EXCESS AND PROFITS TAXES LIKELY TO BE GREATLY RAISED

WASHINGTON, April 8. — While the president and cabinet discussed means of financing the war today, leaders in congress considered the problem and agreed with the president's idea that most of the expense should be met by taxation upon the present generation, which they feel will derive the greatest benefits from the war.

Republican Leader Mann thinks comparatively little money can be raised by taxation, but democrats of the ways and means committee believe unexpected resources can be turned up through new taxes.

Although no definite plans have been laid, it is known that the excess profits tax will be greatly raised. Excise taxes, too, it is declared, are certain to be raised.

Insomnia.
Indigestion nearly always disturbs the sleep more or less, and is often the cause of insomnia. Eat a light supper with little if any meat, and no milk; also take one of Chamberlain's Tablets immediately after supper, and see if you do not rest much better. Obtainable everywhere.—Adv.

Young men who enlist now show that their hearts are in the right place and functioning properly.

The Weekly Bulldogger

MONDAY, APRIL 9, 1917.

Nathan Hale Up to Date.
"I regret that I have but one wife to give for my country," said Jack Robinson as his wife joined the Red Cross.

Conraband of War.
"What does 'martial spirits' mean?" asked John Hamley who was reading the war news.
"That's the confiscated booze the marshal has to pour in the gutter," replied Harry Leedy.

Spell It "Kernels" and We'll Call 'Em Nuts.
A. J. McAllister and Doc Vincent are raising a regiment of colonels and they have their roll complete with but one exception. They want one private to act as bartender.

We Hate to Pull.
"Chickens Wanted" read a sign in the window of the Empire Meat Market last week. Two young lady school teachers, in search of employment for the summer months, read the sign and presented themselves before Proprietor Grulich. "We came to answer your ad," they said pointing to the sign.

Eggs-actly.
"I see that the party had an Easter setting," said his wife reading the society columns.
"Must have been a hen party," said Bill Lowell.

Safety First.
"What branch of the service are you going to enlist in?" asked one of the prospective recruits of Bert Jerrard.
"I think I'll go in the Red Cross," said Bert. "I always did like to knit."

We Auto.
We've had our car in neutral. As we coasted hour by hour. Till the bloomin' bloody kaiser. Thought we didn't have no power. Now we'll show him how to travel. When we slip her in the clutch. We'll open up the throttle. And go out to beat the Dutch.
By N. LIST.

Front!
"We most respectfully suggest to Colonel Wood of Weston and Colonel Boyd of Athena that they declare a truce to their age-long interurban warfare and offer their titles and their reputations at least to Uncle Sam for use in striking terror into the kaiser's heart."

Mad Doc.
H. C. Mousen has written to E. F. Averill, predatory animal inspector, suggesting that he go over to Germany and examine the kaiser. He says he is positive the kaiser has the rabies and ought to be either killed or confined.

They Are Also a Herculean Food Supply.
The long-aching season and the war with Germany having arrived at the same time, only one lady of the city is inspired to urge a novel appeal to save the box-woves from de-

struction. The following letter was written to the East Oregonian, but the Bulldogger saw it first and appropriated it. The name of the lady is omitted for reasons of our own.

Dear Editor:—I wish to say a few words in time to "The Dog Catcher." I wish you would have mercy on all the dogs and spare their lives. Because it seems like every moment approaching is drawing us closer and closer toward the great and terrible war. We can soon learn our dogs by a little effort to recognize the U. S. uniforms of the soldiers and they can soon learn the enemy's uniforms. And we may need their help in carrying messages, bringing us word of the enemy's approach and also bringing word of the wounded and in various other ways. There are many who are not able to pay taxes on their dogs. But be merciful and spare their lives for a while longer. As their help we may appreciate in the future.

Adding Years.
Since the age limit for universal service was announced, many young men have been aging fast.

Answers to Queries.
Tom M.—Some say it's the muddy water and some say it's the late season that accounts for the poor fishing right now. Personally we incline to the belief that the fish have heard of Bob Sander's new angling outfit and have fished their way to safe retreats.
Johnny—We don't know how Webster pronounces it but we pronounce it pass-a-fist for the suggestion it carries.

Spring.
Spring is looked upon by many as the most delightful season of the year, but this cannot be said of the rheumatic. The cold and damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved, however, by applying Chamberlain's Liniment. Obtainable everywhere.—Adv.

FRANZ BOPP WILL ARRIVE IN SAN FRANCISCO
SAN FRANCISCO, April 7.—Franz Bopp, German consul general, will arrive at San Francisco to surrender before night. He telephoned the United States district attorney when he learned he was wanted.

Why Constipation Injures.
The bowels are the natural sewerage system of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere.—Adv.

DEATH HALTS IDAHO GLEE CLUB'S TRIP
Vernon Henry, Student Manager of Circulation Killed in Auto Mishap After Concert Saturday.

BOISE, Idaho, April 8.—The trip of the University of Idaho Glee Club through Southern Idaho tragically terminated here yesterday when Vernon Henry, student manager of the organization and son of Superintendent Henry, of the Moscow City schools, died as the result of injuries from an automobile accident.

After a concert here Saturday night, the club members were taken for an automobile ride. Mr. Henry was in the car driven by Donald McGirr, of Boise. While on the Fairview road, just outside the city, the machine ahead of McGirr's slowed down. McGirr put on the brakes, but the light on the left side of the machine was out and the car ran off the grade and turned half way over. Mr. Henry was thrown through the glass windshield and an artery in one of his legs was severed. None of the other five occupants were injured. He was rushed to a hospital and died at 11 o'clock yesterday. The physicians said the wound was not fatal, but that the shock killed him.
Mr. Henry was in his senior year in the university and is the only son of Superintendent and Mrs. Henry. He was popular in college and had a rich tenor voice. The club, on a tour of southern Idaho, has cancelled all dates and will return with the body to Moscow.

BRITAIN TO PROBE NATIONAL SERVICE

Results Have Not Been Satisfactory and Bureau Management is Blamed.

LONDON, April 8.—Lord Milner and Arthur Henderson of the war council have been instructed to investigate the management and working of the national service scheme. For some time this branch of the government has caused concern, the Daily Mail reports, the results have not been satisfactory and lately the part taken by the employment exchanges has caused friction.

The national service department was organized last December to see to it that everybody did his duty, and especially to provide labor for important industries, notably the concerns furnishing munitions and other supplies to the government. Neville Chamberlain, second son of the late Joseph Chamberlain, was chosen director general of the national service. He was then Lord Mayor of Birmingham and he resigned in order to devote all his energies to the scheme. In February the press began to criticize his management and the dissatisfaction with his methods has increased.

BROKEN DOWN IN HEALTH

Woman Tells How \$5 Worth of Pinkham's Compound Made Her Well.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."
—Mrs. JESSIE MOYER, 542 E. North St., Lima, Ohio.

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.
