NEWS OF PENDLETON

One Detain in Court.

Paul Woods was given a \$10 or 3 days' sentence in police court this morning for being drunk.

Golf Meeting Tonight.

A meeting of the local golf club is to be held at the Commercial Association rooms at 7:30 this evening.

Game Warden Coming.

State Game Warden Carl D. Shoemaker of Roseburg is expected to arrive in Pendleton Monday to confer with Deputy Warden George Tonkin.

Stricken With Paralysis.

Anton Beauvelinck, a Belgian living in this city, was taken to St. Anthony's hospital this morning for treatment. He is suffering from a stroke of paralysis.

Divorce Suit Filed.

Alleging desertion, Martha Phillips today brought suit in circuit court for a divorce from her husband Albert L. Phillips. Her attorney is W. M. Peterson.

Loss Was \$85.

The loss from the fire which destroyed hams and bacon in the smokehouse of the Cash Market yesterday morning has been placed at \$85 by the adjuster. The loss will be shared by five insurance companies.

Six Feet of Snow.

That snow is now six feet deep on the ground at the sawmill above Weston is stated by J. O. Hyatt, who is here today from Weston. The depth of the snow is causing some concern to people lower down the mountain.

Gets Expert Batterman.

L. N. Nicolls, an expert batteryman and auto electrician, has been employed by the W. J. Burns Exide service station and arrived here this morning from San Francisco to begin work.

Red Cross Wants Rags.

The Umatilla county chapter of the American Red Cross has issued a call for clean white rags, old sheets, pillow slips, aprons, pieces of linen, cotton or Turkish towels. Pieces as small as a good sized handkerchief can be used. Anyone willing to give is asked to leave the package at the county library.

Gusty Weather Forecasted.

The following special stockmen's forecast was made last evening by the Portland weather office and distributed through this section by Supervisor Cryder of the forest service. "Rain or snow with slight temperature changes and strong gusty winds indicated for tonight and Wednesday, probably Thursday."

Humor of Kaiser's Death.

A widely circulated rumor to the effect that the German Kaiser had been assassinated was afloat over the city last evening and many calls were received at the East Oregonian office for confirmation or denial. The East Oregonian telegraphed to Portland and received word that nothing was known of the report there. It is said the report came over the O-W. wires and was spread all up and down the line.

Fear Morrow County.

Sentiment in the west end of the county is strong for the road bonds, declared Carl Gilbert of Echo, who is here today, but he states he has heard reports that, in case they are adopted, Morrow county will refuse to meet the state in building the river road through that country. He states that west enders have no objection to a highway through Heppner to Pilot Rock being paved but do insist that Morrow county co-operate in securing also the river road.

Sentiment in Baker Changing.

That the sentiment in Baker county is rapidly changing in favor of the bonding measure was the declaration of Highway Commissioner W. L. Thompson on his return this morning from Baker where yesterday he met the business men of the community. His session with them was really an all-day affair. Mr. Thompson spoke on road matters and J. V. Tallman, who accompanied him, on "Co-operation" at 2 o'clock in the afternoon. During the afternoon a delegation of 48 went over the bonding measure and post road legislation with him and in the evening another big meeting was held. Many of the people there had been misinformed, he said, and he believes they will rally to the support of the measure.

Watts-Crabbe Case Is Set.

The case brought by Jerusha Crabbe against her half-brothers, M. L. and H. I. Watts of Athena, to have certain deeds set aside will be tried in this city. This was determined yesterday at a hearing in Portland. Counsel for plaintiff sought to have the case tried in Portland. The date set is the second day of the spring term of the federal court in Pendleton.

ton. The federal court will open on the second Monday in April.

Grand Army Man Dies.

Kil Carson Post, G. A. R., lost its commander at an early hour this morning when Elbridge H. Thayer passed away at the home of his daughter, Mrs. W. S. Rowley, 711 Aura street. The veteran was 85 years old and his death was due in part to his advanced age. Mr. Thayer had been a resident of Pendleton for the past eight years and had many friends, particularly in grand army circles. His body will be shipped on Friday to David City, Nebraska, where it will be buried by the side of Mrs. Thayer.

Says Weston for Bonds.

That the community of Weston is lining up almost solidly behind the six million road bonding measure is the word brought back to Pendleton by the representatives of the Eastern Oregon Highway Association who attended a meeting of the Weston Commercial Club last evening. Though the club had formally gone on record before as advocating the measure, a rising vote was taken at the meeting last evening and fully 99 per cent of the 150 or more men present stood up, according to the local men. Those going up from here included President D. H. Nelson, Secretary R. W. Ritner and Senator Frederick Steiwer. Each was called upon to explain something of the new road legislation and of the bonding measure.

BOXING CARD IS GOOD EXHIBITION

FIVE FIGHT BOUTS STAGED IN BUSINESS MEN'S ATHLETIC CLUB LAST NIGHT.

The boxing game was reintroduced in Pendleton last evening when five fast bouts were staged by the Business Men's Athletic Club in the gymnasium back of the Commercial club rooms. A fair sized audience witnessed the card and seemingly approved of it. All of the bouts were of six rounds and were refereed by Charles Jost.

The boxing program opened with a couple of 110 pounders. Young Sloan and Young Willis. The latter won the decision on aggressiveness. Though the smaller he was the more clever and carried the fight to his rangy opponent throughout. The bout proved one of the most popular of the evening.

Let Us Talk to You Just a Minute—

And see if we can convince you that what we say is the absolute truth. Are you aware that you have here in Pendleton a branch of the largest, most powerful and most progressive dry goods syndicate that there is today, and that branch is called the Golden Rule, that we are one of the 125 busy stores of the J. C. Penney Co., Inc., considered by every one all through the country in the 125 localities in which we are located, as being the best place to trade on account of our very reasonable prices and fair treatment. That we have a prestige in the manufacturers that the one store merchant cannot obtain, and that by our large buying capacity, and for strictly cash, we can undersell every other store that comes within our range.

The World's Greatest Motor Car Value

Note these specifications

Engine—Four-cylinder, unit transmission bolted to engine; detachable head. Crank shaft of exceptional size and strength and fitted with large bearings. Cam shaft and cams drop forged integrally from solid bar of steel.

Ignition—Atwater Kent System.

Cooling—Tubular radiator and fan. Thermo-syphon system with large inlet and outlet connections.

Lubrication—Splash system with positive oil pump, delivering oil direct to front and rear main bearings and maintaining constant level in splash pan.

Carburetor—Special atomizer type; dash adjustment to suit starting and running in any climate.

Gasoline Tank—Located under dash cowl, making short and absolute feed to carburetor. Positive feeding qualities, even on steepest grades.

Clutch—Faced with multi-bestos lining; clutch runs in oil and takes hold smoothly and without grabbing.

Brakes—12 inch, affording positive control.

Transmission—Main transmission shaft has Hyatt roller bearing. Jackshaft has phosphor bronze bushing; gears are nickel steel, heat treated.

Steering—16-inch steering wheel; irreversible worm steering gear, adjustable; ball thrust on both ends of worms; steering wheel shaft and spark throttle control rods enclosed in steering column which is rigidly held to instrument board; steering drag link is athwart car and absorbs shock from wheels.

Control—Gear shift lever in center of driving compartment and operated at right of driver; spark and throttle controls operated on quadrant underneath steering wheel. Throttle also operated by foot accelerator.

Instrument Board—Carburetor adjustment, speedometer, light and ignition switch, battery regulator switch, ammeter, dash light and gasoline gauge are carried on this board within sight and easy reach of the driver. Light and ignition switch, ammeter, fuse box and battery regulator contained in metal housing called the electrical control unit, which can be easily removed for inspection or adjustment.

Wheel Base—103 inches.

Tires—30-in. x 2 1/4-in. all around; anti-skid tires in rear.

Wheels—Artillery type of best grade hickory; 12 spokes in both front and rear wheels; equipped with demountable rims.

Rear Axle—3-4-floating type, five Hyatt bearings; axle shafts of nickel steel; gear ratio 2.58 to 1.

Front Axle—Drop forged I-beam section, extra long wheel hub, running on ball bearings.

Springs—Front, semi-elliptic, 32 inches long, 1 3/4 inches wide, fixed in front, shackled at rear. Rear, 2-4 elliptic; lower half 44 inches long.

Frame—Pressed steel with three cross members. Frame is tapered from 22 7/16 inches at rear to 28 inches at front, insuring that the body rests solidly its complete length.

Fenders—Crown fenders, fully enclosed at front and rear between wheels and body.
