DECREASE IN SWINE OFFERINGS

PORTLAND, April 3.—Further decrease in offerings of swine was shown in the North Portland yards at the opening of the week's trade. The market started very slow, killers trying to buy at lower prices because of a weaker tone in the east while holders were asking full prices of last Monday. General hog range: Best heavy \$14.25@14.50, Best light 14.00@14.25, Rough heavy 13.00@13.50, Pigs 11.00@11.50. Cattle Trade Is Holding. Sales reported in the cattle division of the North Portland market for the week's start indicated a

steadily strong tone in the local trade. Early sales of steers were shown as high as \$9.50@9.75, two loads bringing the extreme mark at the start. Other divisions of the cattle market showed a favorable tone. General cattle market range: Prime heavy beef steers \$9.40@9.50, Prime light beef steers 9.20@9.30, Choice beef cows 8.00@8.25, Heifer calves 8.00@8.50, Ordinary to good cows 5.00@5.75, Prime heavy butcher bull 6.75@7.25, Light bulls 5.90@6.50, Stocker-feeder steers 6.00@7.00, Stocker-feeder cows 5.00@6.50. Mutton Market Nominal.

With only a handful of stuff reported as available for the market for the day, the sheep and lamb trade was a dull affair at North Portland. Total run was but 484 head and these consisted principally of breeder stuff. General mutton and lamb market: Best east mountain lamb 13.00@13.50, Best valley lambs 12.50@13.25, Wethers 11.50@12.00, Ewes 10.00@10.75, Goats 4.25@4.50.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incalculable material in the form of ash, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanse purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

AS OUT OF DATE AS HORSE CARS

SAYS CORN RINGS, PLASTERS, RAZOR AND EATING SALVES ARE TABOO NOW.

Good things should be passed along. It is now said that a few drops of a drug called frezone applied directly upon a tender, itching corn relieves the soreness and soon the entire corn, root and all can be lifted out without pain. For little cost a quarter of an ounce of frezone can be obtained from any drug store which is claimed to be sufficient to remove every hard or soft corn or callus from one's feet.

This is a drug recently announced from Cincinnati. It is gummy but dries the moment it is applied and simply shrivels up the corn without inflaming or even irritating the healthy tissue or skin. Cut this out and lay it on your wife's dresser.

LIVE NEWS OF THE NORTHWEST

PORTLAND, Ore., April 3.—Colonel John L. Hayden, U. S. A., is directing militia affairs in the recently created first district of the western department of the army. His offices are in the Morgan building near the headquarters of the Third Oregon regiment. His territory includes all the Pacific northwestern states.

PORTLAND, Ore., April 3.—A determined fight against the petition of the railroads for a flat increase of 15 per cent on both class and commodity rates is under way here today by the West Coast Lumbermen's association. The directors and traffic committee were authorized to appear before the Interstate Commerce committee to oppose the move of the railroads. The lumbermen contend that the Adamson law, on which the railroads base their claim, will not increase the operating costs of American railroads \$67,000,000 annually, as the roads allege. They say that the increased operating costs will not be over \$4,000,000 or 15,000,000. The lumbermen also contend that this is not the logical time for the increase in lumber rates, as the industry cannot stand it.

MOOSE JAW, Sask., April 3.—The women of London and Paris who are running the surface cars are not alone in their unique calling. A number of street cars here are being operated today by women acting as conductors. They wear grey uniforms, with military caps, skirts to just below the knees and leggings.

THE DALLES, Ore., April 3.—With American flags flying from practically every house in town, Patriotic Week in The Dalles came to an end Sunday with a patriotic demonstration which has no equal in the history of this part of the state. The day's program was featured by a parade and mass meeting. Max A. Vogt, presented to Mayor Anderson an American flag donated to the city by Americans of German descent.

PORTLAND, Ore., April 3.—Theodore Brent, vice chairman of the federal shipping board, arrived here today and a committee of local lumbermen and shipbuilders described to him local facilities for building wooden ships. He will be taken on a tour of local shipyards tomorrow.

TACOMA, Wash., April 3.—Two legal instruments on file here in superior court bear thumb print signatures. They are the wills of Mary "Burnt" Charley, Puyallup Indian and centenarian, and of her husband "Burnt" Charley.

ALBANY, Ore., April 3.—The organization of a banking company by local business men and farmers is underway here today. W. H. Paulhamus, known throughout the country for his work in the Puyallup valley, Washington, has agreed to take charge of the work, including not only the management of the canner, but also the overseeing of the planting and cultivation of the proper crops in this district.

MISSOULA, Mont., April 2.—More than 65 students at the University of Montana will receive degrees at the commencement in June. This is a slight increase over the number of graduates last year, when 42 received diplomas.

TAFT SAYS SOUTH AND WEST READY

NEW YORK, April 2.—The south and southwest are ready for war. The great territory in part ceded to Mexico by Zimmerman, hasn't an ounce of anti-war spirit, nor Jingoism, this is Taft's message, after a trip through nine states, returning today. "People feel a war is inevitable," he said. "They feel, as I do, that Germany forced a war on us. Unless the war continues a year, we can't help with an army. We can aid with food, supplies, money and co-operation of the United States navy in suppressing submarines. We should use the army and national guard for home defense, guarding the Mexican border. We should institute immediate compulsory training."

ASK YOUR FRIEND.

There is hardly a neighborhood in any city, town or hamlet in the United States where women cannot be found who have derived benefit from Lydia E. Pinkham's Vegetable Compound. For more than forty years this botanic remedy has been overcoming some of the worst cases of female ills. As one woman has found help she has told another, who has used it with the same result; so the use of this great medicine has spread from shore to shore by the recommendation of those who have found it good. Therefore, ask your neighbor, let her tell you from experience the benefit which all women derive from the use of this famous medicine.

PERSONAL NOTES FROM UMATILLA AND VICINITY

(East Oregonian Special.) UMATILLA, April 2.—P. A. Brown spent Sunday in Stanfield. Miss Alice Lambert returned to Hermiston today. John Olsen sold his farm to Mr. Mathison, who will take charge at once. Mr. Olsen and family will go to Stanfield for the present. T. Pianos of Walla Walla registered at the Duncan Sunday. C. G. Brownell spent Saturday in Pendleton.

At City Auto Co., 726 Cottonwood Street. Telephone 44

Mrs. Elmore McKenzie returned from North Yakima the first of the week. E. E. Starcher returned from Portland this morning. Orville McCullough and Pete Sheridan of Butter Creek were Sunday visitors here. Mrs. Fred Schilke of La Grande was a guest of The Cline Saturday.

U. S. CAN GET OFFICERS FROM CANADIAN-AMERICAN LEGION

(J. W. PEGLER) LONDON, April 2.—Cecil Sam can have plenty of experienced officers from the Canadian-American Legion, if England will permit the transfer. The best indications are such a step is likely. Life is said to be a game of give and take—and most people give a lot more trouble than they are willing to take.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up. Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, snuffing, blowing, headache, dizziness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Balms from your druggist now. Apply a little of this fragrant antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relieves comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.
