Most Old People Are Constipated

The wear of years impairs the action of the bowels. As people grow older they restrict their activity, neglect to take sufficient exercise, and indulge a natural disposition to take things easy. The digestive organs become more sensitive to the demands made upon them and rebel more quickly.

It is of special importance to the health of elderly people that the bowels be kept normally active. A mild, yet effective, remedy for constipation, and one that is especially suited to the needs of old folks, women and children, is the combination of simple laxative herbs with certain solid in drug stores under the name of Dr. Caldwell's Syrup Pepsin. It costs only fifty cents a bottle, and should be in every family medicine chest. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 456 Washington St., Monticello, Illinois.

MANY IDAHO ROOTERS COMING FOR BIG GAME

Numbers of University of Idaho students will follow their team to Pendleton on Saturday, October 20, for the O. A. C. Idaho game at Round-Up Park, the first intercollegiate game ever scheduled in eastern Oregon. A. J. Priest of Boise, a prominent student at the Idaho institution, writes to a local friend that he and many others will come down to root for the Gem staters.

Priest writes that Idaho backers are very hopeful of getting a victory in the Pendleton contest. While the war has hit the football team of that college as well as others, he anticipates that Coach Bleamaster will turn out a fast team and one that should be almost as heavy as the O. A. C. mole skin warriors.

Captain Tom Jackson of Idaho is back after a summer in the forestry service and will be the mainstay of the team.
