"Princess Bul-Bul," the operetta given by the glee club of the high school last evening drew a large and interested audience that was warm in praise and appreciation of the undertaking. The operetta is one of the more advanced grade and one seldom attempted by so small a school as the Pendleton high school but under the efficient guidance of Miss Nellie Anibal, musical instructor, the difficult roles were capably handled and the entire performance given with a vim and finish that would do credit to a much larger school. The principal characters were Paul Mortimer as "King Imit," (bass) who handled his part with much dignity and success; Eugene Hampton as "Lord Caspian," whose clear tenor voice won much praise; Miss Pieta Hall as "Ida," the court chaperon (alto) who made a decided hit with both her acting and singing; Miss Jane Murphy as "Lila" (mezzo-soprano) who also contributed some clever acting. Allen McLean as "Alain," (baritone) whose work was splendidly distinctive; Ralph Harrett and Enoch Friedly as "Do Say and Just So," who were warmly applauded and Miss Irene Sanders in the title role. "Princess Bul-Bul," whose lovely voice and pleasing personality were much admired. A chorus of 7 maids of honor and 8 soldiers completed the cast, their performance also being of much merit. The Glee Club orchestra acted as accompanists and gave excellent support, much praise being due to Miss Margaret Colworth, pianist. Next Friday evening the play will be repeated in the Weston opera house.

SEEMS EVERYONE HEARD ABOUT IT

**ALL WANT TO TRY NEW DRUG
THAT DRIES UP CORNS SO
THEY LIFT OUT.**

Good news spreads rapidly and druggists here are kept busy dispensing Ivesons, the recent discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any pharmacy, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

Council Sells to Elks.

At a special meeting of the city council yesterday afternoon, the city accepted the offer of the Pendleton lodge of Elks for the lot back of the present Elks building. At the same time a deal was made with Mrs. Chris Ranley whereby the city acquires possession of the property just across the street at the same price, \$4000. The Elks thus secure the additional room necessary for the enlargement of their building while the city still retains a lot for the property building it intends to build at some future date.

Challenge Is Accepted.

Having read in the papers that D. D. Phelps and J. P. Robinson have challenged any other two golfers in the city for a foursome for any stakes from a golf ball to a plumbage shorn or steam laundry, Judge G. W. Phelps also a golf enthusiast, has made a proposition to the other Phelps (no relation) to meet him in a twosome, the stakes to be their respective positions on the school board and library board. The loser is to fill both positions in the future and with such a stake both men feel that they could play their best game.
