GENERALLY STEADY LIVESTOCK MARKET

Hogs Hit \$15.90.
Later in the day one load of extra good hogs sold at \$15.90 at North Portland. This is a rise of 30c over last Monday.

PORTLAND, July 2.—Seventy-seven loads of livestock were reported in the North Portland yards since the Saturday report, compared with 70 loads for the same period a week ago. The bigger totals were aided by the counting of the bunch of California grass stock, news of which was printed in the reports on Saturday.

There was little change in the cattle market situation at the start of the week's trading. Cows did not show quite as much strength, but the difference at the start was limited. Steers sold up to \$10.50 again.

General cattle market range:
Best beef steers \$10.25 @ 10.50
Good beef steers 10.00 @ 10.15
Best beef cows 8.50 @ 8.75
Ordinary good cows 7.00 @ 7.50
Best heifers 8.75 @ 9.00
Bulls 5.00 @ 5.25
Calves 6.00 @ 6.25
Stockers and feeders 6.00 @ 6.50

Hog Market Higher.
Firm conditions were shown for swine in the North Portland yards at the start of the week's activities. The total run of hogs over Sunday consisted of 1314 head, compared with 1232 last week for the same period, while arrivals a year ago today were 1628 head.

Early sales of quality hogs were made around \$15.65, and the market in general was considered strong.

General hog range:
Prime light 15.40 @ 15.80
Prime heavy 15.40 @ 15.60
Pigs 12.50 @ 15.50

Mutton Market Nominal.

Over Sunday there was only a scant run of stuff reported in the mutton and lamb section of the North Portland yards. Total receipts were but 237 head, compared with 500 last Monday and 2310 head a year ago.

Trade conditions for both mutton and lamb started about steady with last week's closing market.

General mutton and lamb market:
Valley spring lambs \$12.00 @ 12.25
Eastern Oregon spring lambs 12.50 @ 12.75

GRANDMOTHER, THE PIONEER PHYSICIAN.

In the good old pioneer days of this country, when drug stores were few, grandmother's root and herb remedies were what were always depended upon to bring relief for family ailments, and some of grandmother's root and herb remedies are now found upon the shelves of the modern drug store, and are among the best and most wisely used prepared medicines.

Such is Lydia E. Pinkham's Vegetable Compound, a botanical remedy, originally prepared by Lydia E. Pinkham, of Lynn, Mass., over forty years ago, and which has brought health and happiness to more women in America than any other medicine.—Adv.

ELEVEN KILLED WHEN WATER TANK CRASHES ONTO BIG WHALEBACK

Ship Carrying Excursion Party on Lake Michigan Brushes Structure.

MILWAUKEE, Wis., July 2.—Eleven persons met death and at least ten others were injured, some seriously, late Saturday, the result of a 50-ton water tank, erected on the Milwaukee river front, toppling down on the whaleback steamer Christopher Columbus, as that vessel was being swung around preparatory to making her return trip with about 400 passengers for Chicago.

The steamer was in tow of two tugs when she rammed the East Water street dock abutting the warehouse of the Yahr and Lange Drug company, with such force as to cause the steel supports which held the 50-ton water tank to give way, resulting in the lofty reservoir crashing down, hitting the vessel near the bridge and not stopping until it had ripped through two decks, causing a panic and carrying death or injury to all who were in its path.

Captain Moody, who was on the bridge at the time of the accident, gave it as his opinion that the tugs seemed unable to hold the boat and that had there been a leeway of but six inches the accident would not have happened.

Amusements

What the press agents say about Pendleton's present and coming attractions.

To illustrate the extent to which the press of Germany is muzzled and how the people are being fed on a tissue of lies, is told by Sergeant "Doc" Wills, lecturing with the official Motion Pictures at the Alfa theater Thursday, July 5th it occurred at Cologne as he was on his way to London. A Prussian "home guard" officer came and told him that while he was lucky to be getting to London, still the German legions would be there in two weeks. As proof of this assertion he read from the headlines of a German newspaper bulletin, the following: "Our Troops Are Now in Calais"; "Our Zeppelin Are Bombarding London Daily And It Is On Fire"; "We Shall Soon Be There."

Just think. And we considered Germany a dreaming country of peace loving people. The wondrous music of Beethoven lingers in our ears, but we now know Germany to be a dreaming country, yes, dreaming down through the years of the world-dominion of the "Super-Man" and "The Magnificent Blonde Beast," and for music the roar of Krupp machinery is heard in the land. Maybe Germany will shake her dream.

FLOOD TOO MUCH FOR SPILLWAY

SALT LAKE CITY, July 2.—Inadequacy of the temporary spillway to carry flood waters was responsible for the collapse of the mammoth dam of the Price River Irrigation company, near Fairview, in the text of a semi-official report made today by State Engineer George F. McGonagle, after an inspection of the broken dam. Reports today state that the waters are steadily receding.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.

LIKE ELECTRIC BUTTON ON TOES

TELLS WHY A CORN IS SO PAINFUL AND SAYS CUTTING MAKES THEM GROW.

Press an electric button and you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of freestone. This will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly upon a tender aching corn stops the soreness instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug is harmless and never inflames or even irritates the surrounding tissue or skin.
