"The Most Beautiful Car in America"

Paige cars are made in three sizes. There are two seven-passenger models which sell for \$1495 and \$1375. There is also a five-passenger, 39 horsepower model which sells for \$1175.

The seven-passenger models are, of course, considerably larger than the "Linwood." They are well worth the difference in price. But we want to point out at this time, that all three of these cars are Paiges—blood brothers of the same strain.

So far as a choice between them is concerned, it is simply a matter of your individual requirements. If you can advantageously use a large, sumptuous, seven-passenger automobile, by all means invest your money in a Paige "Stratford-51" or the Fairfield "Six-46."

On the other hand, if a five-passenger model is ample for your purposes, then, decide on the "Linwood-39."

You must approach the matter in the same way that you would choose between a one karat and a two karat diamond. All of these cars are clean cut, flawless gems. In their respective price fields, they represent the utmost that you can secure in automobile value.

We are putting the matter before you in this frank way, because we want to be genuinely helpful. We also want to emphasize—just as clearly as we possibly can—that Paige builds only good cars—quality cars.

But—above all—make it a point to see the Paige line before you buy any car. As a business man, you can't afford to overlook the three great dollar-for-dollar values in the entire automobile field. This is a broad, sweeping statement, but you can establish the facts to your entire satisfaction.

Will you make it a special point to see "The Most Beautiful Car in America"?

PORT HURON, Mich., March 31.—John G. Morgan, of this city, was bound over to the circuit court today for trial for illegally practicing medicine and his case is one of the most unusual and his cures the most gruesome that have ever been brought into this court.

Morgan is charged with approaching a woman on the street and agreeing to cure her gonorrhea.

She paid him the money she says, and received the following cures:

"The a rattler snake around your neck for a short time or rub the goitre with a dead man's hand three times or cross the word 'three' on each hand and rub the word 'each' morning. The last cure will take longer than either of the other two."

**MEN STEAL A GIRL AT CHURCH'S DOOR**  
Called From Brooklyn Service and Dragged, Screaming, Into Waiting Automobile.

NEW YORK, March 31.—Summoned from church by a boy messenger who told her she was wanted outside "on something very important," Margaret Gallo, eighteen, of No. 141 Skillman Street, Brooklyn, was seized by two men as she stepped from the portals of St. Lucy's Roman Catholic church on Kent avenue near Park avenue early last night, carried to an automobile at the curb and whisked away.

The screams of the young woman as she was borne struggling to the waiting machine were heard in the church and the sexton and several men in the rear pews ran out to investigate. By the time they reached the sidewalk the car was under way and the license plate was so obscured that they could not make out the number. Patrolman Pankon of the Poplar street station, a half block from the church, also heard the screams, but arrived too late to get more than a fleeting glimpse of the car. Half a dozen men took up the chase and ran several blocks.

**MILLIONAIRE INTERESTS CLASH**  
J. P. Morgan Would Keep Trade From Exclusive Section.

NEW YORK, March 31.—Property interests of J. P. Morgan and Baron Astor of England, in the exclusive Murray Hill residential section of this city, clashed at a hearing here today on a petition to have certain restrictions on the zoned area removed which prevent Baron Astor from erecting business buildings on property now occupied by residences.

The Murray Hill association represented by Mr. Morgan, is opposed to the invasion of the district by trade. Baron Astor owns a block of houses in the zone and his attorney contended that the restriction amounted to confiscation. He declared the case would be taken to the highest courts.
