PENDLETON AUTO CO.'S HANDSOME NEW GARAGE WILL OPEN MONDAY

Monday will see the opening of the beautiful new home of the Pendleton Auto Co., on the corner of East Court and Johnson streets. The finishing touches on what will undoubtedly be as complete and attractive a garage as there is on the Pacific coast are now being put on by painters and decorators and the moving from the old garage is about completed.

The new garage will be for the display, sale and storage of cars and accessories only, the company having decided to keep the shops in their present location so that there will be no noise or dirt at the new place.

Display Room Faces Court. The display room of the new garage, facing on Court street, is truly a work of art. The floor is of art tile and the walls and ceiling have been decorated much the same as are the walls and ceilings of fashionable hotel lobbies.

Cutting off a corner of the display room is a luxuriously furnished ladies' rest room. A writing desk, Davenport, easy chairs and other furnishings make a most inviting place for the tired motorist. Of the rest room is a dressing room and toilet.

Manager McCormack's handsome office is also cut off the display room. Back of the display room is a commodious storage room with a capacity of 40 cars. It has three large doorways and passages, making entrance and exit easy.

Men Have Rest Rooms. One of the new features of the garage, a feature heretofore overlooked, is a men's rest room where men patrons can clean up, rest, read and write in comfort.

On the east side of the Court street passageway is an accessory store. Below in the basement is a storage room

for tires, the coolness and a slight dampness making it ideal for the purpose. The furnace room is also in the basement, for the garage will be steam heated. The air pump is in the furnace room so that there will be no noise above.

A shipping and receiving room, conveniently located on the alley, an oil room, a locker room for men employees, a gallery for parts, three air, water and gasoline stations, one at each entrance and one each within, are some of the other features which make up the completeness of the whole. The building is of reinforced concrete and architecturally most attractive.

The Pendleton Auto Co. will be able to make a most attractive display of cars in its display room for it handles some cars of beautiful lines. The company is now handling the Franklin, Cole 8, Marmon and Reo and the Duplex and Republic trucks.

German Claim AHB.

BERLIN, Sept. 14.—German airplanes didn't intentionally attack the allied hospitals, it is officially stated.

The statement asserted that in the case of the Vadelmancourt incident, the Germans knew that 300 paces from the hospitals was a large French aerodrome. Three squadrons from this aerodrome bombed the peaceful German villages of Lorraine and Saar, the statement declared, concluding that the French have no right to complain if a few bombs unintentionally hit the hospitals.

Most Old People Are Constipated

The wear of years impairs the action of the bowels. As people grow older they restrict their activity, neglect to take sufficient exercise, and indulge a natural disposition to take things easy. The digestive organs become more sensitive to the demands made upon them and rebel more quickly.

It is of special importance to the health of elderly people that the bowels be kept normally active. A mild, yet effective, remedy for constipation, and one that is especially suited to the needs of old folks, women and children, is the combination of simple laxative herbs with pepsin sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. It costs only fifty cents a bottle, and should be in every family medicine chest. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

German Assaults Repulsed.
 LONDON, Sept. 14.—Only the predominating strength of the French artillery prevented a German infantry assault at Bixchoote last night. It is stated. Haig reported minor operations. German airplanes bombarded Dunkirk.
 Gunfire on both sides of the French front was extremely violent. French barrage fire was too strong for a German infantry attack. In Champagne the French repulsed a number of raids.

THE SCOUT'S GRAVE
 An empty shack on the mountain side
 And an unmarked grave below
 Where guarding the plain stand sentinel peaks
 With helmet and shield of snow
 A "wolf of Nature's" last resting place!
 Apart from the world's fierce strife
 Mid well loved scenes, he has "fixed his camp"
 At the end of his journey of life.
 Though his history's page is a trifle dim,
 In the years that he called his best,
 He had piloted through an adventurous crew
 Who were lured to the Golden West.
 He saw the change creep over the wilds
 That followed men's greed for gold;
 The cities that rose on valley and plain
 Where the buffalo ranged of old.
 But gold and cities held naught for him;
 Remote from the haunts of men,
 His spirit set forth o'er the Great Divide,
 And what was his monument then?
 An empty shack 'neath the mountain pines
 Chanting a requiem slow
 And the sunsets fall like a royal pall
 On the lonely grave below.
