Where It Pays to Trade

At The MOTION PICTURE THEATRES

Alta Theater Sunday-Monday, sets of vaudeville. Headlining the For Sunday and Monday the man-show is the Pervett-Merrill Co. a man segment of the Alta announces five and two women in a spectacular nov-

erty number which they will bill as "A Bit of Old Egypt." It is an act of beauty, mystery and pechomania, artistically presented. The feature offering is their own original illusion called "The Masterpiece," a reproduction of the famous painting of that name posed in life. Mable Barimore and Co. have a comedy novelty act introducing their wonderful trained horse Frankie. Miss Grace Warren is the possessor of a beautiful voice and is a singing comedienne of note. Mink and James De Rondo have an act that is unique and present the world's greatest one-armed dare-devil. Pedroti, piano accordionist, is a musician of rare ability. He has a pleasing personality and while playing on the piano accordeon, whether classic popular or rag-time solos, is entertaining at all times. The feature picture is "Firtine With Death" and for its stars presents Herbert Rawlinson and Brownie Vernon. Paramount's Bray Cartoon is also on the program.

photodrama starring Wm. S. Hart which will be presented at the Pastime theater Tuesday and Wednesday. The story which is one of the pioneer days in California, is centered in the Yosemite country, the wonderland of the western state. The most dramatic episodes take place in and among the towering redwoods of the primeval forests.

ARCADE TO SHOW

THRILLING FILM

The picture par-excellence, one of the supreme offerings of filmdom, is "The Whip," the screen version of the famous play that ran for three years in London and for over two seasons in New York city when it was produced by William A. Brady. Afterward the play had a run of two years in Australia and a career without precedent in every part of the English speaking world. It was translated into French, Russian, German and other tongues, and always with enormous success. It was so vast in its equipment of scenes and effect that it could be produced in only three or four theaters in all America—such as the Manhattan opera house, New York; The Auditorium, Chicago, etc.

Gigantic Train Wreck

This vastness has been immeasurably increased by the resources of motion picture art. Given such advantages of original magnitude, "The Whip" offered a rarely inviting subject for dramatization. Tremendous effects have been obtained, as for instance the gigantic train wreck, in which a whole train was smashed to bits at a huge cost for the sole purpose of obtaining one scene for the picture.

The story is of the race track and the intrigue revolving around a famous race horse named "The Whip." This intrigue involves an impetuous "gentleman" and his adventurous partner, a handsome young man in love with the charming daughter of the horse-loving judge who owns "The Whip," the jockey who rides and idolizes the horse, and the unscrupulous and pretty sister of the jockey.

Full of Powerful Scenes. Big race scenes, wonderful hunting scenes, the best train wreck and the most thrilling automobile accident ever seen in pictures—all these combined with a powerful and attention-riveting story, make this one of the world's biggest screen plays.

Cosy Theater Sunday-Monday.

"The Toll-Tale Step" with Shirley Mason in the leading role and supported by an all-star cast, will be shown next Sunday and Monday at the Cosy theater.

Admirers of Shirley Mason, sister of Viola Dana, will be pleased with her next picture in which it is claimed she is scoring an even greater hit than in any of her previous photoplays. Exceptional talent was required for the role of Lucia, which Shirley Mason portrays, and for this reason she was selected for the part, and has successfully made use of her dramatic ability.

When You Sign a Bond

As surety for a friend, you insure your credit. Bankers, Credit Men and Commercial Agencies, take this into consideration when determining your financial standing.

Moreover, you JEOPARDIZE YOUR ESTATE, and may delay its distribution in the event of your death. The provision that a man has made for his family during his entire lifetime, is often wiped out after his death by a loss on a bond signed by him.
