

Social and Personal

Mrs. George Shanard and daughter, Miss Mary Alice Shanard left yesterday for a brief visit with friends and relatives in Forest Grove and Vancouver.

A very pleasing program was presented yesterday afternoon at the meeting of the three women's organizations of the church of the Redeemer held at the rectory. Following the business session Miss Sophie Anderson sang several solos accompanied by Miss Helen Anderson and Miss Thelma Saling played several violin numbers with Edna Saling as accompanist. The ladies have decided to give a dinner in about two weeks to raise funds for the church. The meeting yesterday was well attended.

An unqualified success was the Yeoman dancing party in Eagle-Woodman hall last evening. The affair was largely attended, \$55 being cleared. Dancing continued until a late hour.

Mrs. Harold D. Foster of Sunnier, Wash., is visiting her parents, Dr. and Mrs. W. G. Cole of Irvington, for a few weeks. Several informal affairs have been planned to honor her—Portland Oregonian.

Miss Bernice Ruppe, formerly a prominent singer at this city, is singing here as the guest of the program of the big patriotic tea given by the Portland Red Cross chapter at the Meier and Frank's and Olds, Wortman & King tea rooms this afternoon.

For the pleasure of Mrs. W. W. Smith of Wallace, Idaho, who is spending some time here as the guest of her daughter, Miss Gladys Smith, Mrs. A. L. Schaefer and Miss Smith have asked a number of friends to make up three tables of auction bridge Friday afternoon at the home of Mrs. Schaefer.

The members of the Inspiration Club were charmingly entertained yesterday with Mrs. Charles Blumberg as hostess at her apartments in the Hotel Pendleton. The afternoon was pleasantly and profitably spent with fancy work, music and sewing for the Red Cross. A dainty collation was served. The rooms were prettily decorated in daffodils and other spring blossoms. Mrs. A. D. Hoover of Sacramento and Mrs. Charles E. Heard were the honorary guests.

Mrs. J. T. Richardson has returned after a visit of a week with friends in La Grande.

F. J. Colburn of La Grande is at the St. George.

R. A. Titus of La Grande spent the night in the city.

H. E. Blevins of Cove is among the visitors in Pendleton.

R. H. Bruce of Enterprise, Walla Walla county, was visiting friends in the city yesterday.

Mrs. T. J. Robnett of Wasco will arrive this evening to visit her brother, J. P. Walker.

John Schmidt, who was in from his ranch on upper McKay yesterday, says the snow is now gone from the bottom lands but that the roads are extremely bad in his neighborhood.

Daughter is Born. A nine pound daughter was born yesterday to Mr. and Mrs. Frank Quinan of this city.

Chinaman Accused Again. Charged with bootlegging, O. K. Joe, local Chinese who was fined in police court recently on a similar charge, will be arraigned before Justice of the Peace Parkes this afternoon.

Boy Died of Cancer. Arthur Clark, the 11 year old son of Mr. and Mrs. W. H. Clark, who came here recently from Wasco county, died yesterday at the family home on Hazel street of cancer of the face. The funeral will be held tomorrow afternoon at 2 o'clock at the Brown chapel. Rev. R. E. Gornall of the Methodist church will have charge.

Berg Arrives For Match. John Berg of Spokane, who is to meet I. A. Johnson this evening at the Oregon theater, arrived in Pendleton this morning. He will weigh in at 175 pounds which will place him under a handicap of 25 or 30 pounds. However, he figures his speed and science will offset this handicap. He met Johnson about eight months ago and won from him and he believes he can duplicate his victory. Johnson's strength makes him a formidable opponent and, once he gets his favorite holds, there isn't a man living that can escape, according to Berg.

U. S. CAN PUT SIGN BOARDS ANYWHERE. Ordinance Regulating Posting is Modified by Council.

Out of deference to Uncle Sam during the war, the recently drawn up ordinance regulating bill boards and posting will be modified to give to the government the right of putting up their notices and advertising posters anywhere in the city without the consent of the property owners. The ordinance as originally drawn would have prohibited such posting.

Another concession to the war was made last evening when the council favored granting an extension of time to a property owner who intends enlisting in the army for putting in a concrete walk in front of his property. He had been ordered to do so at once by the street commissioner but will now probably have several months longer.

The bid of E. C. Day for the construction of the Wilson and Blaine street sewer extension was accepted last evening. His bid was \$1937.

A communication was received from R. A. Colob, a civil engineer of Portland, asking to be permitted to draw the plans for the proposed septic tank.

BOUT TONIGHT IS A STRONGMEN BATTLE

Both Johnson and Berg Have Exceptional Strength and Are Adepts in the Art of Wrestling.

A battle of strongmen will be the wrestling bout this evening at the Oregon theater between I. A. Johnson, the Swedish giant, and John Berg, the Spokane heavyweight. Both men have exceptional strength and each is adept in the art of the wrestler.

Johnson does some amazing stunts to prove his abnormal strength. Besides lifting 24 men at one time, he takes three packs of playing cards and tears them in two by the great strength of his hands. Such a grip fastened on one of Berg's ankles would be a most formidable thing to overcome. Berg, however, is no weakling and no novice at the game. He has met the best men in the world and held his own with all save the champions.

Promoter Ray McCarroll has planned three preliminaries and promises that the wrestling card will start promptly at 8:30 o'clock. The main event will be a finish and if the audience is not satisfied Mr. McCarroll promises to return the money.

NIGHTS 7 to 9.—SUNDAYS 2 to 5

Glover—'Dame Curtsey's' book of salads, sandwiches and beverages. These subjects are covered in other books, but they are here presented in attractive form, convenient for the hostess who is seeking variety in her refreshments. There are some unusual combinations and suggestions.

Hunt—Life of Eben H. Richards. A biography and an appreciation of a woman whose innate longing for service and love for pioneering were turned to a wide usefulness in the field of home economics.

Kirkmann—The modern knitting book. A book of ideas for knitted underwear, coats and wraps, caps and hoods, babies' and children's garments, socks and stockings, also new patterns in fancy knitting.

Mauzy—A penny lunch. A description of the plan worked out in the normal school, Louisville, Kentucky. Gives details and cost of equipment, management and menus. Suggestive to all who are attempting to serve food at a low cost to large numbers.

Richardson—Adventures in Thrift. A young married woman of New York City, and some of her friends, among whom is a rich girl whose romance with a poor man is temporarily shattered, have adventures together in testing modern methods of reducing the cost of living by wise buying. They attend lectures, read pamphlets published by the Housewives League, investigate cooperative buying clubs, parcel post delivery, cooperative stores, and communal kitchens. Suggestive to any housewife and may inspire further study.

Shoemaker—Chemistry of food and nutrition. The chapter on iron in food and its function in nutrition is the best in print. The chapters on fuel value of foods and body requirements are thorough. The food value data in the appendix will be invaluable for reference.

Shoemaker—Food products. During the past few years great advances have been made in both food legislation and scientific investigation in food values. The results of these recent advances have been incorporated into this book. A chapter is devoted to each of the important food products, milk, cheese, eggs, meats, grain products, etc., considering in the case of such methods of production and preparation for the market, composition and general food value, questions of sanitation and standards of purity, and special characteristics of digestibility and nutritive value.

Weed—Chemistry in the home. A very good elementary text, intended for high-school students who elect chemistry early in their course. Avoids the theoretical as much as possible, and in simple language describes the chemistry of water, oxygen, hydrogen, heat, acids, metals, foods, textiles, the laundry, dyes, etc.

Wiley—Not by bread alone. Popular articles reprinted from Good Housekeeping, dealing with food properties and values, nutrition, digestion, diet, feeding of infants and children, race regeneration, old age, diet and disease. Six tables give composition and fuel values of food.

WELL KNOWN PORTLAND WOMAN SPEAKS

IT'S THE SAME IN ALL OREGON.

Portland, Oregon.—"I send this statement with great pleasure. My daughter owes her life to the use of Dr. Pierce's Favorite Prescription. She was a very delicate girl before using your medicine."

"I have used the 'Prescription' for weakness peculiar to women and found it perfectly wonderful. I have used Dr. Pierce's medicines for over thirty-five years."

"My husband has used the 'Cough Syrup' and thinks it is great."—Mrs. L. A. Foster, 1602 E. 8th St., W.

When a girl becomes a woman, when a woman becomes a mother, when a woman passes through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances.

At these critical times women are best fortified by the use of Doctor Pierce's Favorite Prescription, an old remedy of proved worth that keeps the entire female system perfectly regulated in excellent condition.

Mothers, if your daughters are weak, lack ambition, are troubled with headaches, lassitude, and are pale and sickly, Dr. Pierce's Favorite Prescription is just what they need to surely bring the bloom of health to their cheeks and make them strong and healthy.

For all diseases peculiar to women, Dr. Pierce's Favorite Prescription is a powerful restorative. During the last 50 years it has banished from the lives of tens of thousands of women the pain, worry, misery and distress caused by irregularities and diseases of a feminine character.

THE MAGIC FLUID

Few drops and corns or calluses loosen and lift off with fingers. No pain!

The world owes thanks to the genius in Cincinnati who discovered freemone, the new ether drug. Tiny bottles of the magic fluid can now be had at any drug store for a few cents. You simply apply a few drops of this freemone upon a tender corn or painful callus and instantly the soreness disappears, then shortly you will find the corn or callus so loose and shriveled that you lift it off with fingers. Not a bit of pain or soreness is felt when applying freemone or afterwards. It doesn't even irritate the skin or flesh.

For a few cents one can now get rid of every hard corn, soft corn, or corn between the toes, as well as painful calluses on bottom of feet. Everyone who tries freemone becomes an enthusiast because it really doesn't hurt or pain one particle. Genuine freemone has a yellow label. Look for yellow label.
