

If You are Patriotic Read This Carefully

The Red Cross Society Needs Your Membership

It is calling for 30,000,000 members in the nation.

Umatilla County's apportionment is 7,500,

Pendleton must provide 3,000, more than the total adult population, so every man and woman and many children must meet this obligation.

Our country is at its moment of greatest peril.

Will anyone fail to make this small sacrifice in behalf of the wounded, sick and suffering at Christmas Time?

Our boys are giving their all, joyfully.

Will you show enough interest in their sacrifices to join the great society that cares for them when in distress, sick and wounded,

The annual membership costs you only \$1.00.

It is a great task for committees to call upon all in so short a time, so make it easy for them by talking it over in your homes.

Have your minds made up.

Have your dollars ready.

Some one will come to you for your membership between the 17th and 25th.

A group of Patriotic Pendleton Citizens have agreed to purchase a membership for every adult person in Umatilla County who can give a valid reason for not taking a membership.
