

# ECONOMY!

It isn't difficult to understand TRUE and FALSE ECONOMY when you once think about it.

TRUE ECONOMY is to buy what you need, when and as you need it, for as small a price as possible WITHOUT LOSS IN QUALITY.

FALSE ECONOMY means the buying of unnecessary things just because they are cheap or a too close expenditure which tends to SACRIFICE QUALITY.

Bear THIS STORE in mind when figuring on expenditures. Let us help you all we can toward PRACTICING TRUE ECONOMY, WHICH WE CAN NOW DO BETTER THAN EVER. Note what we have to offer MONDAY.

## "Why Do You Continue to Buy WHITE TRUCKS?"

This was the question put to D. O. Seiple, President of Seiple & Wolf, Contractors, of Youngstown, Ohio. Here is his reply:

"Four years ago we had a string of bituminous slag road construction jobs in West Virginia. As a rule we had two jobs going at once.

"There were the Fairmount Pike out of Wheeling, the High Ridge Pike from Bellaire to St. Clairsville, the Brooks Run, the Neff Road, the Bannock Pike and others. It is hard country for hauling on account of hills. Average haul round trip was about seven miles. Grades range from six per cent to as high as 15 per cent.

"Those two 5-ton WHITE TRUCKS handled all of this hard work. No other

hauling equipment was used. I consider that they could not be beat for low maintenance cost.

"After three years continuous service in West Virginia the two trucks were put right to work on Ohio roads.

"You know we were pleased when we bought four more White Trucks."

Experiences such as this are convincing contractors everywhere that White Trucks are the best equipment that they can buy. Let us send you special information covering the work of White Trucks in your line of business.

# White Trucks

What a truck actually costs is not known until you have operated it for some time. The purchase price is often insignificant when compared with the maintenance and operating bills. The largest users of trucks consider it far cheaper to invest more money in White Trucks and enjoy unflinching service and low expenses over a long period of years—than to buy medium-grade trucks, pay higher bills for less dependable service and stand more rapid depreciation on the investment.

### Itching Pimples Kept Mr. Simpson Awake for Hours. Suffered Badly. Healed By Cuticura.

"I suffered very badly with my head which came out in little white pimples. They would grow in a week and then come back again. They itched and came to little white heads and my scalp was sore. It itched and burned so badly I would just lie awake for hours with the pain and I used to have big eruptions on my head from scratching. My hair was also thin and dry.

"I was told to wash my head with salt and water, but it did no good and I tried—but with no relief. Then I sent for a free sample of Cuticura Soap and Ointment. I afterward bought more and when I used two large boxes of Cuticura Ointment and two bars of Soap I was healed." (Signed) Charlie Simpson, Oak St., River Grove, Ill., June 7, 16. When Cuticura has cleared your skin of pimples and redness keep it clear by using the Soap assisted by the Ointment for every-day toilet purposes. Also, lately nothing better.

For Free Sample Each by Return Mail, address post-card: "Cuticura, Dept. R, Boston." Sold everywhere.

## For FORD Cars

We recommend the

# Moss Gasoline Control

The greatest gasoline saving device ever invented. Gives you as high as 35 miles per gallon. Prevents carbon and keeps spark plugs clean. Gives you more power. Causes motor to run more smoothly. Makes motor "pick up" quicker. Permits you to descend steep grades with little aid from brakes. WE GUARANTEE IT. CALL AND SEE IT.

## R-K Socket for Fords

Can not wear out. No coils nor rheostats to sap your magneto. Cut no wires. Change no globes. Installed in two minutes. Over 25,000 in use. Gives bright light at low speed. Makes lights independent of each other. It prevents bulbs from burning out, but should one burn out it will not affect the other. This feature alone has prevented many accidents.
