NEWS OF FARM AND RANGE

FINE FARM REWARDS HOMESTEADER'S WORK

AFTER FEW YEARS OF HARD KNOCK, HENRY SOMMERER WINS OUT AT HERMISTON.

Barren Sagebrush Is Transformed Into One of the Best Diversified Farms in Umatilla County in Nine Years.

It was in 1908 that Henry Sommerer from Missouri took a homestead of 160 acres in the Hermiston country which is now embraced in the Hermiston project. That plot and tenacity will win in the end haven't been fully exemplified than in Henry's case. The first year Mr. Sommerer took up his abode on this 160 acres of sagebrush and sand, he broke and leveled 75 acres, sowing same to barley and alfalfa. After this crop was about an inch high, giving every promise of a fine stand, a wind and sand storm completely destroyed the entire acreage. The following year Henry again seeded only to have a repetition of the year before. Undaunted by the preceding failures, he again seeded this seemingly ever shifting piece of land. But this time marked the beginning of what is one of the finest farms on the Hermiston project. The third sowing developed into a fine field of alfalfa, fully demonstrating what these great acres of Umatilla county will do under proper conditions and development. In the course of the further development of this farm, Mr. Sommerer planted some 10 or 15 acres to fruit, principally apples, peaches and grapes, which yielded far above his highest expectations. This year Mr. Sommerer will sell in the neighborhood of 500 boxes of apples alone. At an average price of \$1.00

per box. Other fruits yielded proportionately, all bringing good prices. This farm is strictly a diversified farm. Jersey cows, hogs, poultry and garden vegetables are here grown at a profit. He is now being repaid for the first few years of hard knocks.

Birch Creek Apples—The fruit growers of the south end of Umatilla county have demonstrated the fact this year that they can produce good apples—apples of good merchantable quality are in abundance on West Birch creek, south of Pilot Rock. Very nearly every farmer from the Burgess ranch to Pine Grove have apples that will compare favorably with those grown in localities that are heralded as the apple growing sections. It is a sight well worth any one's time to take a car and make a drive to Pine Grove. The roads are good that wind up through a canyon almost to the timber line. Every orchard along this beautiful road is literally breaking down with beautiful red apples.

The farmers in this particular locality have placed this end of their farming as secondary. Consequently some of these are finding some trouble in securing a market for their present crop. Among the larger apple growers in this locality are Cable, Herbert Boylen, Frank Byrd, A. E. and C. D. Hascall, A. S. and A. B. James.

Builds Large Barn—Roy Horn and his father who recently bought the 480 acres of wheat land formerly farmed by the late P. H. Van Orsdall, has constructed this season a \$2600 barn. The barn is 100 feet long by 65 feet wide. Built on a substantial concrete foundation. The hay mow, which will hold 120 tons of chopped hay has a double floor. The top floor is of No. 1 flooring. A contemplated lighting system, built in grainaries and many various conveniences make this one of the finest barns in Umatilla county. Mr. Horn is to erect a 1,000 residence on this farm this coming season.

OVER THE NORTHWEST

CAMP LEWIS MEN TO PUT ON A ROUND-UP

"LET 'ER BUCK" SLOGAN IS BORROWED FROM PENDELTON'S FAMOUS SHOW.

"Building" Stated for Prominent Place on Tentative Program; 24th Field Artillery Principal Actors.

CAMP LEWIS, Nov. 2.—Let 'er buck.

Borrowing their slogan from the famous Round-Up of Pendleton, Ore. cowboys in the 24th regiment of field artillery—composed principally of men from Montana, Idaho, Wyoming and Utah—today are completing plans for a rodeo.

They say it will offer more thrills than the Pendleton show. The affair will be staged about November 19—one week from today.

Building fancy roping, trick riding, contest riding, wild horse racing, steer riding and broncho busting are on the tentative program. Major General Green is taking a personal interest in the affair and has ordered that the men can use all of the horses in the remount station. Captain C. M. Breezer is responsible for the idea and J. L. Linsley is manager. The regiment includes a number of men widely known in the cattle country.

Governor to Lead March. PORTLAND, Ore., Nov. 2.—Governor Withycombe is scheduled to lead the grand march of the Jitney jazz dance to be given by the Travelers Protective Association here today.

Although the dance will include such dances as the turkey trot, the honk honk walk and the fuzzy wuzzy walk, it is given in the name of patriotism. Proceeds will buy Liberty bonds.

Canada's Law Strict.

NEW WESTMINSTER, B. C., Nov. 2.—Pity the Canadian bootlegger. Those who have seen the workings of the prohibition laws in Oregon, Washington and Idaho, as compared with the new British Columbia law say that the Canadians are much more strict and convictions more often secured here than in the States.

A recent case here illustrates this point. Tom Wilson, a Chinaman, was convicted of selling liquor. He received six months of hard labor.

The offender here, even on his first conviction, gets a jail sentence while in the States he would probably receive only a fine or a suspended sentence at the most.

New Train Schedule.

PORTLAND, Ore., Nov. 2.—Changes in the Southern Pacific passenger schedule, including the addition of another Portland-San Francisco train.

The new train, known as No. 53 will leave Portland at 1 a. m. and will arrive at San Francisco 10:50 p. m. the following day. Changes in the schedule of the Shasta limited are also made.

The removal of the big coast liners Great Northern and Northern Pacific has so increased traffic over the Southern Pacific the new trains were made necessary.

Auto Thieves Are Busy.

PORTLAND, Ore., Nov. 2.—October has been a prosperous month for Portland automobile thieves, according to police statistics compiled today. Seventy machines were stolen during the month in Portland, exceeding by a wide margin any previous month.

Will Take Special Training.

PORTLAND, Ore., Nov. 2.—A large party of young men from the Pacific northwest are on their way to New York today to take a special

course in gasoline engines at Columbia university. They were enlisted in the navy here as machinists mated second class.

After several months at the big New York college, the men will probably be assigned to duty aboard Atlantic coast patrol boats.

The party left Portland Thursday and will start their studies next week.

Farm Products Display.

PORTLAND, Ore., Nov. 2.—Products show at the new municipal auditorium.

Programs and special features are planned for practically every day of the big exposition. The show ends November 24.

Corporations Are Decreasing.

SALEM, Ore., Nov. 2.—The number of corporations in Oregon is steadily decreasing, according to the annual report of H. Schullerman, corporation commissioner.

During the year ending June 30, 1917, 882 companies were incorporated. In the same period of time 825 were dissolved. At the close of the fiscal year state records showed there were 9174 corporations in the state.

Uncle Sam Needs Help.

PORTLAND, Nov. 2.—Our Uncle Sam wants help. Federal officials here today said never before since the inauguration of civil service has the government needed so many men and women.

Ten thousand workers in 24 different lines are needed. Examinations will be held at principal cities throughout this civil service district today, November 17 and December 1.

Many government offices are said to be working short handed because of the government's inability to get qualified employees.

SEA SOLDIERS ANXIOUS TO SEE REAL FIGHTING.

WASHINGTON, Nov. 2.—After receiving their baptism of fire in the fights and campaigns incident to the establishment of good government in Haiti and Santo Domingo, United States Marine veterans now serving in those countries are straining at the leash in eagerness to take up arms with their brothers overseas. Headquarters here has received many letters from Marines in Haiti requesting their transfer to the battle front in France.

Peace is now thoroughly established in the West Indian republics, and the sea-soldiers are tiring of the comparatively quiet of the various posts where they are serving.

GRAND JURY RECOMMENDS IMPEACHMENT MAYOR SMITH

PHILADELPHIA, Nov. 2.—The grand jury recommended the impeachment of Mayor Thomas Smith and the removal of Director of Public Safety Wilson. Smith is charged with misconduct in office, conspiracy to commit murder, contempt of court, and connection with the primary election rioting.

Goes like hot-cakes and besides

MEN—

You, who are always buying on credit, and feel your greatness through its results—are you saving money the same as your neighbor who buys for cash only? Look up the Golden Rule Store, examine our goods and its quality, then ask the price. You'll be a money-saver through cash buying at this store from that day on.
