

THE HOME OF PENN'S THICK CHEWING TOBACCO

Charlie Penn

Manufacturing Expert of The American Tobacco Company and a famous authority on the manufacture of chewing tobacco.

Penn Factory at Reidsville, North Carolina, where Penn's Thick is manufactured.

9,000,000 Lbs

Nearly one hundred years have passed since the Penns first manufactured chewing tobacco. During that time they have increased the yearly output to 9,000,000 pounds.

THE REASON:—They make the best chewing tobacco sold.

PENN'S THICK Chewing Tobacco

Made only from full-length strips of rich, ripe, perfect leaves, carefully selected and delicately flavored—THAT'S PENN'S THICK.

"It's as mellow as a June apple and as sweet as a nut."

LIVE NEWS OF THE NORTHWEST

U. S. OFFICIALS IN LON. DON PUT ON WAR RATIONS

Walter Hipes Page, American Ambassador to Great Britain, who, like many others in the American colony in London, has put his household on war rations. Dinners are confined to three courses of the simplest fare. Consul-General Skinner is having a coil expert inquire into the availability of the tennis court on his premises as a possible potato patch.

UNIVERSITY OF OREGON. Eugene, Ore., April 4.—"Bill" Hayward, veteran trainer of athletes at the University of Oregon, has signified his intention of enlisting in case war is declared. He may join the second company, coast artillery, Oregon National Guard, to which several of the most promising athletes belong. "We won't have much of a track team, anyhow," said Bill with a grim smile. "Since most of the members of the team already belong to the company, if the boys go away with them and keep them in training." Since coming to Oregon in 1908 Bill Hayward has turned out a winning team every year except one.

EUGENE, Ore., April 4.—Preparations are well underway for the Oregon historical pageant to be given on the University of Oregon campus as a feature of commencement week in June. More than two hundred university graduates and others will take part in the performance, which will symbolize the history of the state from the time of the Indian to the present. Production of the pageant will be under the direction of A. F. Reddie, head of the department of public speaking.

PORTLAND, Ore., April 4.—The babies of the northwest must compete with the warriors of Europe for their supply of milk. Because thousands of cases of canned milk are shipped from Oregon and Washington each month to the countries at war, milk prices are going up. Here in Portland milk delivery companies and dairymen predict an advance from \$3 to \$3.25 a month for a quart delivered to the homes. Creameries and the canned milk people are bidding against each other for milk and the consumer feels the pinch. Moreover, wholesalers say there are no prospects for cheap milk during the summer months because the production of milk is decreasing instead of increasing.

VANCOUVER, B. C., April 4.—This being the "big" year in the four-year cycle in the fishing business, salmon canneries along the Fraser river and throughout this district in general are preparing for a record catch. A shortage of fishermen is all that worries the cannermen.

SEATTLE, Wash., April 4.—And to cut down the high cost of living ladies and gentlemen, let us now introduce Mr. Grayfish, alias, the humble dogfish. Dressed in attractive cans, labeled as grayfish, the pirate of Puget Sound waters—a fish that had a premium on his head for years—is now being sold in every part of the country. People are forgetting their old prejudices against dogfish. "Many of the canneries tell me," says State Fish Commissioner L. H. Darwin, "they are using all the grayfish they can get. It tastes as good, if not better, than fish we have been accustomed to eat for years."

PORTLAND, Ore., April 4.—Two carloads of carp, caught with nets in the Willamette and Columbia sloughs near their way to the Atlantic seaboard where they will find a ready market. Most of the fish are expected to survive the transcontinental trip.

OREGON FLOWER SLIDES TO BE SENT TO SCHOOLS

UNIVERSITY OF OREGON. Eugene, April 1.—Sets of stereoscopic slides showing pictures of Oregon flowers are soon to be distributed among the high schools of the state. They will contain twenty views accompanied by a lecture for the biology instructor to give while they are being shown. Professor Albert R. Sweetser, of the University botany department, is preparing the sets of slides and the distribution will be so arranged that a school may see as many as it desires and pass the slides on to another institution as soon as finished with them.

A large number of flowers have already been photographed for use in Professor Sweetser's extension lectures, and of these he is making duplicates. This library of negatives, he hopes, will eventually contain all of the most important Oregon flowers. The series now under preparation are to be sent out when the flowers are in bloom.

STOMACH ACTS FINE! NO INDIGESTION, GAS, HEARTBURN, ACIDITY

"PAPE'S DIAPEPSIN" FIXES SICK, SOUR, UPSET STOMACHS IN FEW MINUTES.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its quick relief in indigestion, dyspepsia and gastritis, when caused by acidity, has made it famous the world over.

Keep this wonderful stomach sweetener in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach it helps to neutralize the excessive acidity, then all the stomach distress caused by it disappears. Its promptness, certainty and ease in overcoming such stomach disorders is a revelation to those who try it.

Now is the time to realize money on your old junk.

The Best Place in Town to Get CANDY

Is at the store "what has" the "WHITMAN'S" sign.

Nobody in America makes candy like "WHITMAN'S." Others have tried, are still trying, but they can't do it. "WHITMAN'S" stands for the best.

A box of "WHITMAN'S" CANDIES are revelations to people who don't know their goodness.

SNOWBALL DIET SAVES LIFE OF A FISHERMAN

PORTLAND, Me., April 4.—While snowballs as a diet may not have any appreciable effect on the high cost of living, they served their purpose in saving the life of William A. Murphy, a dead sea fisherman hailing from Newport.

Murphy was one of the crew of the fishing sloop Reliance and was out alone in a dory when he became lost, and the Reliance went back to Newport without him. For thirty-six hours his dory drifted about on the ocean, and Murphy had no food and no water to drink.

Lack of water caused him to become so weak that he could not man

the oars, and he gave up, expecting to die, when a snowstorm started. Murphy scraped the fallen snow from the bottom of the boat, made snowballs and ate them. That revived his strength sufficiently for him to guide his dory into the path of the steamship Matoa, of the Warren Transportation company, eighteen miles off Brenton Reef lightship.

The Matoa sighted the dory, took Murphy aboard and brought him to this city today.

COLUMBIA BUILDING BLOCKS

DR. KING'S NEW DISCOVERY FOR COUGHS AND COLDS!

Colds follow exposure

We can't stay in doors in bad weather, and colds often follow exposure. When you have gripe symptoms with sneezes, sniffles and sore throat, get a bottle of Dr. King's New Discovery, for here is a remedy that for nearly fifty years has been the favorite. The soothing healing pine balsams relieve the irritations and stop the cough and the antiseptic qualities kill the germ. Have it handy for gripe, croup and all winter colds. Your druggist has sold it for years.

WILL INTERN BRAND WHITLOCK IN GERMANY FOR FOUR WEEKS.

REARD WHITLOCK

Brand Whitlock, American minister to Belgium, his staff and all American workers of the American Commission for the Relief of Belgium will be interned in Germany for four weeks, according to information which has been received from The Hague.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. See it handy for instant use.

MUSTEROLE
