BREEDING SHEEP FIND GOOD DEMAND

COURT CLERKS UPHOLD SHARON
Toll of Adoption of Claimant for
Half \$2,000,000 Estate.
SAN FRANCISCO, March 31.—Two
witnesses in the probate court testi-
fied today that Frederick Wallace
Sharon of Tacoma, claimant to half
the \$2,000,000 estate of the late Fred-
erick W. Sharon, was adopted by the
millionaire in 1892.

The witnesses were John S. McComb
and William J. Henry, who were de-
puties of the county clerk at the time
of the alleged adoption. Henry, who
was a filing clerk, said that he was
given \$100 to keep the records of the
adoption secret, a man he took for an
attorney telling him that Frederick
W. Sharon desired this. He declared
it was customary for all deputies of
the county clerk to accept money for
keeping documents from becoming
public.

McComb testified that he acted as
clerk of the court on the occasion of
the alleged adoption and that he took
notes of Fred W. Sharon's testimony
on the rough minutes of the court. He
said the judge asked some questions
and that Sharon called the boy to the
stand, put his arm on his shoulder
and said:
"This is the boy." The petition for
the adoption was then granted.

"WE ARE A NATION OF COWARDS"
Judge Landis Scores Men Who Let
Militia Fight.
CHICAGO, March 31.—Judge Ken-
saw Mountain Landis in an explosive
address today at a crowded meeting
of the Chicago real estate board, said
what was in his heart concerning the
United States as a nation.

"We are a nation of cowards," said
he, "a population which will sit back
and let a militia fight for it, which
will sit back and permit a hand
man, because of their willingness to
sacrifice, do the entire population's
duty—that population is not worth
fighting for. The men who are op-
posed to conscription are those men
who would not volunteer for service
under any circumstances. A manda-
mus suit would not drag them into
the army."
"If I were czar of America I would
raise an army of 2,000,000 men and
build a navy complete with the great-
est dreadnaught to the latest mos-
quito boat. I would spend \$10,000,000,
000 on it if necessary and consider it
well spent, even if there were no war,
if it prevented a hostile hand from
being laid upon a single American man
or woman."

SPANISH-BORN ARE LOYAL.
Resolution Declaring Patriotic Ideals
is Adopted.
BOISE, March 31.—Spanish-born
citizens of Boise and vicinity today
presented to Governor Alexander and
Mayor Hayes resolutions adopted at
a well attended meeting, promising
their "efforts as citizens and soldiers
if need be, to uphold this government"
and to help it "as freely, loyally and
cheerfully as if we were native-born
citizens."

MICHIGAN MAY PLAY IN WEST.

Working Out Possible Schedules for
1918 Season.
ANN ARBOR, Mich., March 31.—
Athletic authorities at the University
of Michigan are working out possible
schedules for games with western in-
tercollegiate conference teams in 1918
in the belief that the board of regents,
at its meeting tomorrow, will ratify
the proposal to return to the confer-
ence.
Such action would terminate an ab-
sence of more than a decade. Michi-
gan having broken off western confer-
ence athletic relations in the fall of
1915 because of restrictions imposed.

Get the Habit of
Drinking Hot Water
Before Breakfast

Says we can't look or feel right
with the system full
of poisons.

Millions of folks bathe internally
now instead of loading their system
with drugs. "What's an inside bath?"
you say. Well, it is guaranteed to per-
form miracles if you could believe
these hot water enthusiasts.
There are vast numbers of men and
women who, immediately upon arising
in the morning, drink a glass of
real hot water with a teaspoonful of
limestone phosphate in it. This is a
very excellent health measure. It is
intended to flush the stomach, liver,
kidneys and the thirty feet of intes-
tines of the previous day's waste, sour-
bile and indigestible material left
over in the body which if not elimi-
nated every day, become food for the
millions of bacteria which infest the
bowels, the quick result is poisons and
toxins which are then absorbed
into the blood causing headache, bilious
attacks, foul breath, bad taste, colds,
stomach trouble, kidney misery, sleep-
lessness, impure blood and all sorts of
ailments.

People who feel good one day and
giddy the next, but who simply can
not get feeling right are urged to ob-
tain a quarter pound of limestone
phosphate at the drug store. This will
cost very little but is sufficient to
make anyone a real crank on the
subject of internal sanitation.
Just as soap and hot water act on
the skin, cleansing, sweetening and
freshening, so limestone phosphate
and hot water act on the stomach,
liver, kidneys and bowels. It is vastly
more important to bathe on the in-
side than on the outside, because the
skin pores do not absorb impurities
into the blood while the bowel pores
do.

MINNESOTA DOWNS SUFFRAGE.

Large Gallery Hears Discussion in the
Senate.

ST. PAUL, March 31.—The state
senate after four hours' debate today
killed the bill which would have al-
lowed women to vote for president and
vice president.
The constitutional suffrage bill,
granting full suffrage of women on
approval of a majority of the voters,
is still in the senate election commit-
tee. It has passed the house, but op-
ponents declare that it has small
chance of passage in the senate.
Red roses and yellow jonquils, the
badges of the antisuffragists and the
suffragists, decorated the chamber. A
larger gallery than has appeared dur-
ing the present session, awaited the
senators as they filed into the cham-
ber this afternoon.

INDEMNITY FOR STRIKE INJURY

Montana Insurance for Man Beaten
by Strikers.

HELENA, Mont., March 31.—At-
torney General S. C. Ford today ruled
that a man injured in a strike is en-
titled to compensation. The decision
was given the state industrial acci-
dent board in the case of Walter Tri-
ton, an employe of a milling company
in Great Falls, who was set upon and
beaten by strikers, it is alleged dur-
ing the labor trouble in that city.
