### PRICE IS FIXED ON NEWS PRINT PAPER FOR GOVERNMENT'S USE

President Sets 2 1-2 Cents Per Sheet as Fair Figure for Product to Be Used in Bulletin.

WASHINGTON, Sept. 13.—In an order which newspaper publishers consider an important precedent, President Wilson has fixed a price of 2 1/2 cents on news print paper for use in publishing the government's daily Official Bulletin. The order fixing the price was directed to the International Paper Co., which had declined to furnish news print for the Bulletin at less than 3 cents a pound.  
The President's action was taken at the instance of the joint congressional committee on Printing, of which Senator Fletcher is chairman. When the Bulletin began publication the committee sought bids for news print and the cheapest price named was 3 cents. This, the committee decided, was too high, and appealed to the International on patriotic grounds to sell its product to the public printing office at 2 1/2 cents. The company complied and for a time furnished the paper, but later declared increasing production costs compelled them to raise the price to 3 cents.  
Senator Fletcher went to the Federal Trade Commission for its cost of production figures and the committee decided the International could sell at 2 1/2 cents and still make a fair profit. Attorney-General Gregory held that a supply of paper for the Bulletin was necessary for war purposes.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, poisoned it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions, and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Sent for circulars and testimonials.

### GLASS OF WATER BEFORE YOU EAT ANY BREAKFAST

#### WASH POISON FROM SYSTEM EACH MORNING AND FEEL FRESH AS A BABY.

Every day you clean the house you live in to get rid of the dust and dirt which collected through the previous day. Your body, the house your soul lives in, also becomes filled up each twenty-four hours with all manner of filth and poison. If only every man and woman could realize the wonders of drinking phosphated hot water, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions, instead of the multitudes of "nerve wrecks," "run-downs," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

Everyone, whether sick or well, should drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

### JUST GOT OVER A COLD?

Look out for kidney troubles and backache. Colds overtax the kidneys and often leave them weak. For weak kidneys—well, read what a Pendleton woman says:

Mrs. James B. Jacobs, 300 E. Bluff street, says: "I could never speak too highly of Doan's Kidney Pills, for I have never found anything their equal. When I take a hard cold or over-do, my back gets to aching so badly that I can hardly move about. My kidneys also get out of order and I can hardly do my housework. After I have taken Doan's Kidney Pills for a few days, my kidneys act regularly. That awful misery in my back lets up and in every way I feel as well and strong as ever."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jacobs had. Foster-Milburn Co., Mfgs. Buffalo, N. Y.

### FIRE IMPERILS 120 INSANE

Asylum Destroyed, but All Patients Are Saved.  
OGDEN, Utah, Sept. 13.—The lives of 120 inmates of the Evanston, Wyo., insane asylum were in peril this afternoon when fire destroyed one of the buildings. The fire started in the third story and burned to the basement, gutting the entire building. The guards, with volunteers from the city, were able to get all the inmates to a new building without any loss of life. The origin of the fire is a mystery. The loss is estimated at \$75,000, covered by insurance.

### GOWNS WITH ONE SLEEVE COMING IN WAR'S WAKE

For Women Must Economize, and Skirts Will Be Narrow, Says Fashion Arbitrator.  
CHICAGO, Sept. 13.—Fashion has been tamed by the war. This is the word that went forth at the opening of the Fashion Art League of America when the advance showings for the autumn were seen in the Auditorium Hotel today.  
"War has tamed Dame Fashion," Mme. Marguerite said, and she sighed. "Woolens must be conserved. Our soldiers must have warm clothes, so our women must be content with just about half the amount of cloth in their tailored attire. Their coats are to be shorter, skirts narrower, lapels to be only lines, and not a patch pocket will be seen. The lines are almost severe."

J. L. VAUGHAN

The demonstrator straightened up with a soldierly air. Then she smiled and turned to another model.

"But there are exceptions," she said. "Here is something daring, more daring than ever before," and out of the dark chamber strutted a young woman. The skirt parted on either side and displayed ankle bloomers of a radiant hue.  
"This is decidedly Byzantine," the demonstrator said. "The evening gowns will be full of American made ribbons," she continued. "You know the industry was threatened last year, thousands were thrown out of employment. Now we are going back to them to revive the industry. Gowns with only one sleeve will be fashionable and even the silhouette will be in vogue."

### Lift Off Corns Doesn't Hurt!

Few drops stop soreness, then corn or callus lifts off with fingers.

The world owes thanks to the genius in Cincinnati who discovered freezone.  
Tiny bottles of the magic fluid can now be had at any drug store for a few cents. You simply apply a few drops of freezeone upon a tender, aching corn or a hardened callus. Instantly the soreness disappears and shortly you will find the corn or callus so loose and shriveled that you lift it off with the fingers. Not a bit of pain or soreness is felt when applying freezeone or afterwards. It doesn't even irritate the skin or flesh.  
For a few cents one can now get rid of every hard corn, soft corn or corn between the toes, as well as bottom of feet. Every painful callous on one who tries freezeone becomes an enthusiast because it really doesn't hurt or pain one particle.  
Ladies! Keep a tiny bottle on the dresser and never let a corn or callus ache twice.

### 28 Years Ago Today

(From the Daily East Oregonian, Sept. 13, 1889.)

As the mixed train from Walla Walla was approaching Pendleton last evening, it broke in two near Rourke station and the passenger car was left behind, its absence being undiscovered until the remainder of the train had reached Pendleton yard limits.

The Misses Minnie and Grace Welch, Miss Jennie Thompson and Mrs. Thomas Thompson left today to attend the state fair at Salem.

The finishing touches are now being applied on Mr. B. Selling's residence at Athena.

Band concert this evening as usual notwithstanding the circus.

Pendleton contains few idle men at present; there is work for all and professional vases who will not work are soon made acquainted with the interior of the city jail.
