SOCIAL and PERSONAL

In speaking of the many social attentions which are being paid the N. E. A. delegates in Portland, the Oregonian says:

"For today one of the important events will be the reception at the home of Mrs. C. J. Smith, 884 The Alameda. All members of the Association of Collegiate Alumnae and all deans of women will be welcomed. The Smith residence is one of the most attractive of the Alameda Park district and is reached by way of the BW car on Broadway to The Alameda."

Mrs. Smith is a former Pendletonian and has only recently returned home from a visit in this city.

Mrs. C. E. Straub left this morning on No. 19 for Portland to obtain medical treatment.

Mr. and Mrs. F. S. Ivanhoe entertained last night in honor of Mr. and Mrs. R. A. Wells of Kansas City, who have been visiting the last month with the J. Van Buren family and the Snodgrass families. The party was in the form of a farewell as Mr. and Mrs. Wells are leaving today for Portland and intend to go home by the way of California. Other guests present were: Mr. and Mrs. J. M. Berry of Portland; Mrs. Nash of Pendleton who is a house guest of Mrs. Ivanhoe; Judge Crawford, Mr. and Mrs. J. Van Buren—La Grande Observer.

Paramount interest centers today and tomorrow in the activities of the Editorial Convention and the usual rather dull routine of the hot summer days is being delightfully varied by the scores of visitors in the city. The Commercial Club has taken charge of entertaining the guests and of course that means that many prominent matrons are also assisting and the affairs are sure to be successful.

H. W. Hicks, traveling passenger agent of the O.-W., is in the city.

Dan E. Clark, livestock agent of the O.-W., is making Pendleton a visit.

Carl Peringer arrived home from a short visit in Portland this morning.

Frank Curtis, local painter, who has been at Echo recently, has returned to Pendleton.

W. D. Nelson and E. E. Nelson, Haines newspapermen, are registered at the Golden Hotel.

Philip S. Bates, secretary of the Oregon State Editorial association, is a guest at the Pendleton.

J. C. Wright and son, Lloyd, former residents of Umatilla county, are over from Lind, Wash.

S. C. Morton, St. Helens editor, and Mrs. Morton, are here for the newspapermen's convention.

Mr. and Mrs. Arthur Crawford and S. A. Pattison of Hapner are here for the editors' convention.

Addison Bennett, veteran writer for the Oregonian, is a guest of J. V. Tallman during the editorial convention.

Miss Alice Butler, county agent in home economics, arrived home this morning from Portland where she attended the N. E. A.

Bruce Dennis, former editor of the La Grande Observer, and Mrs. Dennis are among those attending the editorial convention.

Charles H. Fisher, publisher of the Salem Capital News and also part owner of the Eugene Guard, is here for the convention.

Mr. and Mrs. W. H. Cray of Echo, came up this morning. Mr. Cray is publisher of the Echo News and is attending the convention here.

Mrs. William E. Lowell, accompanied by her little son, Stephen, and her mother, Mrs. J. M. P. Snyder, left today at noon for Long Beach to spend the hot season.

BOMBS KILL TWO IN CHICAGO

Several Injured as Result of Alleged Black Hand Outrage.

CHICAGO, July 12.—Three bombs believed to have been placed by "black hand" agents, caused the death of two men here. A number of persons were injured, none of them seriously.

For FORD Cars

We recommend the

Moss Gasoline Control

The greatest gasoline saving device ever invented. Gives you as high as 15 miles per gallon. Prevents carbon and keeps spark plugs clean. Gives you more power. Causes motor to run more smoothly. Makes motor "pick up" quicker. Permits you to descend steep grades with little aid from brakes. WE GUARANTEE IT. CALL AND SEE IT.

R-K Socket for Fords

Can not wear out. No coils nor rheostats to sap your magnet. Cut no wires. Change no globes. Installed in two minutes. Over 25,000 in use. Gives bright light at low speed. Makes lights independent of each other. It prevents bulbs from burning out, but should one burn out it will not affect the other. This feature alone has prevented many accidents.

APPLICATIONS MUST BE SENT TO HEADQUARTERS

Men Who Expect to Enter Officers' Training Camps Must Forward.

SAN FRANCISCO, July 12.—Major General Hunter Liggett, commanding the Western department of the army, today ordered all applications for the second series of reserve officers' training camps, starting at the Presidio here August 27, be transmitted promptly to regular army examining officers detailed by the war department to select each state's quota.

This action was taken, according to General Liggett, because suggestions have reached the war department that

preliminary selection of candidates for the camp through local and state civilian committees in the eight states comprising this department might be subjected to partisanship and unfairness. This order assures that all applicants will be passed upon or viewed by regular army officers charged with selecting the quotas and eliminates all semblance of partisanship.

This will be a good time to put a definite end to lynchings and massacres. Governor Lowden can make an enduring name for himself by leading the way.

You Can Shake Loose from The Tortures of Rheumatism

By using S. S. S.

The germs of Rheumatism are in the blood, which is laden with millions of the minute demons of pain, causing untold suffering and bringing its victim from vigor and strength to almost helplessness. To get real and genuine relief from this disease, these disease germs must be completely routed out of the system through the blood. S. S. S. has been used for fifty years with satisfactory results in the treatment of Rheumatism. It acts directly upon the blood, which it promptly purifies of all disease germs. It is a powerful antidote, and eliminates from the blood all trace of rheumatic germs, building up and strengthening the run-down system. Write to-day to our medical director, who will give you valuable advice regarding the proper treatment of your own case. Address Swift Specific Co., Dept. 1, Atlanta, Ga.

Fake Geologists.

It sometimes happens that men who have no connection with the Geological Survey of the Interior Department pass themselves off as members of that organization, either to invest themselves with unwarranted importance or to obtain information or facilities that might otherwise be denied them. It should be generally known to the public that each member of the Federal Geological Survey carries an identification card signed by the Secretary of the Interior and the Director of the Survey, and he is always ready to produce this card on request.

should there be any question of his official standing.

Recently a person giving his name as George H. Smith has been reported from Oregon as representing that he is employed by the United States Geological Survey "to look up minerals for it." There is no such name on the rolls of the Survey, and anyone bearing it who claims to be doing work for the United States Geological Survey in Oregon should be treated as an impostor.

The biggest man on earth began life in a small way.
