Mrs. George King and children left last night on the midnight train for Cannon Beach, where they expect to spend the remainder of the summer.

A delightfully appointed bridge luncheon was the form of diversion chosen by Mrs. Robert N. Stanfield yesterday when she entertained in compliment to Mrs. William H. Burghardt Jr., of Salem, houseguest of Mrs. Wilson D. McNary. Old fashioned garden flowers in a gay riot of colors decked the rooms and in quaint vases centered the attractive tables. The affair deviated from the conventional in that it was arranged for the morning, the guests arriving at 10:15 o'clock and enjoying several rubbers of auction before the luncheon hour. In the play, Mrs. J. E. Robinson captured high score honors, two beautiful silk flags of England and France which aroused a storm of enthusiasm on their presentation. A similar gift was also presented Mrs. Burghardt. The guests were sufficient in number to make up six tables.

Alpha Assembly No. 9, United Artisans, met last night in regular session for the installation of officers, the following members being installed with a pretty ceremony at Eagle-Woodman Hall: Frank Deebach, master artisan; Louise Lampkin, superintendent; Lottie Loner, inspector; Emma Rybee, junior conductor and Mr. and Mrs. Duke, field commanders. "INSURANCE IS THE BEST POLICY" While the Sun Shines... Insure against hail. It is even more important than the proverbial advice about hay. In a half hour a sudden hailstorm may wipe out the results of a year's work. Protect yourself from loss with a Hail Insurance Policy of the Hartford Fire Insurance Co. Compared to the profits you expect from your crops, the cost is trifling. It will give you the guarantee of an insurance company that has paid every just claim promptly in all the more than a hundred years of its history.

12,000 TONS OF MILK EXPORTED EACH MONTH

Even Meat Packers Have Gone Into Dairy Business, So Attractive Are Profits.

NEW YORK, July 10.—It was stated yesterday at the Custom House that American condensed milk much of it from the dairy regions of New York state, is going abroad at the rate of more than 24,000,000 pounds a month as against less than 2,000,000 pounds before the war. The exports include evaporated and powdered milk. About half is consigned to the Allies, and of the rest, half is shipped to South America, and to Holland, Denmark and Switzerland. The Bordens have built up a large South American trade in condensed milk since the Swiss manufacturers withdrew from that field in order to supply Germany. The Bordens took over the American plants of the Anglo-Swiss Milk Company some years ago. Condensed milk buyers for American firms supplying orders from Switzerland, Holland and Denmark are offering the dairy farmers top prices, and to their activity is chiefly

attributed the boost of milk prices in this city. The Health Department says there has been no decrease in the supply of fresh milk for this city, which averages over 2,000,000 quarts a day. This supply is drawn from five states. The supply has not diminished at Boston, Philadelphia, Chicago or other large cities. The demand for condensed milk for export has greatly increased production in all the dairy states. The meat packers have been drawn into the condensed milk business on account of the unusual profits. Armour and Libby, McNeil & Libby are investing millions, it is said, in creameries in the middle west. They bring the milk, after it is condensed, mostly to New York in their own refrigerator cars. Sheffield's has gone heavily into condensing milk. The Bordens have extended their condensing facilities by buying the Uimann & Houck, the Central and the R. F. Stevens Companies, thus adding fifty to sixty creameries to their string. The Hires Condensed Milk Company of Philadelphia has invaded Orange county, New York, in the search of more milk for export, and a 200-foot concrete retaining wall, to prevent further seepage.

other creameries. John Wild and the Dry Milk Powder Company of this city also have invaded the nearby dairy regions for the same purpose. The Hersheys and other American chocolate manufacturers are now turning some of their creameries over for use this month and next in the production of condensed milk for export.

CALL IDAHOANS TO FIX WASHOUT

Crop Damage in Boise Valley Estimated at \$1,000,000.

BOISE, Idaho, July 9.—An appeal was sent broadcast throughout the Boise valley tonight by the United States reclamation officials asking for 100 volunteers to be on hand Sat. to help fix a washout in the \$1,300,000 New York canal, midway between Boise and Barber, which occurred recently. The headgates to the canal have been closed and 160,000 acres have been cut off from their water supply. It is estimated the crop damage will reach \$1,000,000. A week at least will be required to fix the break. D. W. Cole, project manager, stated that work will be begun early Saturday on a 200-foot concrete retaining wall, to prevent further seepage.

PRAY IN PETROGRAD FOR THE PRESIDENT

Russian Church Also Honors American Railroad Commission With Mass.

PETROGRAD, July 9.—For the first time in the history of the Russian church a special service for foreigners was held in the Kazan Cathedral in Petrograd yesterday, when Archbishop Platon, head of the Russian Church in America, conducted a mass in honor of the American Railroad commission headed by John F. Stevens and the embassy staff. Father Vladimir Alexandrovich of San Francisco, preached in English. A special prayer for President Wilson closed the service. The Americans were presented to the congregation by Archbishop Platon with a few words about practical democratic Christianity in America. No disorder attended the great demonstration by Workmen's and Soldiers' Delegates and the revolutionary democracy yesterday, although the anarchists had declared their intention to make a counter-revolutionary outbreak. Thousands

unarmed, marched through Petrograd to the Marssovo Pole, the military parade ground where the victims of the revolution are buried. Hostility against the wealthy and bourgeois class marked the banners in the parade. There were no martial or patriotic inscriptions. "Down with the Duma and the Council of the Empire! Down with the Capitalist Ministers!" and "The People's Fight for Peace!" were conspicuous signs. A group of infantrymen carried a banner reading "Down with the imperialistic war. We want an armistice on all fronts to discuss peace."

A few signs denounced a separate peace and secret treaties with England and France.

BERNHARDT TO START TOUR NEXT SEPTEMBER

NEW YORK, July 11.—Recovered completely from the illness which nearly caused her death, Madame Sarah Bernhardt will start on a tour of the United States in September next. Her manager announced.
