OVER THE NORTHWEST

Fourteen States Represented.
EUGENE, Oct. 12.—Thirteen states besides Oregon are represented in the student body of the University of Oregon this year. Next to California, Washington leads with 21 students; Idaho, second with 19 and California third with 15. Four Chinese students are enrolled and one is a native of Germany.

Exalted Ruler Visits.
PORTLAND, Ore., Oct. 12.—Fred H. Harper, grand exalted ruler of the R. P. O. Elks, and other officials of the lodge are the guests of Portland today.

Arriving this morning, they were met by a reception committee and taken over the Columbia river highway. Tonight they will be the guests of honor at a banquet and tonight a special session of the lodge will be held.

The party of lodge officials will leave for the north tomorrow morning to visit Tacoma and Seattle Elks.

To Build Branch Line.
OLYMPIA, Oct. 12.—The Chicago, Milwaukee and St. Paul railroad is preparing to build a branch line from Greenlake to Dupont, a distance of six miles, so as to be able to handle army post traffic, according to the prediction of state officials here today. The railroad has filed a petition with the state public service commission for permission to build a line across the tracks of the Northern Pacific.

Annual Convention Wednesday.
EUGENE, Ore., Oct. 12.—The annual convention of the Oregon congress of cothens and Parent-Teachers' association will be held here, beginning next Wednesday. The program included an address by Governor Withycombe and the presidents of the University of Oregon, the Oregon Agricultural college and Reed college. The program is completed.

I. W. W. Men on Job.
NORTH YAKIMA, Wash., Oct. 11.—When a number of orchard employees at the E. D. Clark ranch, near Harrah, struck Saturday for 44 a day for field men and seven cents a box for packers, three I. W. W. members of the gang refused to go out with them. "We are satisfied, why should we quit?" they asked. "We are getting what we hired out for."
Sixteen packers at the warehouse of the Yakima County Horticultural Union in this city struck yesterday for an increase from five to six cents a box.

Skeleton Found On Ranch.
CENTRALIA, Wash., Oct. 11.—The skeleton of a man, believed to be that of Grover Probst, who disappeared about two years ago, was found Sunday on the ranch of his father, D. Probst, in the Hannaford Valley by A. H. Foster and Charles Bane. A bullet hole through the skull and a

"CASCARETS" FOR A COLD, BAD BREATH OR SICK HEADACHE

BEST FOR LIVER AND BOWELS, FOR BILIOUSNESS, SOUR STOMACH AND CONSTIPATION.

Get a 10-cent box now. Furred Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, food rashes, bad breath, yellow skin, mental fens, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box "from your druggist" will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little bodies need a good, gentle cleansing, too.

OVERLAND AND WILLYS-KNIGHT AUTOMOBILES

THE WILLYS-KNIGHT

You will concede the luxury and beauty of this car without argument. Its practical advantages finally determine its purchase. The motor has no equal—no near approach in any similar cars selling for so moderate a price or for hundreds of dollars more. It is a Willys-Knight sleeve-valve motor—12,000 produced last year and giving the most remarkable satisfaction.

Everybody knows that nothing has ever seriously challenged the noiselessness of this type of motor. It has the softest "purr" combined with greatest power for its size. Its velvet smoothness puts all other motors of like power to shame.

rusted revolver, half buried in mud near the bones, told a story of suicide. A pair of shoes, hat, clothing and about \$5 in money were all that was found in addition to the revolver to establish identification. A gold crown by which identification as Young Probst would have been certain, was missing from the upper jaw of the skull.

Soldiers As Students.
EUGENE, Oct. 11.—Soldiers whose homes are in the state of Oregon or those who have enlisted with Oregon units from other states can take up college work while fighting for America through special arrangements announced today by the University of Oregon.

The work will be carried on through the extension department of the university. The university aims to reach principally men stationed at the Vancouver, Wash., barracks, and at the forts on the lower Columbia. Instructors—members of the university faculty—will be sent to these points at regular intervals. The work will be carried on entirely by mail if the men are sent east or to Europe.

Professor E. E. McCou, who has just returned from a visit to the Vancouver barracks and other points where large numbers of soldiers are stationed reported that he found the soldiers much interested in the plan desiring particularly to take up the study of conversational French, mathematics and scientific subjects.

Strapped Wife's Fate.
SPOKANE, Wash., Oct. 11.—Gustav Stewin slapped his wife's face when she sang "America," claims Mrs. Stewin.

Mrs. Stewin is patriotic. She immediately filed suit for divorce and got her decree. They had been married 21 years.

La Follette Picture Goes.
SEATTLE, Oct. 12.—A picture of Senator La Follette that for two years hung in a class room at the University of Washington has been removed and replaced by a picture of Abraham Lincoln.

That Senator La Follette has forfeited the respect not only of his colleagues in the republican party but of all patriotic citizens and should be expelled was the substance of a resolution adopted by the Young Men's Republican Club.

FEW SHRIMPS ARE CAUGHT IN PACIFIC FISHING SO RESTRICTED THAT THIS PALATABLE SHELLFISH UNMOLESTED.

SAN FRANCISCO, Oct. 9.—The national call for more shrimps must remain unanswered despite the fact that "there are more shrimps in the sea than ever were caught." The state Fish and Game Commission reports that despite the expansion of the national appetite for the tiny crustacean, the supply in the Pacific Ocean

alone has dwindled from approximately 3,000,000 to 200,000 pounds a year.

There is a definite reason for this, according to the commission. When fishermen were allowed to catch shrimps at their will around San Francisco bay, they trapped enormous numbers of small fish in their shrimp nets. Regulatory laws were passed calling for different sorts of nets. But these were no improvement on the original nets and the decimation of the small fish continued.

The state legislature finally passed a law confining the shrimp fishermen to the waters off South San Francisco. The run of small fish there is comparatively small and, according to the Fish and Game Commission, such small fish loss makes no appreciable difference in the supply available. The real shrimp supply is inexhaustible, the commission declares, and the use of this crustacean would

no a long way toward keeping down the high cost of living if some means could be devised where it could be caught without entailing the loss of other small sea creatures. The waters

along the Pacific Coast and especially around San Francisco are thick in places with colonies of shrimp, but they must remain the fodder of bigger fish until they can be taken alone.

All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never cure you.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs. This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be

rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely roots from your blood the Catarrh germs, for which it is a perfect antidote.

S. S. S. is sold by all druggists. If you wish medical advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. B Atlanta, Ga.

PIMPLY? WELL, DON'T BELIEVE IT!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with a dark brown taste, a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

NO HEADACHE OR NEURALGIA PAIN

Get a 10 cent package of Dr. James' Headache Powders and don't suffer.

When your head aches you simply must have relief or you will go wild. It's needless to suffer when you can take a remedy like Dr. James' Headache Powders and relieve the pain and neuralgia at once. Send someone to the drug store now for a dime package of Dr. James' Headache Powders. Don't suffer! In a few moments you'll feel fine—headache gone—no more neuralgia pain.
