

# Easter Stocks Are Now at the Pinnacle of Perfection

AND ONLY 9 MORE SHOPPING DAYS REMAIN.  
EASTER MARKS THE REAL BEGINNING OF SPRING—THE AWAKENING SEASON.

THE SEASON OF BIRDS AND FLOWERS AND GREEN GRASS, WHEN THE WHOLE WORLD "DRESSES UP."  
The spirit is caught by everyone and with it

comes the inevitable desire for new apparel. Everybody wants to be "in tune" with the bright new environment.  
A veritable flood of Easter modes has been

"pouring" into every section of this store for a whole month past; and now we invite you to view this vast assemblage of "quality" merchandise.

## SPRING WASH FABRICS

A dye mine must have been struck somewhere, the colors are beautiful

AND THEY'RE GUARANTEED TOO.

Our stock is the largest we've ever shown and the most varied. When you look it over you'll think you are in the midst of spring time.

## What "Quality" Stands for Here

Quality always determines the price here—the looks of a thing has very little to do with the value that we or you place upon it. The service it gives is the true measure of its worth.

## The Price You Pay---

is the price paid for knowing in advance that your money has secured the utmost value that it is possible to give. It is a rule that has always held good here and it means that no matter what the price may be the goods will be the best of the kind that the price can possibly buy.

## The Inclination to Give---

is far stronger here than the desire to get—and that refers to the quality of everything we sell.

If you do not get the best quality for the price asked we will cheerfully refund your money.

## Handsome Footwear

These are the styles that will lead in the promenade on Easter Sunday—with no "after effects."

The continued vogue of the short skirt make the shoes a conspicuously important part of the Easter costume.

Shoe manufacturers have answered the garment authorities by producing the handsomest styles in footwear that have "ever" been shown. This in spite of the leather market. All that's fashionable or desirable is here—gun metal, dull kid, smart colored kids, patent leathers, etc.

Usually the Easter promenade has its "after effects." The walk makes quite an impression—on the feet. Not so if you select your shoes here—they'll be properly fitted. Prices to please all—\$2.45 to \$10.00 with easy steps between.
