At The MOTION PICTURE THEATRES

Cosy Thursday-Friday. Butterfly pictures present the Spindle of Life, featuring Ben Wilson and Neva Gerber. "The Spindle of Life" is a story of present day happenings and from every angle is highly creditable. Eddie Lyons and Lee Moran are featured in a side-splitting comedy, "Minding the Baby."

DOROTHY GISH A SPIRITED MADCAP IN "HER OFFICIAL FATHERS"

Pastime Thursday and Friday. A riotous young madcap who causes no end of trouble for her guardians, the officials of a banking company, is the character assumed by Dorothy Gish in the Triangle-Fine Arts play, "Her Official Fathers," which will be shown at the Pastime Thursday and Friday.

Mrs. Gish goes through an unusual costume cycle during this play. Among the varied attire which she dons is a curious Chinese negligee, with toupettes and a round Mandarin hat. It is because of her love for such fine feathers that she has a noisy tilt with one of her guardians who objects to her extravagance. In fact, she starts a run on the bank before getting her bill approved.

WONDERLAND OF WEST PHOTOGRAPHED FOR "THE COLD DECK"

Pictorially there is much of interest in "The Cold Deck," the latest photodrama starring Wm. S. Hart, which will be presented at the Pastime theater Sunday and Monday. The story, which is one of the pioneer days in California, is centered in the Yosemite country, the wonderland of the western state.

The most dramatic episodes take place in and around the towering redwoods of the primeval forests.

Alta Theater Today. The new policy that the management of the Alta has inaugurated goes into effect today. The program will consist of five acts of Hippodrome and Affiliated Vaudeville. These acts come on a circuit direct

from Chicago. They are routed from Chicago West to San Francisco and play back to Chicago by the southern route.

The program features Miller, Steadman Miller, a trio of harmony singers that come well recommended. The Rollerettes do an eccentric rolling globe and trick juggling act. Their work is done on top of a globe, the male member of this act appearing as a clown comedian. He is an expert juggler and one of his tricks that took him years to master is spinning seven plates at the same time while on the rolling globe. The female member of the team is a beautiful and shapely personage and is a clever artist. Shaw and Sharpe have a neat comedy act which consists of eccentric singing, talking and dancing. The Olivia Duo, a man and woman, present a Gypsy camp, introducing singing and instrumental numbers on guitar and accordion. Sam Browder, a clever blackface comedian, bills himself as the Representative from Georgia and has an act that will please. The picture program is from the paramount studio and features Lou Tellegen and Mary Fuller in "The Long Trail."

Unimpeachable—if you were to see the unequalled volume of unimpeachable testimony in favor of "Hood's Sarsaparilla" you would upbraid yourself for so long delaying to take this effective medicine for that blood disease from which you are suffering.
