclined to take this statement with a grain of salt; but the fact is that it needs no discount whatever. No one understands better than the traveling salesman that the average retailer does not make a large profit, even under the most favorable circumstances. With few exceptions, his profits are not only smaller than his customers suppose but smaller than he himself believes them to be. "The consumer who holds the idea that this is the richest harvest-time that his retail grocer has ever seen is entitled to another guess. Instead, it is a time of peculiar anxiety and strain for very many of them. This is a period so far out of ordinary human experience that we have few precedents which will serve as dependable guideposts. For this reason a whole lot of business mistakes are being made; and one of the most common and conspicuous is failure of the retail grocer to pass price advances on to the consumer promptly and courageously."  
"If the present high prices were the result of manipulation, rather than of natural causes that must be apparent to anyone who will look into them as darkness or daylight, then the determination of the retail grocer to serve as shock absorbers might have been of some use; but under the actual conditions that prevail today this effort of one retailer to hold the bag is a piece of pitiful folly."

- CROCKERY DEPT. in PURE FOOD BASEMENT.**

PENDLETON'S GREATEST DEPARTMENT STORE

# THE PEOPLES WAREHOUSE

WHERE IT PAYS TO TRADE.

## FISHERMEN AND HUNTERS CAN SAVE 50¢ ON LICENSES

IF BOUGHT BEFORE MAY 31 FERMENS ARE \$1; THEN NEW LAW GOES INTO EFFECT.

Other Changes in Game Code Made at Session of Legislature Just Recently Closed.

Fishermen and hunters may save fifty cents on each license by buying them before May 31st, as on that date the law passed at the recent session of the legislature goes into effect increasing the price of hunting and angling licenses from \$1 to \$1.50 and a combination license from \$2 to \$2.50. State Game Warden Carl D. Shoemaker says that there has been quite a rush for licenses in many parts of the State, due in all probability to the fact that the raise in licenses will become effective soon. Other changes in the game code made at the session of the legislature just closed are as follows:

Free running dogs, or dogs following upon the track of any game animal, may be declared a nuisance after notification in writing to the owner of dogs, and the animals may then be killed without any criminal or civil liability on the part of the person killing the same.

One-half of all fine moneys will hereafter be sent to the credit of the game protection fund.

Women are exempt from purchasing angling licenses, but must obtain a hunting license if they desire to hunt for any of the game birds and game animals of the state.

The deer season for District No. 1, which is western Oregon, has been shortened two weeks and will hereafter open on August 15th and close on October 15th, the bag limit has been reduced from three to two deer in any season.

In Game District No. 2, the open deer season begins on September 1st and will close on October 31st, with the exception of Klamath, Malheur and Harney counties, where the season will be the same as in District No. 1. Bag limit is reduced to two deer.

The open season on migratory birds throughout the state will be from October 1st to January 15th, with the exception of Malheur and Harney counties, where the season will be from September 16th to December 31st.

The Chinese pheasant hen has been protected and only male birds may hereafter be killed, the bag limit is five in any one day and not more than ten in any seven consecutive days.

In Hood River county a ten day open on male Chinese pheasants has been provided, from October 1st to October 10th, with a bag limit of three birds in any one day or ten during the season.

All over the state the bag limit on trout has been reduced from 75 to 50 trout, or 35 pounds in any one day.

Winter fishing for trout in Game District No. 2 has been prohibited with the exception that trout over 18 inches in length may be caught in the open season on six inch trout begins April 1st and sportsmen are urged to purchase their licenses and carry them on their person as strict orders have been given deputies to check up all anglers found fishing in the streams.

### COMMISSION MAKES RULE.

(Continued from Page 1.)

territories to Pacific coast terminals are found not unreasonably lower and not to have been induced by water competition.

General Readjustment Suggested.

"The rates to Arizona, New Mexico, Nevada, Utah, Wyoming, Idaho, Colorado and Montana, as well as to California, Oregon and Washington, should be adjusted at this time as fully as now can be determined. The facts do not admit of such a finding as is sought by the carriers, the coast cities in the eastern shippers, namely, that present conditions justify lower rates to the coast cities than to intermediate points. Neither do the facts altogether admit of such a finding as is sought by the representatives of the intermountain states, namely, that all of these rates to Pacific coast cities are reasonable and fully remunerative. Some of the rates are unreasonably low; many of the rates, however, are not unreasonably low."

"Rates from all eastern defined territories to all points west of the Missouri river should be so adjusted now that on the return of water competition, which may necessitate reductions in rates to the Pacific coast, the rates to intermediate points need not be disturbed, except the point to which rates may be affected by combination on the coast."

Rates Graded by Distance.  
"The suggestion is made to carriers that carload commodity rates from the Missouri river to intermediate territory west thereof be graded with distance, applying rates not higher than 25, 75, 95 and 95 per cent of the present coast rates to the territory within 400, 550, 1100 and 1650 miles from the Missouri river cities respectively."

Commodity rates from points east of the Missouri river to Arizona points on all items found unreasonably low at present should not exceed the rates from the Missouri by more than 15, 25 and 25 per cent from Chicago, Pittsburg and Atlantic seaboard territories, respectively, and should not exceed certain maximum rates hereafter prescribed."

In detailing the maximum rates an opinion is given as follows:

"In our judgment the rates on these less-than-carload commodities from Chicago, Pittsburg and New York to all territory more than 600

## No Eggs, Milk or Butter

The following recipe shows how an appetizing, wholesome cake can be made without expensive ingredients.

In many other recipes the number of eggs may be reduced one-half or more by using an additional quantity of ROYAL Baking Powder, about a teaspoon, in place of each egg omitted.

### EGGLESS, MILKLESS, BUTTERLESS CAKE

- 1 cup brown sugar
- 1/2 cup water
- 1 cup seeded raisins
- 2 ounces citron
- 1/2 cup shortening
- 1 teaspoon nutmeg
- 1 teaspoon cinnamon
- 1/2 teaspoon salt
- 1 cup flour
- 2 teaspoons Royal Baking Powder

The old method (fruit cake) called for 2 eggs

DIRECTIONS—Put the first eight ingredients into a sifter and beat three minutes. When cool, add the flour and baking powder which have been sifted together, mix well. Bake in moderate oven in loaf pan (round tin with hole in center is best) for 35 or 40 minutes. Ice with white icing.

Booklet of recipes which economize in eggs and other expensive ingredients, mailed free. Address Royal Baking Powder Co., 125 William Street, New York.

# ROYAL BAKING POWDER

Made from Cream of Tartar, derived from grapes, adds none but healthful qualities to the food.

No Alum

No Phosphate

miles west of the Missouri river should not exceed the rates to the same points from the Missouri river by more than 20, 50 and 70 cents, respectively, on articles classified as first class and 25, 40 and 55 cents on articles classified as second, third or fourth class.

Certain Rates Held Not Too Low.  
"Present less-than-carload commodity rates from eastern defined territories to Pacific ports which are higher than \$250 per 100 pounds, are not unreasonably low."

"Rates on barley, beans, canned goods, asphaltum, dried fruits and wine from Pacific coast ports via rail and water routes through Galveston to the Atlantic seaboard should be revised to accord with the requirements of the long and short-haul clause."

Reports to the commission as to the volume of freight going from eastern cities to Pacific coast ports and to intermediate territory were made by the railroads for four months of last year selected by the commission. They showed that while the Pacific ports received approximately 500,000 tons, the intermountain territory received

1,000,000 tons. These figures were considered in reaching the tentative findings.

Germs of Disease should be promptly expelled from the blood. This is a time when the system is especially susceptible to them. Get rid of all impurities in the blood by taking Hood's Sarsaparilla, and thus fortify your whole body and prevent illness.—Adv.

## For Sale—\$15,000.00

Established, profitable coal business including bunkers, trucks, teams, buildings, etc. Will stand rigid investigation. Write.

### Health in the Home Maintained by S.S.S. For Fifty Years

The health of the family is an important question and one that should receive the most careful consideration in every real home.

## S.S.S.

has brought new health conditions into thousands of homes in America—homes where true advertising carries its message, backed by the endorsement of the many, many people who have used it and found that S. S. S. does the work.

S. S. S. stands first to-day as a blood purifier after a fifty-year test. If there were nothing else, that alone would tell the story.

S. S. S. is guaranteed purely vegetable and is most helpful, not only as a blood purifier, but also as a general tonic when the system is run down.

Due to the success of S. S. S. there are many imitations. Therefore, demand the genuine S. S. S. by name. The only object any dealer has in substituting is that he makes more profit on the substitution. Watch for the trade mark.

All good drug stores sell S. S. S.

**FREE USE OF MEDICAL DEPARTMENT:**  
Any member of your family afflicted with disordered blood is urged to use our Medical Department without charge.
