FAMOUS WAILING WALL IN THE HOLY CITY OF JERUSALEM

WAILING WALL, JERUSALEM. The famous wailing wall, which is a part of King Solomon's temple, in the city of Jerusalem. Indications are that the Holy City soon will be in the hands of Christians for the first time since the Crusades, falling to the British armies operating in Palestine.

BEST HOGS SOLD AT \$16 PER

PORTLAND, May 21.—There was a slightly greater run of hogs, calves and a fair one in sheep, but a loss of cattle in the North Portland yards during the week.

Hogs touched a new high record early in the week at \$16 at North Portland, although there were strenuous efforts among buyers to force a decline from last week's value.

Demand for swine retained a strong tone all through the week, and all of the top quality stuff brought extreme values.

General hog ranges: Best heavy \$15.75@16.00, Best light \$15.00@15.75, Rough heavy \$14.50@15.00, Pigs \$14.00@14.25, Stockers \$13.99@14.25.

Good Cattle Steady.

Steady tone was generally shown for good quality cattle at North Portland during the week. The decreased run was mainly in the dairy stuff, but the trend of the trade for this class of offerings was not good, and values were about 50c lower while tops held practically unchanged.

Reports from the interior indicate that the big runs of fed cattle are over for the season. The local trade seems to realize this, for it is making an effort to line up sufficient supplies of crassers from the south.

General cattle market range:

Prime light beef steers \$10.50@11.25, Prime heavy beef steers \$10.50@10.75, Choice beef cows \$9.00@9.50, Ordinary to good cows \$8.25@8.75, Prime heavy butcher bulls \$8.00@8.50, Light bulls \$7.50@7.50, Calves \$7.00@10.00, Stocker-feeder steers \$7.00@8.00, Stocker-feeder cows \$6.00@7.50.

Sheep Trade Quiet.

While most of the sales of sheep and lambs at North Portland during the week would indicate a weaker tone and lower price here, actual conditions are just the reverse. There was really nothing of top quality available for the trade during the week.

A better movement is expected within the next week or 10 days, shearing operations now being general in the interior. From 10,000 to 12,000 head are expected to move east within a short time.

Nominal wool mutton and lamb market:

Best east of mountain yearlings \$12.50@13.50, Best valley yearlings \$12.25@13.25, Ewes \$11.00@12.00, Best east of mountain spring lambs \$13.50@14.00, Goats \$4.25@4.50, Best valley lambs \$13.00@13.50, Shorn stock 1 1/2¢@2¢ per lb. less.

BOYS AND GIRLS OF COUNTY INTERESTED IN INDUSTRIAL WORK

E. W. Montell, County Club Leader, on Trip Through West End Finds Young People Much Enthusiastic.

The boys and girls of Umatilla county are taking a vital interest in the industrial club movement, not only as a means of helping produce more food but as means of making large returns on their investments. On a trip through Echo, Stanfield and Hermiston, E. W. Montell, county club leader found the boys and girls extremely interested in the industrial club work. In Echo a committee composed of E. W. Hammon, manager, R. E. Lewis and Mrs. J. F. Cook was formed to encourage the girls canning work and to bring together the producers and consumers of the neighborhood so that the product might be obtained as cheaply as possible this summer. The boys will be employed on the ranches on account of the scarcity of labor.

Philip Fancett was elected president and William Rees secretary of the industrial club which was organized in Stanfield. The club has an enrollment of 20 members and has scheduled regular meetings during the summer. The first one is to be held on June 8.

In Hermiston many of the boys are going to work on the ranches. However practically all of those who will be working at home joined some project.

Marion Briggs was elected president and Frances Hinkle secretary of the Hermiston canning club which was organized by the high school girls. The club has a membership of 14 girls.

Mr. Montell leaves today for Athena, Weston, Milton and Freewater.

WORMS HANDICAP YOUR CHILD. Worms drain the strength and vitality of children, making them dull and listless. Their power to resist more serious diseases is reduced and energy and interest in play is lacking. Kickapoo Worm Killer is a mildly laxative remedy in candy tablet form that children like to take. It kills and removes the worms and lets your child grow strong and healthy like other children. Don't let your child be dragged down by worms. Full directions on the box. At all druggists, 25c.

HAS NO SEED TO SELL OR FOR DISTRIBUTION

Department of Agriculture Busy Locating Supplies for Shortage.

WASHINGTON, May 19.—No seed for free distribution nor for sale is at the disposal of the United States department of agriculture. The department, however, through its committee on seed stocks, is receiving daily telegraphic and other reports, as to available supplies of seeds of crops for late planting, and will assist in locating seed stocks for localities where shortages exist.

The committee is cooperating with state, local and commercial agencies in an effort to secure better distribution of seed and to encourage plantings of all important crops.

Information regarding shortages and surplus stocks should be addressed to R. A. Oakley, chairman, on Seed Stocks, U. S. Department of Agriculture, Washington, D. C.

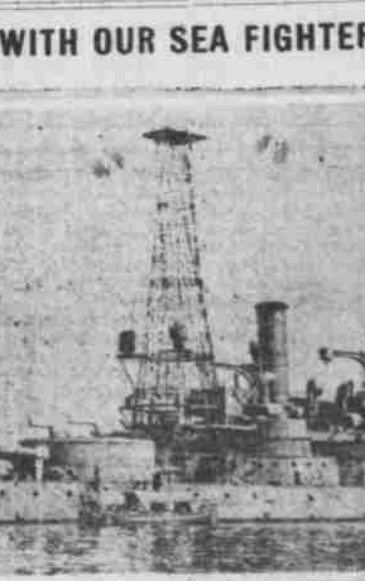

A Symbol of Health. The Pythagoreans of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfills its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. Obtainable everywhere.—Adv.

BLAMES H. C. O. L. ON WOMEN. Gerard Says They Should Go to Market to Buy.

NEW YORK, May 19.—The American woman is in a large measure responsible for the high price and scarcity of food, James W. Gerard, former ambassador to Germany, asserted tonight in an address before the New York Academy of Medicine at a meeting called to discuss the food supply in war.

"We should make it fashionable for women to go to market and buy for the family," said Mr. Gerard. "The credit system and the use of the telephone is responsible for the ever-increasing cost of food to the consumer."

WITH OUR SEA FIGHTERS

U. S. S. OREGON. One of Uncle Sam's pre-dreadnaught type of battleships, now used for second-line service. The Oregon was built in 1891 and carries four 13-inch guns, eight 8-inch, twelve 3-inch rapid-fire rifles and four six pounders.

BOY AND HIS PARENTS ARE GOING INTO SERVICE

Boy Will Be a Soldier, Father an Engineer and Mother Telegrapher.

RUSHVILLE, Ind., May 19.—Since A. R. Stewart, city engineer, has offered his services as a civil engineer to the National Council of Defense, Mrs. Stewart, who formerly was a telegraph operator, has written to

Daniel Willard, chairman of the Transportation and Communication Committee of the Council of Defense, that she will serve in the capacity of a telegrapher if she is needed. Mr. and Mrs. Stewart's only child, Simon Stewart, who is a student at Purdue University, expects to enlist when a company is formed there. Mrs. Stewart wrote the following letter to Senator Watson, asking his assistance:

"Dear Mr. Watson: Leon shall go if accepted. I feel as though I might be useful to my country in my capacity as he is in his. Consequently I have written Daniel Willard, chairman of the Transportation committee, National Council of Defense, offering my services because of my ability and experience as a telegrapher. I was not a bit backward either in telling him of a few other ways in which I might render service in this crisis. I want to go with the first and stay until the last Prussian has his due—what can you do for me?"

DRESS WARM AND KEEP FEET DRY

TELLS RHEUMATISM SUFFERERS TO TAKE SALT AND GET RID OF URIC ACID.

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acids of grapes and lemon juice, combined with lithium and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

FEW FOLKS HAVE GRAY HAIR NOW

DRUGGIST SAYS LADIES ARE USING RECIPE OF SAGE TEA AND SULPHUR.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color to the hair. It is not intended for the cure, mitigation or prevention of disease.

"FLORISTS" MUST PAY FEE

Are "Nurserymen" for Tax Purposes, Is Ruling.

OLYMPIA, May 19.—"Florists" are "nurserymen" within the meaning of the law and must take out licenses even if they do not handle roses as stipulated by law, according to a ruling made in an opinion by Glenn J. Fairbrook, assistant attorney general, to E. F. Benson, state commissioner of agriculture. The point was raised by florists who refused to pay the state fee, claiming the nearest to a shrub they raised was the geranium.

HANG EDITOR IN EFFIGY. Wheeling Men Take Figure of Socialist to Matrin Ferry.

MARTINS FERRY, May 19.—Walter H. Hilton, editor of a Wheeling Socialist newspaper, was hung in effigy here early today. It is supposed men from Wheeling brought the figure here.

In a recent copy of his paper was a cartoon showing capital making the selection in the selective conscription

BETTER AND SOFTER LIGHT

is assured by the use of some of these beautiful fixtures of ours. They give a light that illuminates the room perfectly, but that does not tire or strain the eyes. They are not expensive considering their extra efficiency and extra beauty. Why not at least see them?
