## JUDITH BASIN FARMS

The Judith Basin District in Montana, is considered the best farming district in the State. Many people have become prosperous because of the fertility of its soil, and wonderful opportunities still exist for people who will take advantage of them and buy land before it takes another BIG JUMP in value.

I have good farms, fenced, broken and seeded to winter wheat, in the JUDITH BASIN, selling from \$60.00 to \$100 an acre. Can you beat it?

Have also cheaper lands in Montana, ranging from \$5.00 an acre and up, and in tracts of almost any size desired.

NOW IS THE TIME TO BUY. Make a small payment and let the land do the rest.

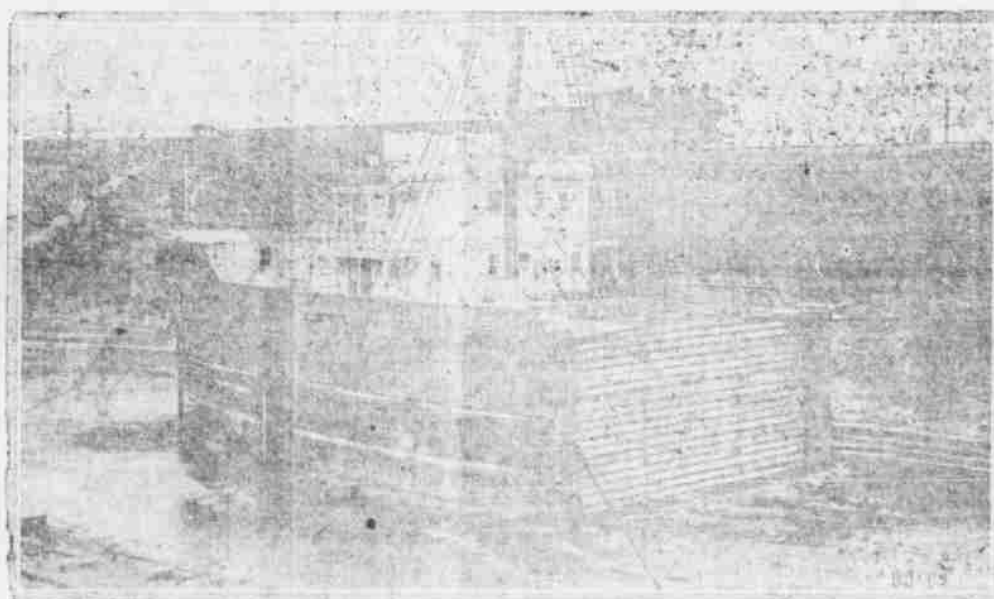

Do you want Pendleton city property, farm lands in this County, unbroken land or farming outfits?

COME IN AND SEE ME.
