WASHINGTON, Nov. 7.—A jury of the supreme court of the District of Columbia today awarded \$30,000 damages for breach of promise to Miss Sadie McCullian from Francis J. Rafferty, a \$25 a week shoe store manager.

This was the entire amount asked for. Miss McCullian said that Rafferty married another after she had accepted his proposal.

What Germany did to Italy is another good reason for buying Liberty bonds whenever the opportunity offers.

HELPING TO WIN THE WAR

(BY GEORGE ADE)
While the war is on, the active work in support of the boys at the front will be shouldered cheerfully by men and women a little too old for active service but not yet frosted at the temples.

They will supply part of the money and most of the " pep " needed to stir and encourage a huge army in the field.

It is for them to realize that we have passed the period of doubting and question answering.

We have come to the days when nothing more, supplant conversation. It was all right six months ago to space an hour a day in trying to convince some one with a vacant eye and a dark mind that we were really justified in accepting the insolent challenge thrown at us by Germany.

You are to be forgiven if, even three months ago, you spent valuable time trying to convince a skeptic authoritatively that—

First, Government bonds are a safe investment.

Second, Pro-German propaganda are to be hit in the head.

Third, The allies are to be trusted.

Fourth, The Red Cross is above suspicion and does not obtain either money or knitted goods under false pretenses.

Fifth, All taxes which have been levied are justified by extraordinary and unprecedented conditions.

Sixth, This is not a rich man's war, it was not precipitated by any Wall Street influence; it is not concerned over private investments; it is not a grand benefit for omnium makers.

Seventh, Fair programs have no value when they are made by a criminal who finds himself backed into a corner.

Eighth, The men in our training camps and abroad transports and stationed somewhere in France are being scorned as American soldiers never before looked after, as regards wholesome food, proper sanitation, prevention of disease, and moral guidance.

Why emphasize further? Also Martin met a fellow down in Brown County that never heard of Tony Pastor, and we have a taxpayer in our township who thinks this world is flat and you can find cabinet performers in New York City who don't believe there is such a place as Iowa and clairvoyants still find customers and you can name people who will consult a water medicine "cure" in preference to a doctor, and old Jehro Tilford, over in Shelby Township, carries a dried-up potato to keep off the rheumatism.

In every community you will find a contrary-minded element of the human race—people who keep themselves somewhat in evidence by noisily denying facts which are self-evident to all of their neighbors who happen to see in the full enjoyment of sanity.

They are somewhat like frogs, i. e., they make an awful noise in proportion to their number.

Now, if you will take the trouble to check up in your immediate neighborhood the people who, from the beginning of the war, have been full of doubts and questions and false alarms, you will find that they are few in number and of precious little importance, except as atmospheric disturbances.

Also, did it ever occur to you that the man who had bought most liberally of Government bonds never questioned the safety of his security?

That the woman who was knitting the most socks and sweaters never believed the silly stories about the Red Cross using a crooked method?

That the soldier boy about to board a transport and join his comrades of France and Great Britain never was known to doubt the sincerity of the men with whom he was soon to join shoulders?

No, indeed! All the walls and mistletoes and fish stories are put into circulation by a few picaresque outsiders who were just built to be obstructivists and somehow can't help it.

They are in a class with the Tories who feasted the aristocratic British of Great Britain while Washington's Army starved at Valley Forge.

They are a hold over of the Valhalla clan that reviled Lincoln and gave underhanded copperhead support to the cause of slavery, even after it was doomed.

They are the kind of people who oppose public improvements, will not buy tickets for the Chautauqua, criticize the minister if he smiles in public

UGH! ACID STOMACH, SOURNESS, HEARTBURN, GAS OR INDIGESTION

THE MOMENT "PAPE'S DIAPESIN" REACHES THE STOMACH ALL DISTRESS GOES.

Arthur Williams, vice-president and general manager of the New York Edison Company, has been appointed food administrator for New York City. The vital necessity for maintaining the producing food companies in the New York district in operation is now apparent. Many of the packing companies have their product contracted for by the American Red Cross and the government. A steady supply of sugar is needed to them all—and all threaten to cease operations in the course of the week through the impossibility of securing a sugar supply. New York is being drained of sugar—and discontent is already being voiced in many quarters.

Do some foods you eat fill back—taste good, but work badly; ferment into acids and cause a sick, sour, gassy stomach? Now, Mr. and Mrs. Chamberlain, get this down: Pape's Diapiesin helps neutralize the excessive acids in the stomach so your food won't sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is upset you usually get happy relief in five minutes, but what pleases you most is that it helps to neutralize your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. Pape's Diapiesin is positive in neutralizing the acidity, so the misery won't come back very quickly.

You feel different as soon as "Pape's Diapiesin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no flatching, no eruptions of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia, or any stomach disorder, due to acid fermentation.
