NEWS OF PENDLETON

Steers Expected Tonight.

The two caravans of Texas long horns are expected to arrive in Pendleton tonight or tomorrow morning.

Chop Mill Improved.

The Haydenstein & Co. chop mill on West Alta street is now running again after having been remodelled and improved by the addition of new machinery. Further improvements are contemplated by the owners.

No Fires Allowed.

Owing to a near conflagration caused by a trash fire in the fire limits yesterday, Fire Chief Ringold calls attention to the fact a city ordinance prohibits the setting of fires of any character inside the city limits.

From the Italian Front.

L'Italia, a San Francisco published Italian newspaper received here by G. Navino gives an account of the fighting between the Italian and Austrian armies. On the plains of Isonzo in 12 days time the Italians have occupied a million square feet of frontage formerly held by the enemy.

So They Let Him Alone.

"This horse has no attendant, he bites, kicks and bucks, company employees should keep away," read a notice on the way bill for the new Round-Up bucker shipped here from Crayne, Oregon. The horse arrived today, consigned to J. H. Luck, and it is said that the railroad men strictly headed the injunction not to grow familiar with the animal.

Naval Officer Wants Tickets.

Captain E. F. Eckhardt, U. S. navy, retired, commander of the recruiting office in the northwest, located at Portland, writes in for seven tickets for each day of the Round-Up in his party will be Examining Surgeon Dr. Sinclair, wife and daughter, and as he says, a civilian, making a total of seven in the party. They want tickets and accommodations.

25 Coming from North Powder.

The little town of North Powder is not to be done by any other city of its size. This morning L. B. Russell sent in an order for 25 seats for Friday and Saturday of the Round-Up. This will bring about all of the people out of that town for the land is coming for Saturday and it is understood that they will come over Friday also in order to see two days of the show. This year's ticket sale is the biggest the Round-Up has ever had.

Sells Montana Land.

R. P. Dupuis, local representative of the Central Montana Land Co. has acquired the interests of J. H. Hall of Walla Walla, who was formerly district manager. Mr. Dupuis reports the sale of one-half section of Montana land to Lewis Geiss. Mr. Geiss also took a ten day option on an adjoining half section. Mr. Geiss bought a section of this land in June at \$27,900 and estimates this year's crop at worth \$900 or \$10,000.

Troop D Leaving.

Within the present week the Oregon Cavalry Squadron, comprising

A. B. C and D, Major Charles E. McDonnell in command, will leave Camp Withycombe for Camp Greene, North Carolina, says a story in a Portland paper. The exact date of their departure and the route is withheld for military reasons.

Early next week the cavalry troops will be followed by Batteries A and B, Oregon Field Artillery. The time of departure of the Third Oregon has not yet been definitely fixed, but it is probable it will be soon thereafter.

There was a cavalry remount station at Camp Greene, and it is understood that the Oregon cavalry troops will be mounted there and used to guard pipelines now under construction. It is probably for this reason that the cavalry troops are to be among the first to go in the camp.

Camp Greene, North Carolina, will be the headquarters of the Forty-first army division, in which will be included the Oregon and Washington National Guard troops. The Forty-first Division is one of those scheduled for early departure for France.

To Manage Phone Office.

D. J. Butcher, special agent for the Pacific Telephone & Telegraph Co. is now here and will have charge of the Pendleton office until a permanent manager is sent to this place.

Sells 2 Hupmobiles.

V. E. Shavelly, representing N. P. McLean, agent for the "Hup" and Oakland automobiles, made a trip to Athena yesterday where he sold two Hupmobiles to Athena business men.

Macey Is Salesman.

Frank J. Macey, former local clothing salesman is now employed as salesman in the furnishing goods department of the Peoples Warehouse.

James Bob Cat.

The baby Bob Cat recently captured by Geo. Tomlin in the hills near Mencham is rapidly becoming domesticated. It plays with the domestic cats at 402 Tustin street and seems just as much at home as if it was at large in the woods.

Divorce Suit Filed.

C. A. McCallin has brought suit for divorce from Ethel Metcalin to whom he was married at Eugene, Sept. 24, 1906. They have two children. Description is given as a cause why the divorce should be granted.

Closing Up Contracts.

John P. Herbst, representing the decorating firm of C. W. Goodman & Co. is now here from Seattle closing up the contracts for decorating buildings and streets during the Round-Up week. Mr. Goodman himself has been called to Chicago but hopes to be back in time to attend the Round-Up.

Two Are Exempted.

Telephone instructions were received here today by the county draft board to erase the names of William McGarrigle and Ora Shigley from the certified list. These names appeared on the official list sent over from La Grande but it appears they were later eliminated from the draft.

Britishers Are Coming.

T. F. O'Brien, local agent for the O. W. R. & N., has received a letter from J. H. Mitchell of Spokane stating that a British officer and staff will be here during the Round-Up for the purpose of enlisting English and Canadian citizens for service in the army.

1000 U. S. MARINES MAKE PERFECT RECORD

PORT ROYAL, S. C., Sept. 4.—A thousand raw recruits are undergoing intensive training at the U. S. Marine Corps recruit depot at Port Royal, S. C., went through the month of August with a perfect conduct record. There was not one single offender against the regulations, a report to headquarters states.

"The lads realize that each has a man's duty to perform," said Major General George Barnett, commanding the "Soldiers of the Navy," and they go about their work grimly. I am proud of them—every one."

BIG APPROPRIATION IS FAVORABLY REPORTED

WASHINGTON, Sept. 6.—The largest recent deficiency bill in history, four billion eight hundred million dollars, has been favorably reported by the house appropriations committee.

Attention H. P. O. Elks.

There will be a regular meeting tonight, Thursday, September 6th, of Pendleton Lodge No 238, H. P. O. Elks. Business of importance. All members urged to be present. By order of the Exalted Ruler. THOS. FITZGERALD, Sec. 97

12,900 ACRES IN SHOSHONE PROJECT OPEN SEPTEMBER 20

Having completed the necessary irrigation works, the reclamation service announces the opening to entry on September 20 of approximately 12,900 acres of good agricultural lands in the Shoshone project, Wyoming. The area to be opened lies south of the town of Franconia, extending to Montanard Denver, on the south and southeast, and is served by the main line of the Burlington from Billings to Denver, and a branch line from Franconia to Lowell. Nearly one-fourth of the tract has been irrigated by the government and is now in crop ready to be harvested. The soils vary from sandy loam to heavy clay loam, and are similar in character to those found on other parts of the project which have been in profitable cultivation for several years. Climate and soil are adapted to growing wheat, oats, corn, alfalfa, sugar beets, potatoes, and other hardy vegetables. In 1916 average gross returns per acre from potatoes were \$154; other crops as follows: Garden truck \$95, small fruits \$45, sugar beets \$72, beans \$42, and alfalfa \$19. For all crops average on 30,000 acres the average per acre was \$1. Stock raising and dairying are prominent and profitable industries.

Elevation Is 4500 Feet

The general elevation of the irrigable lands is 4500 feet above sea level. This region has an average annual rainfall of less than 9 inches, and temperatures ranging from 31 degrees below to 103 degrees above zero. The winters are usually open and mild, and the heat is seldom oppressive. The irrigating season is usually from April 20 to October 20, 150 days. Homeseekers should visit the project before the date of opening in order to inspect the farms and file necessary papers. The project manager of the reclamation service, at Franconia, where maps and blanks and full information concerning the methods of making entry may be obtained.

Must Be Citizen of U. S.

The homeseeker must qualify as a citizen of the United States, must comply with the homestead requirements, and must contract with the government to repay in 20 years, without interest, the construction charge. This charge has been fixed at \$66 per acre. The first installment of the construction charge is 5 per cent, or \$3.30 per acre, and is due and payable at the time of filing. The second installment of 5 per cent is payable on December 31 of the fifth calendar year after entry is made. Annual installments of 5 per cent are payable for the following 5 years, after which 10 annual payments of 7 per cent must be made. No interest is charged on deferred payments.

Nearly 500 farm families have settled on the project since 1907. They have come from all parts of the country, and as a rule are progressive, intelligent and successful.

TO CONTROL BRITISH PROVISIONS TRADE

Lord Rhondda Working With America to Drive Down Prices of Imports.

LONDON, Sept. 1.—Lord Rhondda Food Controller has decided to take over gradually control of the entire provision trade in the British Isles. The vital consideration in the regulation of prices of provisions is control of imports, and Lord Rhondda is in constant touch with the American Food Control Department on this subject. It is stated that the two

governments are working in entire harmony to obtain a reduction in the prices of commodities coming from the United States. Regarding the supply of tea, concerning which there have been alarmist reports recently, the Food Ministry today issued a reassuring statement, saying that while imports in May were small owing to tonnage difficulties, the imports since that time have improved and there "is no present cause for alarm, although all possible economy is desirable."

SAND GRAVEL CEMENT

Our pit run gravel just right for concrete containing proper amount of sand and requiring minimum amount of cement. Used almost exclusively on big jobs where efficiency and economy is considered.
