NEW MEMENTO CARD FOR FAMILIES OF U. S. MARINES

WASHINGTON, July 3.—A new card that will soon appear on many houses throughout the United States...

has been prepared for distribution by the U. S. Marines. It has been designed to replace cards, formerly distributed by that organization, that read: "A man from this house is...

serving in the United States Marine in France with the United States Corps." The new announcement, printed in white and blue letters on a facsimile of the French tricolor, bears the simple but more impressive legend "A man from this house is fighting for his country."

Cable reports are that the American woodenmen arrived in England completely equipped and ready to begin work. Why, of course!

FRENCH TAKE GERMAN TRENCHES

Following heavy artillery action in the sector east of Rheims, the French forces through a brilliant infantry charge carried German trenches on a front of nearly half a mile between Mt. Carnillet and Mt. Bond. These operations are designed to press forward their lines toward Nancy (1) and Marenville (2) which cover the German flank feeding Loos on the east.

Is Your Money Supporting the Government?

At this critical period in our history our manufacturers are offering their mills, and our young men are offering their services to the United States Government.

Would you like to do your share and help by putting your money where it will support the new Federal Reserve Banking System, which the Government has established to stand back of our commerce, industry and agriculture?

You can do this by opening an account with us, as part of every dollar so deposited goes directly into the new system, where it will always be ready for you when wanted.
