## A CLEAR COMPLEXION

Ruddy Checks—Sparkling Eyes—Most Women Can Have  
Says Dr. Edwards, a Well-Known Ohio Physician  
Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During those years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.  
These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.  
If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a helless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.  
Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition, 40c and 25c per box. All druggists.
