Ed Switzer's Marries. Edwin Switzer of this city and Frances Knowlton, also of Pendleton, secured a license to wed last week in Pasco, according to an item in the Spokesman-Review. His age is given as 42 and hers as 25.

John Day Country Dry. The John Day Country is suffering from the long drought and prospects there are not very encouraging, according to Allan Porter, prominent stockman at that vicinity who is here today. The crops have been very light, he states.

Wessel Buys More Land. A deal has been closed whereby H. Wessel secures possession of a quarter section of farm land about 12 miles northwest of Pendleton. He secured the land from James Johns, Sr., and the purchase price was \$9,000 cash. Mr. Wessel already owned considerable land in the same locality.

Grain Bins Break Down. A number of Weston farmers who had figured on handling their grain in bulk this season will have to revert to the use of sacks, according to S. A. Barnes who is down from Weston today. Grain bins had been improvised out of old warehouses and were not strong enough to withstand the weight of the wheat.

Civic Club Buys Machines. The work of the Red Cross ladies in making supplies for a naval base hospital is being much facilitated by the use of the three sewing machines and two motors which the Civic club recently purchased and turned over to the workroom. The ladies are now at work making sheets, all efforts to purchase them ready-made having failed. The supplies already completed are now being boxed and will be shipped to Seattle for inspection.

Dr. Flamondon Gets Commission. Dr. James D. Flamondon of this city, who was given a commission of first lieutenant in the La Grande hospital corps, successfully passed the examinations required by the U. S. Army. He arrived in Pendleton this morning to close up some business matters. He will go on to La Grande tonight and then will rejoin the corps at Camp Withycombe. This unit will

Leave for Presidio. Senator Frederick Steiwer and Fritz Lundstrom, two of the successful applicants for the officers reserve camp, left this afternoon for San Francisco.

A \$100,000 Land Deal. For a consideration of \$100,000 H. E. Winn, well known farmer has purchased 600 acres of rich farm land from Moses Taylor of this city. The land lies near Weston. The consideration means \$165 an acre.

Takes Old Ringo Offices. Dr. L. K. Blackwell, who returned to Pendleton a few days ago after an absence of five years, has leased the offices in the Belts block formerly occupied by Dr. R. E. Ringo and recently by Dr. J. D. Flamondon. He took possession today and will resume active practice.

Bootlegger Held as Vagrant. Charles Porter, who paid a fine of \$75 on August 4 on a charge of bootlegging, was arrested again last evening on a vagrancy charge when the police discovered him communicating with Jack Walker, another bootlegger serving out a jail sentence. Porter is fighting the charge and will stand trial this afternoon.

Long Trip Without Trouble. Peter Pohl has established a record for a Ford trip that he thinks will be hard to beat. He took Dr. Fields and Stanley Jewett of the biological survey from here to Klamath and Harney counties through to California and returned without having so much as a puncture.

Pendleton Hotel Deal Closed. The deal whereby Doss Swearington takes over the lease and management of the Hotel Pendleton from H. W. Collins and George Goode was closed today. For a time yesterday a misunderstanding of the terms threatened to block the deal but it was cleared away to the satisfaction of both parties.

Beautiful Electric Sign. The Smythe-Lorenz Co. is erecting a huge electric sign in front of its offices on South Main street and the sign will probably be the most attractive of its kind in the city. The sign will show a huge peacock, the tailfeathers of which will be illuminated with many lights of all colors. The sign will advertise Peacock cool

LISTEN TO THIS CONVERSATION

It happened just yesterday in one of our competitors stores. Told by a customer. Customer—I want a pair of overalls. Salesman—Yes sir, right back this way. Customer—How much? Salesman—One dollar and a half. Customer—What a dollar and a half? Salesman—Why you can't buy them any place else for less. Customer (smiling)—Why, I can get them at the Golden Rule for Ninety Eight Cents. This is 1917. People don't do business that way these days. The J. C. Penney Co. would never come down a penny on their original price to any one. Every customer gets the same price here.

prentice-men and the latter two as second class firemen.

Son is Born. A baby boy was born last night to Mr. and Mrs. Carl Oberg at the home of Mrs. Lela Taylor, 218 Stonewall Jackson street.

Grone Hunters Return. Judge J. W. Malone, J. H. Gwinn and E. R. Aldrich arrived home this afternoon from a grouse hunt near Meacham. They had fair luck.

SIX OF FIRST 15 ON SECOND LIST FAIL TO GET BY

Out of the first 15 men on the second list of 25 called for the county exemption board for physical examination, six were rejected for disability by the examining physicians. They were Peter Joseph Walt, Louis Boyles Wilson, Stanley Veitt Sanderson, Leo Eugene Molitor, Willard R. Campbell and James Edward McCready.

All but seven of the 25 have now been examined and there will be several more rejected in all probability. Two of the number have been transferred, Peter Johnson to Union county and James Willard Goldmann to Wasco Walls.

Nine more claims for exemption on the ground of dependents have been filed, as follows: E. T. Harburt, wife, Howard E. McLean, wife, Henry C. Lemke, wife; John R. Barnes, wife and child; Raymond W. Ayers, wife and child; Charles E. Harrah, wife and child; Vieno S. Kaikkola, wife and two children; S. Earl Simonton, mother, wife and child and Fred Buchanan, wife and child.

Ten more appeals from the decision of the local board have been taken since yesterday, making 16 in all. The appeals were made by Ora M. Shockey, Athana; John Nathan, Horrell, Echo; George William Heller, Free-water, Owen W. Obert, Milton; Roy Ferguson, Adams.

Judging from reports from Washington, President Wilson will soon make many modifications in the rulings for the draft. The new rulings, it is said, will be made to exempt married men with children and probably some others who are hardest hit by the draft.

It would be miraculous if such a line could be held intact all the way by an army yearning to debate instead of fight.

BAKER RESIDENT IS STRICKEN SUDDENLY AT ST. GEORGE HOTEL

Eugene R. DeFroese of Baker dropped dead yesterday afternoon at 3 o'clock at his room in the St. George Hotel of heart failure. He had arrived on No. 17, eaten dinner and gone to his room. He had called for ice water and when it was taken to his room, he was found lying upon the floor. A physician was called and an examination proved that he was dead.

Mr. DeFroese was 45 years old and had been a resident of Baker for a number of years. He was in the saloon business until the prohibition regime. During the past year he had been suffering from heart trouble and was just recovering from a siege of typhoid. He had come to Pendleton in hopes the lower altitude would benefit him.

He is survived by a wife, a daughter and stepson. The stepson and a sister-in-law arrived this morning and will take the body back tonight. They had been notified by Coroner Brown.
