**HOW FEARS ROBOENS WOULD USE GUNS AGAINST GOVT.**

WASHINGTON, April 25.—Pacific, conscientious objectors and representatives of unorganized workers appeared today before the senate military committee. James Eads How of St. Louis, known as the "Mill Bomber Hero," speaking for military workers, said if guns were put in their hands he feared they would use them against the government. Joseph Cannon, a labor organizer, predicted that the selective draft and

higher prices of food would lead to riots and that "blood will flow in the streets."  
Mrs. W. I. Thomas of Chicago, executive secretary of the Women's International Peace Party, characterized the war as an alliance "between Lombard and Wall streets."  
Grant Hamilton of the American Federation of Labor, said labor stood solidly against conscription.  
Don't judge a woman by the company she is compelled to keep.

## CITY WILL NOT BUY MAGAZINES

Attorney Holds That Under Law City Can Only Buy Books or Magazines for its Own Library.

The smouldering library controversy flared up for a few minutes at the council meeting last evening when Mrs. J. P. Robinson appeared before that body and attempted to secure \$200 with which to purchase magazine renewals for the county library. She encountered an obstacle insurmountable, at least for the time being, in an opinion of City Attorney Fee.

The city attorney held that under the law the city could not appropriate any money for the purchase of books or magazines for any library other than its own. Mrs. Robinson read from the library statutes a provision whereby the city may appropriate money for the "maintenance" of any public library within its midst. The city attorney held that the purchase of magazines was not maintenance. Mrs. Robinson appealed to the council but that body seemed to "take the sound of library," as Councilman Murphy put it.

Mayor Best declared that the city paid a city attorney for his advice and would accept it as long as he was retained.

**Mayor Refuses to Sign.**  
The council had previously voted the \$200 but the warrant has not been signed by the mayor. Mrs. Robinson asked the council to compel the mayor to sign the warrant. The mayor said he would refuse until convinced that the warrant was legal. Asked whether he would accept the opinion of other attorneys on the point, he said a court decision would be necessary.

**Attorney is Firm.**  
Mrs. Robinson declared that it was a burning shame that Pendleton could not provide magazines for her own citizens when the little towns of Pilot Rock, Helix, Milton and others of the county were making such appropriations. In a private conference with the city attorney, she tried to win him over but he was obdurate in his views of the law. He didn't care, he said, whether the council made the appropriation but his honest opinion of the law was that such procedure would be illegal.

**Safe Medicine for Children.**  
"Is it safe" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium or other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take, too, which is of great importance when a medicine must be given to young children. This remedy is most effective in relieving coughs, colds and croup. Obtainable everywhere.—Adv.

## Amusements

What the press agents say about Pendleton's present and coming attractions.

"A Daughter of the Gods," hailed as the last word in magnificent moving picture sensations is announced as the attraction at the Arcade Theatre May 2 and 4.  
In this picture beautiful, featuring Annette Kellermann, William Fox, its creator, has spent \$1,000,000 in making it something that must stand for a long time to come as an epoch-making event in the world of reel life. Some of the sea pictures in which Miss Kellermann figures with 200 mermaids, for beauty of composition, lighting and general artistry, have never been equaled either on the screen or the painted canvas.  
Some idea of the magnitude of the undertaking may be gained from the knowledge that 20,000 persons, 5000 horses, a fleet of steamships and an entire island were needed to properly stage this titan of spectacles.  
No area in the United States proved large enough, or suitable, for the purpose of proper production so Mr. Fox leased from the British government an entire island at Kingston, Jamaica, in order that no detail might be left out of this perfect film.

**Alta Theater Friday and Saturday.**  
Beatriz Michelena in "The Unwritten Law."  
"The Unwritten Law" is a seven part photodrama adapted from Edwin Milton Royle's stage success of the same title. The story is wholesome and big and develops through breathless suspense to one of the most thrilling climaxes ever attained in motion picture art. An advance synopsis of it here is inadvisable and would detract from one's later pleasure in seeing it, since much of the interest of the development of the plot on the screen hinges on a thread of mystery and surprise that is spun out, with clever producing touches, to the very end of the story.

If it were necessary to pick one outstanding feature from the many elements of greatness that this production embodies, it would undoubtedly be the emotional power of Beatriz Michelena's acting. Miss Michelena's impersonation of Kate Wilson in this picture is her greatest achievement since forsaking opera for the screen. Every critic who has reviewed the film has declared her work a marvel both in power and finish.  
"Billboard" declares that: "Volumes would inadequately describe her wonderful portrayal of the woman," while such publications as the New York

**Why Constipation Injures.**  
The bowels are the natural sewerage system of the body. When they become obstructed by constipation, part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere.—Adv.

## Spring Fever?

This is the time of year to look out for trouble! We feel weak—our blood seems hot—no appetite. It's time to clean house! This is when the blood is clogged and we suffer from what is commonly called a cold.

Doctor Pierce's Golden Medical Discovery (in liquid or tablets) purifies the blood and entirely eradicates the poisons that breed and feed disease. Pure blood is essential to good health. The weak, run-down, debilitated condition which so many people experience is commonly the effect of impure blood. Dr. Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and it enriches the body with an abundant supply of pure, rich blood. For sale by druggists.

Take it as directed and it will search out impure and poisonous matter in the stomach, liver, bowels and kidneys and drive it from the system through the natural channels.

## ASK YOUR NEIGHBOR!

Portland, Oregon.—"Dr. Pierce's remedies have been used in my family for years, and with good results. I always gave my children the 'Golden Medical Discovery' as a tonic in the spring. My husband took it for poor blood, torpid liver and indigestion. My daughter found it from indigestion. I am glad to recommend Dr. Pierce's Golden Medical Discovery."—Mrs. M. Cunningham, 509 Ross Street.

**Catarhal Deafness Cannot Be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness and that is by a constitutional remedy. Catarhal Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or a perfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and the tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Dr. Williams' Catarrh Cure acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Dr. Williams' Catarrh Cure. Circulars free. All Druggists, etc.

## "Four-Ninety" Touring Car \$635 F. O. B. PENDLETON.

The Chevrolet Four-Ninety Touring Car is a car of ideal economy. It gives you the most value for your money. The Chevrolet delivers the maximum power to the rear wheels. It accomplishes this feat through simplicity of mechanism. This compels directness of action. The result is more power and speed and less fuel and expense.

The path of Chevrolet power is short and direct. The vaporized fuel enters directly into the valve-in-head motor. The impart of explosion strikes full against the piston head. It is an act of face-to-face co-operation.

The fullness of the force is exerted immediately on the rear wheels. No fraction of a second or horse-power is unduly spent. The Upright power plant type of construction does the business.

And the result is, of course, that you ride faster and farther on one gallon of gasoline in this particular model. That is economy. And that is what you will find in the Chevrolet Four-Ninety.
