EXPLAINS AUTO TAX. (Continued from Page 1.)

They ask us to borrow \$5,000,000 at 4 per cent and build roads with it that they may have the use of them while they pay for them.

If they can have the use of these good roads, they will be able to save many times the amount of their license fees in time, gasoline and machine, and thereby the burden is transferred from their shoulders to the producers of these tires, gasoline and machines, and we are in effect capitalizing waste.

Also saves Towing Cost. In addition to this, I want to submit to you these facts: The farms in Oregon now produce approximately 1,500,000 tons of prod-
