### Putting Up Round-Up Signs.

The big Round-Up symbols which last year decorated the lawn at Depot Park, are being again put up today. The four figures, representative of the events at the show, have been freshly painted and will attract much attention from tourists passing through on the trains.

### Hand Injured On Combine.

John Johnson, who formerly worked at the Eastern Oregon State Hospital, is wearing his right hand in bandages as a result of an accident on the combine of George Hess a few days ago. His hand was caught in the coils of a wheel and the fingers were badly lacerated and mashed.

### Dr. Waffle In Hospital Corps.

Dr. Eldred B. Waffle, of Astoria, who was raised in this city, has joined the "Rainbow" hospital corps raised at La Grande and has been given the commission of first lieutenant. He will report at once at Clackamas. This unit is expected to leave next week for New York from where it will proceed at once to France. Mrs. R. S. Waffle and Mrs. Ella Fowler, mother and sister of Dr. Waffle, will go down to Clackamas before the unit leaves. This is the same unit with which Dr. J. D. Plamondon of this city is connected.

### Civil Service Exams.

The U. S. civil service commission announces that an examination for stenographer and typewriter for men and women and for typewriter only for men and women, will be held in 45 different cities in the Northwest on August 31, 1917.

The usual entrance salaries are from \$500 to \$1200 per annum. All qualified stenographers and typewriters are urged to apply for and take the coming examination, as a sufficient number of stenographers and typewriters have not been reached to meet the needs of the government service.

For application and full information apply to Herbert F. Ward, District secretary, 305 Postoffice building, Seattle, Wash.

### Better Leave Prisoners Alone.

A drastic ordinance aimed at men who try to communicate with prisoners in the city jail will be passed by the city council. It was suggested by City Attorney Fee last evening as a result of the arrest of Charles Porter while he was communicating with Jack Walker, convicted bootlegger, through the outside bars. Judge Fee called attention to the danger to the officers and to the city property in

men being able to communicate with prisoners. He was instructed to draw up an ordinance covering the case. Porter was convicted of vagrancy yesterday afternoon and given a sentence of 15 days in jail in order that he may communicate his fill with Walker.

### Will Repair Levee.

The city council has decided to make some needed repairs to the levee during the low water period.

### Heating Up Again.

The mercury today made another altitude climb, jumping nine degrees from the top mark yesterday. The maximum today is 93.

### Brother Pays Fine.

Jack Walker, who recently was convicted of bootlegging and sentenced to pay a \$100 fine, was released from jail last night when his brother paid his fine.

### To Meet in Portland.

Local members of the G. A. R. are today much gratified over the fact that the next national encampment of the G. A. R. will be held in Portland.

### Undergoes Serious Operation.

Mrs. Frank O'Hara yesterday morning underwent a serious operation at St. Anthony's Hospital. She had been spending the summer at Lehman Springs but recently became quite ill and was brought here for treatment.

### Officer Granted Leave.

Billy Scheer, veteran member of the police force, has been granted two weeks' vacation starting next Monday. Joe Coffman of the fire department, was also granted two weeks.

### Kilpack to Leave.

J. G. Kilpack, representative of the Boys & Girls Aid Society, is here today on his last trip in behalf of the society. He has resigned his position and expects to enter the government service in the children's welfare bureau.

### Dr. Smith Here.

Dr. C. J. Smith, former prominent Pendleton physician, spent the morning in the city, leaving for his home in Portland on No. 17. He had been inspecting his wheat fields in Idaho and in this county. He found some extraordinarily good wheat and a very good average crop on the whole.

### Was Elected Last Spring.

Mrs. Cora E. Geiss, reported yesterday as just having been re-elected as teacher in the grades, was in reality re-elected at the meeting of April 16. Her contract, however, mysteriously disappeared and she did not sign one until she returned from her summer vacation in the east.

### Farewell to Lieutenant.

Senator C. A. Barrett, Henry A. Barrett and York De1 of Athena drove down this morning to bid farewell to Dr. J. D. Plamondon, formerly of Athena and now a lieutenant in the La Grande hospital corps. Dr. Plamondon spent last night and this morning at La Grande and is returning to camp on No. 17.

### Holding Hay for \$20.

Hay at Stanfield has sold this season as high as \$16.50 a ton, according to Stanfield, secretary for Stanfield Press, who is up from the west end today. Even the third crop has been a whopper, he says, and with prices soaring Stanfield bids fair to attain an unequalled prosperity. Many of the farmers are holding their hay for \$20, he states.

### Bought Two Quarters.

In addition to the quarter section of land bought yesterday by H. H. Wessel from James Johns Sr., Mr. Wessel has also purchased 250 acres from J. S. McLeod in the same region. A price of \$2000 was paid for the McLeod land. Mr. Wessel now has 2000 acres of what land in that part of the county.

### Garden Hose Stolen.

Doctors are not immune from disease and police judges are not safe from thieves. Judge Thomas Fitz Gerald discovered the latter to be true when, on his return from Lehman Springs, he found that some thief had made away with his 100 feet of garden hose. Dr. T. M. Henderson also lost his hose while absent on a vacation.

### Insurance Men to Go East.

C. E. Nelson, assistant state manager, Charles E. Heard, district manager and Carl Kupers and Powell Plant, local agents of the Equitable Life Assurance Society, expect to leave soon for Mackinac Island, N. Y., to attend the annual convention of the Quarter Million and Century Clubs. Mr. Heard will be the first to leave. He expects to go Saturday. Mr. Kupers is the Helix agent and Mr. Plant the Milton agent.

### Bears and Deer Thick.

T. R. Gurdaw, who is down from the Smythe-Boylan sheep camp near Meacham, reports bear thick in the mountains this year. Besides the three recently killed there, he reports having come upon another just above a herd of sheep last week. He has seen many deer in the mountains during the past few weeks and rattlesnakes thicker than he has ever seen them, he states.

### Eliminated by Honesty.

Too much honesty robbed George A. Hartman of a chance to compete in the final of the championship golf tournament at Gearhart recently. He was playing in the semi-finals

against J. R. Straight and toward the latter end of the course he made a hole in three. While teeing off for the next hole, he discovered that his caddy had led him to another player's ball which had fallen close to his own in the approach to the hole. Instead of taking advantage of his mistake, he played his own ball over and made only a four. Had he taken the three score he would have won the match on the 18th hole and thus have qualified for the finals. Mr. Hartman arrived home this morning from the beach. Mrs. Hartman will not return until Sept. 1.

Even though a distillery is converted into a manufactory of innocent commodities, it will be a long time before it loses its own and acquires the odor of sanctity.

## STRANGE LIGHTS ARE SAID TO BELONG TO THE METEOR FAMILY

Rev. J. M. Cornelson Gives Very Plausible Explanation of Phenomena Round Meacham.

Another explanation of the strange lights in the heavens above Meacham and Kamela is furnished by Rev. J. M. Cornelson of Tutuila and it is a very plausible one. The lights belong to the meteor family and are astronomically known as Perseids and traditionally as "the tears of St. Lawrence," he states.

Writing to the East Oregonian, Rev. Cornelson says:

"I have read with interest and some amusement the various announcements of strange lights, ships and whatnot in the local heavens. I have seen them, too, most every year, especially in the months of July and August, say from the middle of July to August 22. Being somewhat of a star-gazer myself, I took the trouble to look up these heavenly visitors for they are very beautiful and a little different from the ordinary meteor, though of course they belong to the meteor class.

"Those appearing on or around these dates are known as Perseids and derive their name from the constellation of Perseus where their radiant point is situated. When any of this swarm strike our atmosphere their rapid motion soon burns them out, but their trails often persist for a minute or two before they are disseminated, or burst into a shower. Their habit to burst into a shower has given them a traditional name as they frequently appear on or near the 10th of August, which is known in some church calendars as the day of Saint Lawrence, so they are called the 'tears of St. Lawrence.'

"Two years ago just at that date I was camped in the mountains about half way between Meacham and Kamela getting some 'pie dope' known as huckleberries. One dark night one of these Perseids broke across the sky, while I was out hobbling my horses. It fried, sizzled and crackled in its course across the heavens, and I instinctively ducked my head for safety first reason, for I was sure it was singeing the tops of the pine trees. But as I watched the trail of beautiful fire I came to my senses to remember that the highest astronomical authority assures us that they seldom come closer than 60 to 100 miles, being burned out in our heavier atmosphere. It is my guess then that these strange heavenly lights observed by several recently, all in the month of August, as they should be, are the annual shower of Perseids when their orbit cuts across the orbit of the earth. They are supposed to be the debris of an ancient comet which traveled the same path."

### Notice.

Dr. L. K. Bakeshov, who returned to Pendleton a few days ago, has leased the office in the Helix block formerly occupied by Dr. R. G. Alingo and recently by Dr. J. D. Plamondon. He took possession today and will resume active practice.
