OVER THE NORTHWEST

Hygiene Society Formed.
PORTLAND, Ore., Nov. 8.—Aiming to help in the moral crusades in towns and cities near army camps, former members of the old Pacific Coast Social Hygiene Federation and others interested in this work, have completed the organization of the Western Social Hygiene society.

A war work council has been appointed and offices opened here. The organization plans to take an active part in the cleanup of Washington cities near Camp Lewis.

William T. Foster, president of Reed college, is president of the society.

School Children to Help.
SALEM, Ore., Nov. 8.—Oregon school children will keep Oregon soldiers in training camp or battleline informed of the folks at home, State Superintendent of Public Instruction said today.

Estimates of the number of signers in the three states, Washington, Idaho and Oregon are impossible now, but workers everywhere expressed satisfaction. Only in a few districts were there any opposition. Most housewives gladly signed the card.

Teaching Art of Boxing.
CAMP LEWIS, Nov. 8.—Willie Ritchie, former champion lightweight boxer of the world, here to teach the Sammites how to box, will not con-

duct Sunday school classes in the art.

The men will go direct to the mat and pound each other until they get the idea of boxing firmly pounded in their heads.

"One thing's certain," Ritchie said today, "I'm not going to do any talking. There'll be no schoolroom classes in pugilism while I am here."

Boxing will be of particular value to the soldier. "If a man has nerve enough to stand up and box, he'll have nerve enough to slip it to a German with a bayonet," Ritchie said.

"If a man is light on his toes, quick at dodging and alert every minute, he will land a bayonet as quickly with a bayonet as with his fists."

Students Are Drilling.
MISSOULA, Mont., Nov. 9.—Students at the State University of Montana here are drilling regularly in military drill squads. An officers' evening study class has been organized.

Chamberlain Under Fire.
ALBANY, Ore., Nov. 8.—After Traffic Officer Armentrout had punctured a tire with a revolver shot, the automobile in which United States Senator was riding was stopped here shortly before noon today for alleged violation of the city speed laws.

The car was driven by Alfred C. Schmitt, vice president and manager of the First National Bank of Albany, and besides Senator and Mrs. Chamberlain, several prominent local residents were guests in the auto.

I. W. W. Makes Trouble.
NORTH BEND, Ore., Nov. 8.—The threat of Organizer Crozier last Saturday that Coos Bay would soon have cause to remember the I. W. W. was recalled today when the big saw at the North Bend mill came into contact with a length of iron pipe which had been driven into a spruce log.

The saw was badly shattered, but fortunately none of the mill hands were struck by flying pieces.

PORTO-RICO DRAWS FOR DRAFT.
From Numbers Selected 12,854 Men Are to Be Called.

SAN JUAN, Porto Rico, Nov. 7.—The drawing of numbers to determine the order in which the men registered for military service shall be called to fill Porto Rico's quota was held today in the Municipal theater. From the numbers selected 12,854 men are to be called.

COMPLAINT ALMOST GONE.
"Foley's Honey and Tar is great," writes L. W. Day, 45 Campbell Ave., Detroit, Mich. "It relieves bronchitis quickly. My complaint has almost gone and I hope never to have it again." The experience of thousands proves there is no better remedy for coughs, colds or croup. The genuine costs no more than substitutes, and this old reliable family cough medicine should be in every home every winter. Insist on Foley's Honey and Tar—time tried and never failing.—Adv.

IN SANITARIUM THREE WEEKS.
 Splendid results in the relief of kidney and bladder troubles are being achieved by Foley Kidney Pills. Mrs. Effie E. Kleppe, Averill, Minn., writes: "I was at Fargo sanitarium for three weeks at one time and two weeks another time for rheumatism and kidney trouble and got no relief. On my return home I began using Foley Kidney Pills and found immediate relief. A bottle completed the cure." They take away the aches and pains, strengthen weak backs, drive out stiffness and soreness—and relieve bladder troubles, too.

SPLENDID VALUES ALWAYS

Spend those hard earned dollars where quality merchandise can be had for a reasonable price. HUNDREDS DO EVERY DAY. If you have passed our store during the past weeks you would of said: "My! what a crowd." The answer is: The best merchandise in town, all sold on a very small margin. You don't pay for the losses incurred by a store doing a credit business. That's all.

YOU CAN DO BETTER AT

WE LEAD. OTHERS FOLLOW.

Be sure of your ground before you start to build upon it.

Corns Lift Off

Doesn't hurt a bit to lift any corn or callus off with fingers.

No humbug! You truly can lift off every hard corn, soft corn or corn between the toes, as well as hard calluses on bottom of feet without one bit of pain.

A genius of Cincinnati discovered freezone. It is an ether compound and tiny bottles of this magic fluid can now be had at any drug store for a few cents.

Apply several drops of this freezone upon a tender, aching corn or callus. Instantly all soreness disappears and shortly you will find the corn or callus so shriveled and loose that you can lift it off with the fingers. You feel no pain while applying freezone or afterwards.

Just think! No more corns or calluses to torture you and they go without causing one twinge of pain or soreness.

Ladies! Keep a tiny bottle of freezone on the dresser and never let a corn or callus ache twice.

INDIVIDUALITY BULGES

FROM EVERY LINE of the COATS, SUITS, DRESSES, SKIRTS and BLOUSES

I have some good stock ranches left, with or without stock.

E. T. WADE, Pendleton, Ore.

LIGHT MEANS OPTIMISM, SAYS ELECTRIC MAGNATE

Henry L. Doherty, known the country over as a financier, believes electric lighted signs make for optimism, and that they should not be taken down from the theaters and restaurants of American cities, because of war economy. He said at a meeting of the swain club.

"Every war is more or less a problem in psychology. The present war is bound to be very largely one of psychology. The confidence, or lack of confidence on the part of the various opponents may prove in the end to be the determining factor. Light inspires optimism, light attracts, everything animate, from bugs to men. Curtail sign lighting throughout our American cities, and as you substitute darkness for light, you encourage pessimism rather than optimism."

WILLYS-KNIGHT

The Willys-Knights are value pre-eminent because they share proportionately in the economies of our vast production of a complete line of cars.

It will serve you years longer—thousands of miles further—than any other type of motor.

And it is the only motor known that does its best work in its old age, after putting all rivals to rout in its youth.

See us now about your new Willys-Knight and avoid the possibility of delayed delivery during the fall rush.
