## TOTAL ENEMY LOSES 60.000

WASHINGTON, May 28.—Jeanette Rankin, of Montana, game, but a little servous made her maiden speech in the house this afternoon. She introduced, discussed and had passed in less than five minutes amid voorferous applause, an amendment to the Lever bill providing that as much as possible the food conservation work be done by women.

Miss Rankin, recognized as "the "lindy from Montana," was standing at the center of the rear of the chairs. "This amendment will place woment where they can be effective," she said. "By having women officials who understand the home, women can be encouraged to conserve food. By using women we can concentrate the stration of the chair ingit the hurrient of a feeling the food talling from the limits amendment will place woment where they can be effective," she said. "By having women officials who understand the home, women can be encouraged to conserve food. By using women we can concentrate the structure of women in the large ROME, May 28 .- Austria is mass

APPOINTS TO BOARD

SALEM, May 28.—Governor Withy-combe has reappointed John Logan, of Portland and Rev. James Flvin, of Salem, members of the purole board under the act reducing the member-shin of the board from five to three. The Governor's secretary is the third member.

first line of defense in its concerted and determined effort to secure 400 entistments during Marine Corps National Recruiting Week, June 10-16, according to advices from Marine Corps Headquarters.

This patriotic cooperation is thought to be due to a realization of the fact that the government's call for the immediate recruitment of the marine corps to full war strongth is imperative in order thal its personnel may be properly trained for immediate overseas duties and with a desire to "do their bit" by instaining to beinging about this end.

With Lower Classes Bread is Fetish of Food He Says and Without Loaf Public Tranquility Cannot be Preserved

WASHINGTON, MAY 28.—THE FIRST STEP TOWARD FOOD LEG-ISLATION WAS TAKEN THIS APT-ERNOON WHEN THE HOUSE WITHOUT A RECORD VOTE PASS-ED THE LEVER POOD CEN BILL, CARRYING \$14,777,000 PROURIATIONS.

WASHINGTON May 28.—Bread is the price of international peace in Europe. The size of the load will Europe. The size of the loaf will depend absolutely on what can be secured from the North American con-tinent, Herbert Boover, American food administrator, said. Heover said the ailies will require 500,000,000 bushels of wheat at next harvest. With this appeal the house and senate is working on the Gore-Lever food bill, providing for a general food survey and means or simulating pro-duction.

Hoover fines of a series of tornadoes sweeping.

Tilinois, Indiana and parts of Kanses and Kentucky. Thousands are destitute and homeless.

Deart I'm ithin the load they couldn't preserve public tranquility." Besides wheat, Hoover and the allies also required two hundred and fifty to three hundred and

The bulk of the bread burden is now with the United States because the aillest crops are snort millions of bushels, Hoover said. nources of cereals for the allies are now cut off. These originally were Russia. Rumania, and Bulgaria. They

must rely on India and Ruigaria. They
must rely on India and the Argentine.

Many Sources Cut Off.

"Whole supply of Russia, Bulgaria,
and Rumania is absolutely cut off."

Hoover said. "Australia and India are
practically cut off because it is three
times the distance of the Atlantic seaboard, the tomage required is treb-led, and the danger about doubled. The result is the allies have been unable during the last three months to get a consequential amount of grain om that quarter.
"Whether that lane is reopened is

a question Some measures are being taken to reopen it, and it may hoped during the next year that son food supply may be obtained fro of . Australia and India by use of the sail-
