### Honor Cards for Recruits.

Families from which a member goes to join the U. S. navy will receive a card, with silk cord attached, to hang in the window of their home as a mark of distinction for having contributed a man to the service of their country. A message to this effect was received by Recruiting Officer Swartz this morning. Each recruit will be given a card with a franked envelope for sending it to his family. This method has been used in other countries with good results.

ITHACA, N. Y., April 25.—Spring Day, one of the features of Cornell college year, was called off for this year at a meeting of the Athletic council here today. There will be no "parade" starting from downtown up to the campus in the morning, no circus on Schellkopf field, no baseball games in the afternoon, no crew races on the lake. power in dealing with bootleggers. It does not deal with illegal importations inasmuch as the city has no jurisdiction over such violations.

An ordinance superceding the ordinance recently passed prohibiting booths, alcoves, stalls and boxes in restaurants, etc., was passed. It is the same as the former one except that it eliminates the provision giving authority for the maintenance of separate rooms in eating places if they contain 200 square feet.

### Billboard Ordinance.

An ordinance regulating billboards in the city was also adopted. It provides for a \$25 per year license, prohibits the posting of any immoral or obscene posters, requires a 1-1-2 foot clear space beneath all billboards, limits their height from the ground to 14 feet, requires permits for construction of signs, and prohibits the posting of any signs or notices on posts, poles, bridges or buildings without the consent of the owner. It also provides penalty for violations.

An ordinance authorizing the mayor to accept on behalf of the city the protection of the Workingmen's compensation law for all firemen in the city, was adopted.

An ordinance fixing the salary of the city employees in conformance with the increases recently authorized was adopted. It was found by the city attorney that the salary of the city recorder could not be increased during his term in office because of an ordinance passed when the recorder was elected. The salary of the matron of the rest room was increased from \$25 to \$45 a month. The other increases are as reported before. The following are the salaries fixed by the ordinance: Marshal \$110, police 90, fire chief \$100, recorder \$85, city attorney \$75, street commissioner 80, sexton \$4, treasurer \$25, matron \$45, fireman, first driver 39.

Three bids for the construction of the new sewer were opened and referred to the sewer committee. They were from E. C. Day, O'Sullivan Construction Co. and G. D. Smith.
